This is the first volume of *The Dragonfly Songbooks:1001 Songs* and contains books 1-8 and songs 1-200.

The songbooks have been organised into 5 volumes, each volume containing 8 books and about 200 hundred songs. Volume One contains songs 1-200, Volume Two has songs 201-400, Volume Three has songs 401-600, Volume Four has songs 601-800 and finally Volume Five has songs 800-1001.

These 1001 songs were selected from songs written between 1976 and 2022. However, the songs are not ordered by time. Rather, they have been grouped somewhat randomly. So, you may find very early songs mixed in with much later ones. The songs have also undergone a fair amount of editing over the last few years (2022-2023). In some cases, the lyrics have changed quite a lot from their original form. Even now, some songs tend to be a state of flux and might change with further editing, particularly as music is added.

The collection is intended as a source of raw lyrical material for musicians. Most musicians I have worked with, like the words printed on a single page with space for annotating chords and other notes close to the words. As much as possible I've tried to allow space for making these notes, while still trying to fit each song onto a single page.

I tend to write the words to a particular rhythm and phrasing so they will scan to some music in my own mind. However, when I work with musicians the words may change to suit the structure and feel of the final musical style. Some lyrics need more careful structure, especially if you are working to a precise melody and need consistent emphasis at some place in a line. Some styles seem to support more variation in word structure. The 'feel' of the song is always critical and the music and words may need to adapt with each other to get the best result.

So, it is certainly not unusual for the words to change as the music is written. For example, the rhythm, melody and even speed of the song can impact on the way the words scan. In most cases these words have already been through many editing phases and should be ready for music. In some cases, the words might benefit from further edits to better complement the music. If you can find me, I'm happy to try and help in this process.

In general, the songs are not autobiographical, at least not in a particularly honest way. They are a product of imagination and a lot of poetic licence. While the words may have some basis in the real world, my song-writing process involves a good deal of make-believe. For each song I will adopt whatever persona seems to suit the idea behind the words and the feel of the song. I would certainly never let reality get in the way of a good line. While some songs do contain parts of me, I'm more the sum of all the parts you will find here.

For me, the words tend to happen when I have a sudden shift to an opposite viewpoint. The six main things that tend to cause this shift I call my six muses. They are Sky, Sea, Heart, Soul, Time, and Place. These elements often cause a change of perspective in me. So, you may find these six elements recurring across the collection. You will no doubt find other recurring patterns and themes.

Please provide appropriate attribution if you decide to use the words in one of your own projects. Personally, I think creativity works best when it's fun. Fine tuning, and final production of a song can be a bit of hard work but hopefully it remains fun. Again, I'm happy to help if you can find me. Anyway, I hope you enjoy the words and find them useful. Most of all, have fun!

1. Weathering The Storm

End of day
Light's gonna fade
And something's messed your hair
Might be the wind of change, babe!
Has nobody told you?
Everything's turns faster
When you're running along on the
Deep edge of disaster

Since the day that we were born
We've been weathering the storm
We've been seeking out a flame
Finding shelter from the rain
Since the day that we were born
We've been weathering the storm

No moon night
Bitter-sweet shade
Don't sink into the shadows
Maybe I'm your last chance, babe!
Has somebody told you?
Only danger, totally
When you're starrng with me in
A little love tragedy

A thunder clap!
You feel afraid?
The dark skies inspire chaos
A biblical tempest, hey babe
Fortune teller told you
There would always be
Another misadventure
Travelling the road with me

2. Mad Already

Circuit disconnected
No power getting through
The clock has stopped at midnight
And there's nothing I can do

Sleep is like an enemy
I'm racing in my mind
Pockets full of nothing
Handfuls of broken time

I ride a wave of consequence
Pretend I'm standing steady
I'd like to just go crazy
But I'm pretty mad already

Petty tyrants gathering
Dusty shelves of paper
Their recipes of policy turn
Common sense to vapour

I'm running in a marathon
another hill to climb
Pockets full of nothing
Handfuls of broken time

Traits of the warrior
But patience is my skill
And discipline, control
And my timing and my will

Race is almost over
I can't get across the line
Pockets full of nothing
Handfuls of broken time

3. Flames and Firestorms

I heard an angel call
From below
Not from above
The precious gift she left me
Was the bitter sweetness
Of her love

How careless is the wind
To go and mess your hair
I like you wild and crazy
So who I am to care

How senseless are the fates?
As aimless as the sky
Bringing us together
Then letting us pass by

I heard an angel call
From below
Not from above
The precious gift she left me
Was the bitter sweetness
Of her love

How ruthless is the cold rain
to try and hide our tears?
Heartless in its pity
As the thunder reappears

Lightning's kind of pretty!
Days have come and gone
Everything disappears
In flames and firestorms

I heard an angel call
From below
Not from above
The precious gift she left me
Was the bitter sweetness
Of her love

4. Cotton Candy Kiss

Love's venom, poison sweet
Shake your rattlesnake hips
Bite me quick and kiss me
With your cotton candy lips

The lights are bright
Where the rainbows blur
But every alley hides a danger
Where secrets could occur

The night shadows shift
There's a faint night cry
I hunger with a hope
While the river runs by and by

Where the heartbeats skip
And the odd ones miss
I taste sugar on my teeth
From your cotton candy kiss

The barker tempts me
Into the snake girl's tent
You want to ride the carousel
Until all the money's spent

Underneath the summer's night
I never felt so young
When Ice cream drips unto your hand
I lick it with my tongue

Faded days of the carnival
Jaded dreams of sleep
I hunger with a hope
While the river runs deep and deep

Where the heartbeats skip
And the odd ones miss
I taste sugar on my teeth
From your cotton candy kiss

5. Big Blue Sky

Down on the street
Where the birds go cheap
The hope fades fast
And the shadows creep

The black ice stains
On the urban sprawl
Six-pointed ice
Of the white snow fall

It's twice for the trouble
And the cold far cry
Everything's double
With the old crossed eye

Swim with the flutter kick
Do the front crawl
Not sinking too deep
In the all-in-all

In the secret keep
Where the memories deep
Lives one more dream
That I want to sleep

For I sometimes see
With a clear third eye
A big blue sea
And a big blue sky

6. Sky And Sea

I asked, "When would you love me?"
You said, "Love lasts for all of time"
I asked, "When would you see me?"
You told me, "Love is blind"

Then I have just one more question
When will you be mine?
Then I have just one more question
When will you be mine?

So open and unending
without likeness, kind or peer
So like the poet's riddles
so cloudy, now so clear
Thus, I named you Sky
And if it chanced
That I had wings
I know where I would fly

I asked, "If you grow tired of me?"
You said, "Love will always bind."
I asked, "Why do you hurt me?"
You told me, "Love is kind."

Then I have just one more question
When will you be mine?
Then I have just one more question
When will you be mine?

Inviting yet forbidding
Bitter cool, now warm, now sweet
So like the poet's riddles
So shallow, now so deep
Thus, I named you Sea
And if it chanced
That I grew fins
I know where I'd swim free

I asked, "What if I lose you?"
You said, "Love is something that we find."
I asked, "Should someone steal you?"
You told me, "Love's no crime."

Then I have just one more question
When will you be mine?
Then I have just one more question
When will you be mine?

7. Femme Fatale

Like the flower draws the butterfly
 Your beauty draws my wandering eye
 My final fling
 My fatal flaw
 My last hurrah
 Aargh, my femme fatale
 Aargh, my femme fatale

Ever are the tears of sadness
 Like ever is the sky above
 Ever is there reason in a madness
 Like ever is there madness in a love

Aargh, my femme fatale

Undressed
 Your hair messed
 A warm bird in a soft nest
 Lips wet like a temptress
 My final fling
 My fatal flaw
 My last hurrah
 Aargh, my femme fatale
 Aargh, my femme fatale

Ever are the joys of gladness
 Like ever is the moon above
 Ever is there reason in a madness
 Like ever is there madness in a love

Aargh, my femme fatale
 Aargh, my femme fatale

Ever is the moon up in
 The sky that is above
 Ever are the joys and tears
 The reason in a madness in a love
 Ever are the joys and tears
 The madness in a reason in a love

My final fling
 My fatal flaw
 My last hurrah
 Aargh, my femme fatale
 Aargh, my femme fatale

Let the flower tempt the butterfly
 Let your beauty tempt my wandering eye
 My final fling
 My fatal flaw
 My last hurrah
 Aargh, my femme fatale
 Aargh, my femme fatale

8. Black Swamp Road

The truck sits rusting where it got towed
The grass grew long since I last mowed
The paint peeled slow
I watched it go
From the front porch
At Black Swamp Road

Been so long since the south creek flowed
The topsoil left when the west wind blowed
My time ticked so
I watched it go
From the front porch
At Black Swamp Road

Come a few dawns since the cock last crowed
Such a long time since the seed got sowed
My sun sank low
I watched it go
From the front porch
At Black Swamp Road

There's too many things that I got owed
And so many places that I ain't knowed
My day left woe
I watched it go
From the front porch
At Black Swamp Road

The fire went cold where it once glowed
Been no high since I plateaued
The world waned slow
I watched it go
From the front porch
At Black Swamp Road

Yeah I'm stuck in survival mode
The letters don't come with no postcode
My race ran so
I watched it go
From the front porch
At Black Swamp Road

From too much work my back got bowed
Too many years with this heavy load
My heart went low
I watched it go
From the front porch
At Black Swamp Road

One day I'll croak like the old horned toad
My grave will bear this weary ode
My life was woe
I watched it go
From the front porch
At Black Swamp Road

9. Time Begins

My worldly journey all in chaos
I was thrown from side to side
I was moving faster but
I began to love the ride

Up on the hill they say
Where time and tide collide
I was still one day before
You were by my side

The day before I met you
But I didn't know that then
I was up where time begins
And wondering where it ends

They say this is where time begins
While you're living in today I guess
Tomorrow just descends
So this is where the time begins
So I wonder where it ends

Four and one half billion years ago
They say that time began
The hourglass for our universe
began to seep its sand

The scientists keep measuring
It's nice to have a date
But it's a number bigger
Than I care to contemplate

If your collecting bits of data
There's one that you might send
For I'd rather know the date
When the time is due to end

10. Lovesick Look

You got a thing about time
Want to wait for the end
Until everything's not
And there's something cool
About a heat seeking missile
And you know that you're hot

You question the sky
Interrogate the moon
Write a poem in a book
You've got that lovesick look
I already told you
I'll be seeing your soon

You got a thing about space
Want to try to move fast
Find a rocket for hire
And there's something cool
About the end of it all
That last glow of star fire

You got a thing about me
Give me time and some space
Some room to go mad
And there's nothing wrong
With me being happy
Or falling down and feeling sad

11. Good Feel

The day it waves the moon goodbye
The night has gone away
Getting a good feel for the day
Oh cool down in the water blue
Waves of summer coming through
Give me that good feel for the way

Hey I wanna say
Got a good feel
Got a real good feeling for the day
Got a real good feeling for the day

The sun it waves the storm goodbye
The rain has gone away
Getting a good feel for the day
Oh the sky is gonna be so blue
Birds will wanna sing for you
Give you that good feel for the way

You will never ever say goodbye
I know you want to stay
Getting a good feel for the day
Oh you never ever make me blue
Your smile and all the things you do
Give me that good feel for the way

12. Rainmaker

Changes in the atmosphere
The weatherman
Foresees the sign of rains
Rainmaker I feel ready
Time to bring the change

The mirror shows a madman
There's a tension in my skin
Movement in the atmosphere
Don't tell me it's the wind

But I will make it - it's OK
If I can just avoid
More supernatural incidents
The lure of strange coincidence
The bitter luck of chance
A thousand ghosts of feeling
And this melancholy dance

I'm tired of petty politics
Crude terrestrials
In governance
I'm deeply troubled by my
Own celestial-made covenants

The nervous twitching insects
Are scratching on my mind
With their numbing itching needs
And their hunger for my time

13. Devil At The Crossroads

You and I have been drinking red wine
The preacher says a sin
But you and wine's as good as anything
I know to do me in

She says, I look tired
She laughs, she's getting out the rope
She says, she's only kidding
But I guess, I missed the joke

Receive me on the lonely lane
Down by the reservoir
You might meet the devil
At the crossroads
But sometimes
You haven't got to go that far!

You might meet the devil
At the crossroads
But sometimes
You haven't got to go that far!

You need to make your peace
And your confession's overdue
There are times in every evil hour
Find your knees, any god will do

Break one more commandment
It's holy hour and the sun will bring a dawn
Everyone is feeling sad
But no-one's gonna mourn

Now she says she's gonna eat me
Oh now wouldn't that be nice
I guess she wants me served up like
her human sacrifice

She'll never get to Heaven
Oh no, she hasn't got a hope
And the pits of Hell are opening
And she's sliding down the slope

14. Love's Amputee

You pat the dog
 Goodbye Rover
 Pack your bags
 Say it's over
 Your words like sticks
 Your words like stones
 Breaks my soul
 My lonely bones
 You say "Stand tall
 Go away, again begin."
 I'm falling down
 I'm caving in

For where do I start?
 Walk away
 Don't smile at me
 I'm as sad as I can be

Well goodness me
 Love's amputee
 You cut out my heart

Well goodness me
 Love's amputee
 You cut out my heart.

You walk away
 And wave and cry
 It made me sad
 Just say goodbye
 Your world is wide
 The world you roam
 Breaks the peace
 My lonely home
 You say "Hold on"
 Don't know where I should begin
 I'm laying down
 I'm giving in

My picture's sad
 A thousand words
 Lay quiet here
 They can't be heard
 Your picture laughs
 In coloured tones
 Breaks my sleep
 My lonely zones
 You say "Forget"
 How can I go, then begin?
 I'm feeling down
 I'm all done in

15. Reptilian Beast

I don't know about love
The higher emotions
I don't ever cry tears
I haven't evolved
For a million or so years

I'm primitive baby
I breathe and my heart beats
But that isn't it all
I hunt and I mate
I come when you call

I sun-baked on a rock
Saw you coming
Stuck my tongue out
For a little bug feast
I'm aggressive
I'm instinctive
I'm your Reptilian Beast

If I fear, then I survive
Everything's a ritual
It's flight or it is fight
Warm out by the day
And cold in by the night

I hoard and I collect
I seek to be content
My desire dominates
I hunger by my nature
By love or by hate

I don't know about love
The higher emotions
I don't ever cry tears
I haven't evolved
For a million or so years

I'm primitive baby
I breathe and my heart beats
But that isn't it all
I hunt and I mate
I come when you call

16. Sugar Hands

Got the busy bees all
A buzzing through my mind
And I don't even sleep
When my body gets reclined

You make a little love
And you make a little money
I like it when you touch me
With your sugar hands, honey

Searching for a something
That's kind hard to find
I'm reckless and I'm dangerous
So totally love inclined

You make a little love
And you make a little money
I like it when you touch me
With your sugar hands, honey

If I lead you into love
it's the blind leading the blind
I'm anxious and I'm eager
but I'm not particularly refined

You make a little love
and you make a little money
I like it when you touch me
With your sugar hands, honey

Come on touch me
with your sugar hands, honey!
I like it!
I like it!
When you touch me
With your sugar hands, honey

17. Heartbreak

I couldn't see the forest
No not even for the trees
And wouldn't you know it
In the name of progress
All the trees got cleared
Just like the girl I love
Who simply disappeared
Everything else is the same
But it really, really feels weird

I got that love pain
I kind of feel ill
Barman mix me a potion
I'm feeling it still

I'm not gonna bend
I'm just gonna break
so give me a pill
for the heart ache

I need it right now
I'm not gonna wait
so give me a pill
for the heartbreak

My gears won't engage
Broken teeth on the sprocket
You disappeared from my life
In the smoke and the noise
Like a runaway rocket
I keep my head to the wind
Cold hands in my pocket
Your picture stuck in my heart
Like a wish in a locket

18. Faithless Kiss

When I was young I went to search the world
I looked and I looked and found the prettiest girl
But the truth is this
I fell for a woman with a faithless kiss

The balance of emotion and of reason got tipped
She smiled and she leaned in and my lips met lips
But the truth is this
I fell for a woman with a faithless kiss

I was the happiest man to ever sing
I begged and I borrowed and I bought her a ring
But the truth is this
I fell for a woman with a faithless kiss

I thought from that day that she would be mine
But her love never stood oh that test of time
For the truth is this
I fell for a woman with a faithless kiss

Now I'm the saddest man to walk this town
And there's no way up when you're so low down
For the truth is this
I fell for a woman with a faithless kiss

Now she's a memory, a memory that's passed
I think of the fate of the things that don't last
The one thing I miss
I miss that woman with her faithless kiss

19. Stories

Our lives chance to meet
By the old wishing well
Two enchanted strangers
With stories to tell

We play cloak and dagger
And underworld spies
As we colour in stories
Of our picture book lives

Where do I begin
This story of mine?
The first love
The first kiss
The very first time?
Where do I start?
My first love
My first kiss
My first broken heart?

We plan now to meet
Where the last star fell
Two enchanted lovers
Caught under a spell

We play readers and writers
Under dark milky skies
As we colour in stories
Of our picture book lives

We lie in a dark room
Of the old beach hotel
Two enchanted dancers
Where the last songs dwell

We play friends and lovers
And watch the sun rise
As we colour in stories
Of our picture book lives.

20. Trying Too Much

Oh something in your smile
It just kind of attracts
My heart beats again
Oh the rate it contracts
I can't recall to forget
Or even less to relax

You got me talking to god
On a hope and a prayer
Sinking, light in the head
I know you don't care
It's a little like drowning
Or breathing thin air

You're acting in love
It's a pretty good act
You flutter your eyes
It's a pretty nice touch
As a matter of fact
I'm wondering
If you're trying too much

On the floor by my bed
Are your left artifacts
The glow of new day
Come sneaking through cracks
Bends around you as
The wave front diffracts

You got me forgetting
All my wear and my tear
I can't find my words
I guess it's hard to compare
It's a little like flying
Or walking on air

21. Danger Like You

I've been cursed by a witch's spell
I've been chased by the hounds of hell
I've travelled winds for a pirate's treasure
I've sold my soul for the sweetest pleasure

I've been scared by love it's true
But I've never found a danger like you
Never found a danger like you

I've climbed to the top of the mountains peak
I've hung to the cliff as my arms grew weak
I've flown to the clouds in a paper plane
I've roasted my soul in the devil's flame

I've walked the jungles where the wild beasts roar
I've scaled high places where the eagles soar
I've been wrecked on a ship by an ocean's wave
I've slept in a crypt on a dead man's grave

I've been haunted by a ghost with a deadly scream
I've been woken in the dark by a nightmare dream
I've stood in the fields where the thunder stormed
I've travelled my soul through the darkest dawn

22. Half a Moon

I'll sit awhile
And contemplate
The nice deeds
Tallied to my slate
The bell tolls sweet
With the old alarms
The black birds stand
On the scarecrow's arms

Days are stealing night
Taking them too soon
I lost you
In the afternoon
I'm half a mind to just come back
In maybe half a moon

The world can be unkind
Do I have to remind you?
There are dangers
In the wild of time

But I guess danger's just
A frame of mind
And if it's danger that you seek
Then it's danger you will find
Because there's dangers
In the wild of time

I'll think some more
Reflect on fate
How good things come
To those who wait
The bell tolls sweet
With the old alarms
The black birds cry
On the scarecrow's arms

Our paths diverge
And alternate
I just breath quiet
And meditate
The bell tolls sweet
With the old alarms
The black birds fly
From the scarecrow's arms

23. Recollections

My head lies heavy
On this pillow of feather
My eyes water from the glare
Of your memory
Recollections of our
Misspent time
Together

The skies water with the rain
There's a change in the weather
My head lies heavy, with
Recollections of our
Misspent time
Together

I say goodbye to the night
But the night stays on
I read to the lamp light
But the story is gone
My thoughts run so deep
I won't stop where they run
I want to welcome the sleep
But the sleep will not come

I can't look out the window
I just stare at the walls
My thoughts go around
And your voice still calls
I dream of a next day
But the dream just stalls
The traffic slows down
Until a quietness falls

24. High Command

I'm tired
I should go and lie down
Lie down on my bed
It's late, I'm tired
I'm waiting on the moonlight
Drawing pictures in my head

Let's talk about tomorrow
Like some promised land
Waiting for direction
From the high command
While everything goes
Slipping through our fingers
Like a hand of sand

Our dreams are afloat
In the half shadows skies
A picture is forming
In the land behind eyes

The words in our soul
The pains in our heart
We suffer alone
For the curse of our art

Let's talk about tomorrow
Like some promised land
Waiting for direction
From the high command
While everything goes
Slipping through our fingers
Like a hand of sand

The sway of our moods
And the wave of the seas
Our thoughts in the winds
All scattered by breeze

Curse our misfortunes
The rain's going to pour
There's a make-believe world
And never no more

Let's talk about tomorrow
Like some promised land
Waiting for direction
From the high command
While everything goes
Slipping through our fingers
Like a hand of sand

I'm tired
I should go and lie down
Lie down on my bed
It's late, I'm tired
I'm waiting on the moonlight
Drawing pictures in my head

25. Idiom Girl

Like two more ships
That pass this night
It's always darkest
Before the light
I took a knife
To the old gun fight
My cup's half full
But it will be all right

You rule my world
My idiom girl

And I get so close
But it's no cigar
Like every bridge
Is a bridge too far
Look in every dream
And there you are
Like another wish
On a falling star

You rule my world
My idiom girl

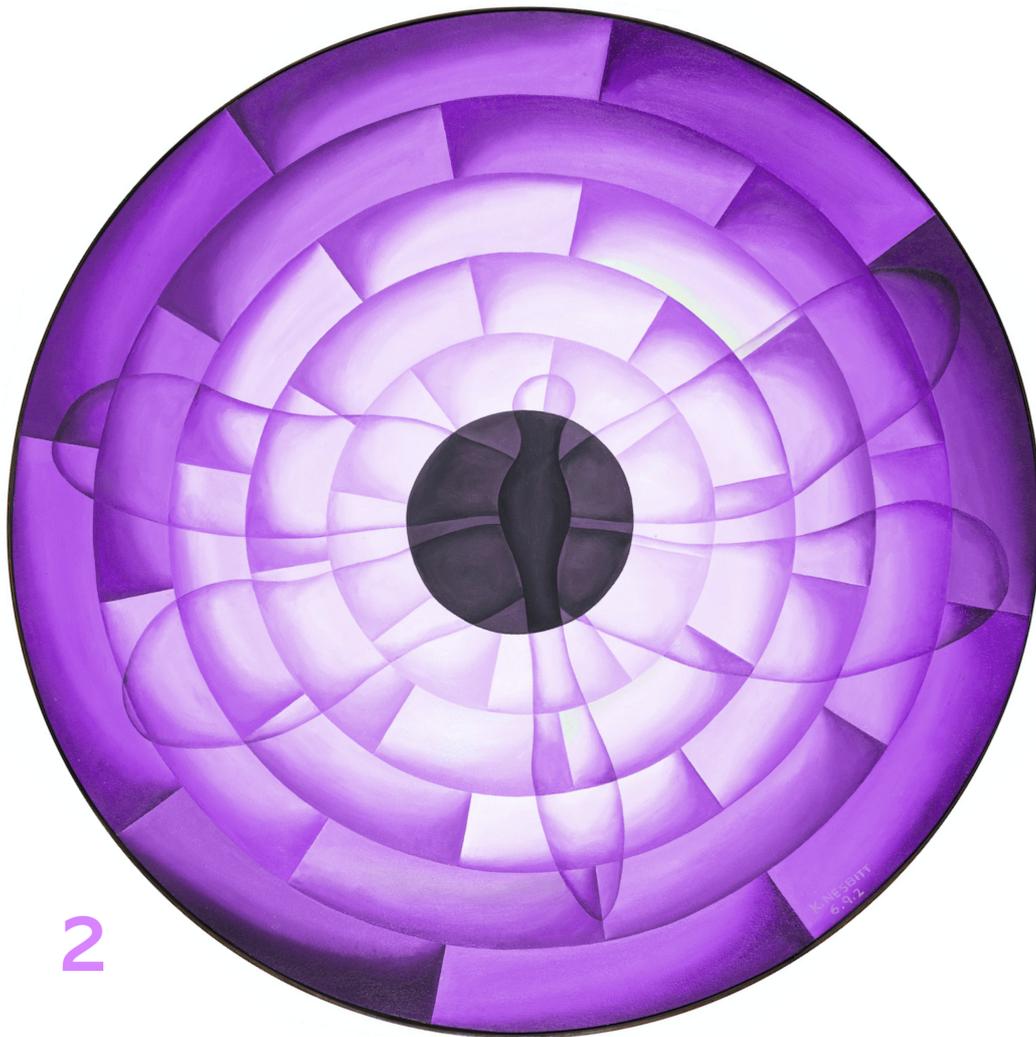

I'd flog a dead horse
Until it's done
Gonna fly too close
To the red-hot sun
I'll get a good start
If I jump the gun
And I'll run my race
Until the race is run

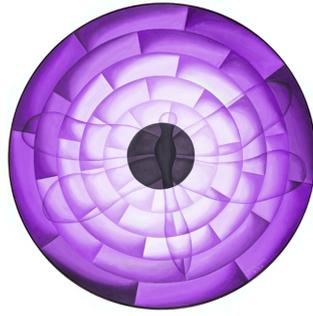

You rule my world
My idiom girl

A bird in the hand's
worth one wild pair
But Jimmy crack corn
And I don't care
Cause someone said
That life's not fair
But I'll cross that bridge
When I get there

You rule my world
My idiom girl

26. Tarot Card Reader

Oh lord, caste the angels out
Use the six of swords
Go and find tranquillity
I'll try to not get bored

My heart's a little wounded
Love's sweet razor wire scars
So much for the concept
Of good old binary stars

You're a cutter
I'm a bleeder
Oh damn
I never should have listened
To my
Tarot card reader

Sure put me as a reference
Update your love CV
While I unfold my own reality
Not packaged for TV

Hey you think there's fortune
Fortune in a card
You might have your every wish
If you don't wish too hard

I can't hang around
You think I got all day
Wasting money on a phone call
When there's nothing much to say

Your message in an envelope
It said I overstayed
You left it like a gift
From the parking meter maid

27. Ice And Whiskey Blues

I said something it upset her
I couldn't make it better
She was touchy when I met her
Anyway

She was swimming in a sweater
She was sinking as it wet her
She was breathing when I left her
Anyway

Tell your mamma I've gone rotten
Tell her anything you choose
Tell her I'm too dangerous
Got nothing left to lose
Tell her anything cause
Nothing much is news
Why not tell her I've been sinking
Into ice and whiskey blues
Why not tell her I've been sinking
Into ice and whiskey blues

She was panting like a setter
She was good but I'd had better
She was crazy when I met her
Anyway

I got a text, it said forget her
If she leaves then I will let her
She was damaged when I met her
Anyway

She was begging like a beggar
She was wet but I'd had wetter
And I didn't want to pet her
Anyway

So I sent an open letter
Said goodbye I don't regret her
And I didn't really get her
Anyway

28. Demon Core

It's the fundamental principle
 Of ultimate decay
 The price is all eternity
 And someone has to pay
 It's zero Arizona
 A sun is on the floor
 It's a test of character
 But everyone is flawed
 Pushing back at nature's law
 Holding back the demon core
 Holding back the demon core

It's future shock and solar burns
 It's you
 And everything
 There's no returns
 It's who cares
 How the game is scored
 It's counting down
 To peace by war
 Holding back the demon core
 Holding back the demon core

It's the fatal frequency
 When particles collide
 Another roll for randomness
 And let the luck decide
 It's quiet a bang
 A slamming door
 The last song of
 The troubadour
 Pushing back at nature's law
 Holding back the demon core
 Holding back the demon core

It's the same old lesson
 Nobody ever learns
 It will be altogether
 I'm tired of taking turns
 Everyone can turn and run
 There's no escaping door
 Pointer flicks to critical
 And redlines to the floor
 Pushing back at nature's law
 Holding back the demon core
 Holding back the demon core

It's a zero Arizona
 And a sun down on the floor
 It's a test of character
 But everyone is flawed
 Holding back the demon core

Pointer flicks to critical
 And redlines to the floor
 Another pointless argument
 And no escaping door
 Holding back the demon core

Its escalating peace by war
 Who cares how the game is scored
 A final nod to old folk lore
 The last chord of the troubadour
 Pushing back at nature's law
 Holding back the demon core
 Holding back the demon core
 Holding back the demon core

Blow the hell to kingdom come
 And here to nevermore
 Blow the hell to kingdom come
 And here to nevermore

Holding back the demon core
 Holding back the demon core
 Holding back the demon core

29. It Came From Outer Space

The ruins of ancient history
Tell tales of fallen glories
Shards of memory are buried
Where the archaeologists will dig
The future's full of mystery
Full of strange astounding stories
It's too hard to tell infinity
From something very big

There's a picture on my wall
Where the sun is always rising
There's always been a new day
When I see the night sky again
I have to make myself remember
The stars are very far away

The physicists are telling me
That time and space can bend
You find yourself imagining
Some guy's cat that could be dead
The marketers are selling me
it's time to buy and spend
Get something they are fashioning
That's gonna fix my head

A meteor it lit the sky
It fell down to earth
It travelled fast
A whirring sound
It landed by our place
A frightening, large explosion
When it smashed into the ground
The scientists they gathered round
Concern was on their face
And finally, I heard them say
"It came from outer space!"

(Who'd have thought it hey?)

30. Paint By Numbers

Your picture's in the dreams
that are drawn across my slumbers
Like we are held by fate
And I just paint by numbers
Let us claim these chains of time
Kiss me light
Like moonlight on the water shines
Lay your heart's beat next to mine

There's moonlight on the water now
And sleep's a ship on storm-wrecked seas
There's a vision to my eye
While I toss and turn
With a sad and soundless sigh
Sick from this disease

There's safe shelter to the west
But fate's an errant breeze
Blows me straight towards your thunder
That booms like doom in the eastern sky

Wake the shadows that sleep
In their rooms like tombs
Far where the west hills lie

There's moonlight on the water now
And sleep's a rest on calm stilled seas
There's a hood across my eye
Sleep waves lick and lap
With a soft and solemn sigh
Lay me here with ease

There's a storm out to the east
But the fate's are hard to please
So let me rest far from your thunder
With moon's light gloom in the western sky

Wait for the dawn's slow creep
For it looms light soon
Out where the east clouds fly

31. Vagabond Rags

Your coachman is waiting
The ponies are prancing
So throw on your vagabond rags
So we can go dancing

The world's only bluffing
So it's no time for folding
There's an ace in my hand
That I'm still keen on holding
And the dice may be loaded
But the dice are still rolling
You make me feel lucky
And the future's unfolding

And everything burns
In the glow of white heat
Gets consumed by the fire
When those true hearts meet

And our fires are raging
There's that ring of alarms
And I'm thinking of chancing
A night in your arms

There's a light in your eye
I caught you there winking
The starry night stars
Are so bright and still blinking
I'm filled up with feeling
Gone full empty on thinking
But I'll get you home when the
Moon's done with sinking

When they talk of lovers
Don't they talk so sweet
True love will last forever
Or to the last heartbeat

There's power and magic
In your mythical charms
And I'm thinking of chancing
A night in your arms

32. Common Tragedy

Are you my fortune teller?
 Well wouldn't that be rather strange
 But I can't foretell the weather
 Though I know how to make it change
 Grim you grin
 As happy as some undertaker
 Aren't you glad to meet me
 The call me the change maker

And are you my fortune teller?
 With all your prophecies forlorn
 Look, white clouds fly across the blue
 Chased before the storm
 Looks like, more trouble up above
 I think you said
 There's no more
 Common tragedy than love

The fortune teller and the change maker
 Hey wouldn't that be fun?
 We could chase the future
 But who would make the changes
 If that knew what would become?
 The fortune teller and the change maker
 That wouldn't make no sense
 No to chase the future
 You need to close your eyes
 And damn the consequence

You counted twenty-three ships
 Lying on the sea
 Waiting for the future
 As far as you could see
 Against their metal hulks you see
 The angry waves get torn
 Would they make the harbour
 Or must they ride the storm?
 Dark clouds on horizon
 Looks like, more trouble up above
 I have to agree with you
 There's no more
 Common tragedy than love

I see familiar patterns in my thoughts
 A kaleidoscope of feelings
 Somehow they arrange
 Until every day's predictable
 Or somehow seems the same
 I don't want to know tomorrow
 It scares me rather sane
 Until there's nothing left for me to do
 But to fight to make the change

And are you my fortune teller?
 With all your prophecies, forlorn
 Look, white clouds fly across the blue
 Chased before the storm
 Looks like, more trouble up above
 I think there's no more
 Common tragedy than love
 I doubt there's anymore
 Common tragedy than love

33. Ten To One

Pack my flying ship
Not all journeys have return
Count down by the numbers
Light the fuel and let it burn

When fighting gravity
The take-off time is slow
It's rocked by violent forces
And vibrations' vertigo

Strap me in
Count me down
Ten to one
I don't want to
Stay around
Shoot me to the sun
In smoke and flame
And roaring sound
Like a bullet from a gun

Now the pitch is rising
Hear the thunder sound
I think we have some lift off
And we're leaving solid ground

Another restless traveller
Did you wave me flying past
Accelerating destiny
And flying by so fast

While quietly something distant
Filters its way through
Waves aligning my attention
Maybe it's just a thought from you

Across the lightless vacuum
Where the asteroids are home
And the space is scratched by blackness
Like the crypts and catacombs

I'm sleep-rocked by the motion
But I'm not tired by night
In my flying ship, I journey
Across one more year of light

Keeping company with silence
And whatever pictures I can make
From the outer sense of innocence
Of the journey we all take

34. Hold My Soul

Hold my soul, Hold my soul
Hold my soul so deep
Wrap your gentle arms
Around me while I sleep

Oh the night, Oh the night
How these hours creep
How I dream awake
Oh nightly in the seas of sleep
Rock me in your arms
In your arms, in your arms
Oh so sweet

Hold my soul, Hold my soul
Hold my soul so deep
Wrap your gentle arms
Around me while I sleep

Oh the day, Oh the day
How those hours leap
How I walk asleep
Daily all your thoughts I keep
Take me in your arms
In your arms, in your arms
When we meet

Hold my soul, Hold my soul
Hold my soul so deep
Wrap your gentle arms
Around me while I sleep

Oh the moon, Oh the moon
How the moonbeams leak
In my dreams like ghosts
Spirits of the silence we speak
You lay quiet on my arms
On my arms, on my arms
Oh so weak

35. Stay Forever

I'd like to take you home with me
But maybe it's too soon
I'd like to see tranquillity
But I think it's on the moon

I tried to get real high one day
I stuck ten birds in my pocket
Probably should have caught a plane
Or maybe hitched a rocket

I'm eager like a child
I will play out in the weather
I like it when you smile
I like that we're together
I like that we're together
Why don't you stay awhile?
Why don't you stay forever?

I want to tell the gods where to go
But I haven't got the power
I could probably pick a fight with them
But I'd rather pick a flower

I'm pretty good at everything
Except I don't know how to boast
And while I'm often filled with spirits
I'm not so good with ghosts

Oh yeah I get grizzly like a bear
But I'm still friendly with my paws
I guess I'm usually pretty easy going
But I'm lately in the wars

I'm handy with a hammer
But I couldn't build a house
And I'd say I'm very fond of pussies
But I wouldn't hurt a mouse

36. Get Out Of My Bed

You got out of bed
You made up your mind
You should have made up my bed
It would have taken less time
You're trying to cut me
To scar up my heart
But you can cut me to pieces
And I won't fall apart

Hey your love's going cool
And a little bit cruel
But you're way out of line
Get out of my bed
You're confusing my head
Oh stop wasting my time

You ran out of words
Or are you're taking a breath
Thank goodness you stopped
You nearly bored me to death
Love's a sad drama
Oh you made it an art
And I know a bad ending
And you're acting your part

You walked out on me
It's not surprising, I guess
Left peacefully, quietly
And you still made a mess
Love can roll down a hill
Like a runaway cart
But ours never can stop
Because it never did start

37. Sound Of Earthquakes

The night veils as soft as silk
Your eyes lap up the moon's milk
A weary head with strange demand
One tireless ocean always shifting sand

Where you gonna take me, down below?
Submerged beneath the mirrored lakes
Where you gonna take me, underground?
Listen to the sound of earthquakes

Time bends swift, a river snake
Your eyes peep open, fast awake
Faint low rumble, cracking rock
A broken silence, waves of shock

Eyes beat as a flight of wings
I sense it's just the flow of things
An etch of marks in graphite line
Catching thought, suspending time

38. Wild And Wandering Heart

The sun has come up
And it's gonna be fine
Tell me of love
Tell me the answer
To the riddle of time

Your eyes shine
And I smile
I'm feeling the spark
You're tempting away
My wild and wandering heart

The world's gonna stop
And it ain't gonna turn
Tell me of love
Tell me the reason
For the hunger we yearn

Your eyes burn
And I look
And it's leaving a mark
You're taking away
My wild and wandering heart

In an uncharted feeling
In a place with no name
Tell me of love
Tell me the secret
That no-one's to blame

Your eyes flame
And I burn
We're falling, it's dark
We're feeling our way
With wild and wandering hearts

It's a weird and it's crazy
But it doesn't feel bad
Tell me of love
Tell me the feeling
That we're not going mad

Your eyes glad
And we play
Two opposite parts
We're dancing away
With wild and wandering hearts

39. When The Rain Falls

You say you feel sad
You say you see rain
I don't see rain clouds anywhere
If you can see rain
And I can see sun
There must be a rainbow
Somewhere

You want to know
Where do birds fly
When the rain falls?
You want to go
Where will you fly
When the rain falls?

I want to know
Would you fly from me
When the rain falls?
Would you fly?
Would you fly?
Would you leave my hand
Take to the sky
To look for a sun in a warm land?
Would you fly from me?
Cross the sea in the sky
For a warm land?
Would you fly from me
When the rain falls?

Hey do you know
There's no need to fly
When the rain falls?
Would you stay?
Would you stay?
In a warm safe nest?
Or take to the storm
To look for a way
Through a dark cloud
Would you rest, be still
Stay in the arms of the nest
Of a warm hand?
Would you stay with me
When the rain falls?

40. Common Ground

Something heavy weighs you down
Holds you heart onto the ground
Everything revolves around
The bones inside your burial mound

Love ain't always nice and neat
So arch your back up to the heat
Chew the bone and grind the meat
Spit the words if their too sweet

Beats your heart a sacred sound
Tears steam on your wedding gown
What's the secret that you've found
Is Love the common noun?

Measure days with minor gain
Our photo fades inside the frame
Wash away the dirty stain
Less is more is our refrain

Saw it scrawled upon your back
As the dawn began to crack
Stretched upon my torture rack
A picture drawn in ink so black

The pulse that beats until it pounds
The want that always grinds us down
Love this word that makes us sound
But buries us in common ground

41. Devil's Daughter

She gave me a glass of gin
But I only ever asked for water
So maybe she couldn't hear me
Or maybe she's the devil's daughter

I like when she dresses in black
I like when she dresses in red
She's full of darkness and fire
When she dresses up for my bed

Now all I do is drink this gin
I don't ever think about water
I'm sure she is no angel
So maybe she's the devil's daughter

She wraps me round her finger
I know I can't resist her
If she's not the devil's daughter
Then maybe she's the devil's sister

I would have probably tried to leave her
But I know I would have only missed her
Perhaps she's put me under a spell
Or maybe she's the devil's sister

She smiled, you think I'm a little evil?
She said, you think I'm a little bad?
Well wait until you meet my sister!
And wait until you meet my dad!

Since I caught her enchantment
I can't get rid of this itch
Maybe she's the devil's daughter
Maybe she's the devil's sister
Maybe she's just a witch
Maybe she's just a witch

42. Girl I Didn't Marry

It's four o'clock
On a Tuesday afternoon
And I feel the winter's night
Coming on too soon
And I don't want to be alone
To watch the sun go down
So I take a stroll
In towards some busy town

It's four o'clock
And I'm standing alone
In a modern gallery
And I'm thinking about the girl
The girl I didn't marry

Wondering if
She would have been right for me
So nearly night
Oh my sun is sinking
And I'm thinking about the girl
The girl I didn't marry

It's five o'clock
The moon is full and round
And I am feeling small
Watching the sun going down
But I'm not seeing fading light
Oh No, not at all
I'm just staring into spaces
In the pictures on the wall

It's five o'clock
And I'm standing alone
In a modern gallery
And I'm thinking about the girl
The girl I didn't marry

Wondering if
She would have been right for me
So nearly night
Oh my sun is sinking
And I'm thinking about the girl
The girl I didn't marry

43. Do What You Want

You can be bad
Or you can be good
Ah do what you want
But don't do what you should

It's a long way out to never
And we can dance
Or we can cry
Or we can do the two together

With a feel the artist sculpts his clay
The young creative children play
But there's a scream of twisted steel
Down on the racer's speedway

And I was told that sinners pay
And there comes a winters day
But I don't want to think of the cold
When it's only midsummers day

Sure lack of time is like an old cliché
Everything gets a little far away
Mumbling I forget another line
in my own misdirected screenplay

And I was told that sinners pay
And there comes a winters day
But I don't want to think of the cold
When it's only midsummers day

44. Tropical Islands

We work in a hole
It's a toxic waste dump
The moon rises at sunset
So near we could jump
But I ain't got the heart for it
It's a love-worn pump

So what do we do?
I'm imagining you
I'm imagining me
On tropical islands
Surrounded by
Those opal blue seas
On tropical islands
Farming coconut trees

We're under the storm clouds
Dressed in a raincoat
And I don't want to swim
But I don't think I'd float
Should we take to the sea?
Ride a big sailing boat?

For something ain't working
And I have to be blunt
I might head to the coast
To the warm ocean front
Maybe take an old map
Like an old treasure hunt

44. Moment In Time

We meet by the river
You're holding my hand
I relax only slightly
For I ponder you nightly
Undressed on the sand
I hope you don't misunderstand

You think that I'm evil
Maybe out of my mind
But you better not panic
I'm not even satanic
And it's just another
Moment in time

You say that I'm crazy
I'm a losing my way
you exaggerate greatly
I degenerate lately
Oh so what can I say
I'm getting used to my own decay

I'm seeing a good sign
Where the stars make a cross
If I understand rightly
You take me too lightly
Oh I don't want you lost
I will sacrifice whatever the cost

I'm prone to be anxious
When left all alone
You fornicate saintly
Moan, coordinate faintly
And drop me like a stone
Leave my head to just be on its own

Leave my head to spin on its own
I'm a whirling!
I'm a whirling!
I'm a whirling in that old cyclone!

46. Nursery Rhyme Things

Your pussy was seen
 To visit the queen
 Myself, I don't go too much
 For these nursery-rhyme things
 So where have you been
 My little angel?
 How come you haven't got wings?

Well Little Miss Muffet
 I do like your tuffet
 And I sure need the comfort
 Of what Mother Goose brings
 Oh where have you been
 My little angel?
 How come you haven't got wings?

I hear Simple Simon he ate the pieman
 I guess he's not like you or I
 I'm more with Georgie Porgie, pudding pie
 Kiss the girls and make them cry

You said, come right over
 And stay till dawn
 Little Boy Blue
 Come blow your horn
 Yes miss, yes miss, two bags full
 Jack be nimble, Jack be quick
 Come on Jack get out your candlestick

I'm a crooked man
 And I've got a crooked style
 Yesterday I saw, three girls go sailing by
 And I had an old lady she opened a fly
 I don't know why she opened a fly

Lickety, Splitery Doc
 Your mouth ran up the clock
 Four and twenty black birds
 And everyone sings
 So where have you been
 My little angel?
 How come you haven't got wings?

This little piggy went to market
 This little piggy stayed home
 You said you'd call
 But the phone never rang!
 Phone never rings
 Oh where have you been
 My little angel?
 How come you haven't got wings?

Wee Willie Winkie in his dressing gown
 A-tishoo, a-tishoo!
 All fall down
 Come rub a dub dub
 Come climb in my tub
 Come ride a cockhorse to Banbury Cross
 You know what I mean
 does the meaning get lost?

Hey little Miss Muffet
 Sit down on your tuffet
 I'll eat your curls away
 Hey you're a dish
 Run away with me soon
 Hey diddle diddle
 I'm too old to fiddle
 Since my cow jumped over the moon

I'm your little Jack Horner
 I'm off in my corner
 Thumb on my plumb
 Licking my finger and things
 So where have you been
 My little angel?
 How come you haven't got wings?

What can you do?
 Hey Little Bo Peep don't lose any sleep
 I'm wagging my tail behind you
 Let Jack and Jill go roll down their hill
 While the bell of St Clemen's rings
 Oh where have you been
 My little angel?
 How come you haven't got wings?

47. Zero Or Less

I'm not complaining
Or under duress
I'm hiding your secret
I'm holding it close
But I want to confess
Keeping it safely
Well I'm not a hero
But I'll do my best
Working so hard
For zero or less
Seeking your stars
And never at rest
Still feeling sacred
Secret and blessed

Save me from the wanting
The powers of gods
The need for the quenching
All the fires of blood
The poisons of love
Come and take me now
Come and take me now

The winds will fall silent
The storms will be calmed
Come and take me now
Into your arms
Come and take me now
Into your arms

I'm falling from high
Reaching for cloud
Swimming in air
Wish to land softly
Get caught by the crowd
Seeking assistance
Praying for flight
If flying's allowed
I'm falling so fast
No cape for a shroud
Keeping the faith
But never too proud
Just helpless and hopeless
And praying aloud

48. Get Real

She is all across my mind
And I hardly even know her
I could kiss her in a heartbeat
But I'd rather take it slower

I'd paint the sidewalk
With a chalk of heart
In red - I have no shame
I would leave my mark forever
Still initialled with your name

I ain't faking it, faking it, faking it
There is not even one emotion
That I don't know how to feel
Baby you and me
Let's get real!

She is all I ever wanted
And I've hardly even met her
I could lose her in a heartbeat
But I never would forget her

I'd hunt, a night hawk
For your blessed heart
In haste - I have no shame
I would taste your sin forever
And then wrap our bond in chain

She has bound me to her soul
Like the harvest to the season
And I knew it in a heartbeat
That my mind would never reason

I'd catch the starlight
With a thread of silk
In truth - I have no shame
I would keep the light forever
Through the wind and ever rain

49. Translate and Glide

Rotate, reflect

Translate and glide

Don't look behind you

It could spoil the ride

Rotate, reflect

Translate and glide

Speeding on the future rail

Relying on the counter veil

Of strategy and energy

And the will to never fail

Knocking down the future door

Drilling down to the deepest core

Of ecstasy and energy

And Nature's fatal flaw

Rotate, reflect

Translate and glide

Don't look behind you

It could spoil the ride

Rotate, reflect

Translate and glide

Seeking out the future way

Avoid the night of all decay

Of atrophy and energy

And imminent delay

Breaking through the future storm

Heading to the light of dawn

Of symmetry and energy

Some new picture drawn

There's a secret to

The final gift

Of this very strange narration

I'd simply say

To try and stay

Invariant

Under each and every

Kind of transformation

50. Express Lane

I cannot waste time
 I cannot wait in line
 I don't want the long way
 I got my hands full
 I got the money to pay
 I got a red car
 With a paint like a flame
 And I ain't gonna park it!
 Ah no, that ain't enough!

I want an express lane
 I want an express lane
 To the all-night supermarket
 I want an express lane
 To the all-night supermarket
 Of desire for your love

I'm gonna worry your lips
 Like the sips of a bitter remedy
 I'm gonna mess up your lips
 like the ships on a storm-tossed sea

I'm gonna track down your lips
 Like the blips on a radar-screen
 I'm gonna spin out your lips
 Like the flips on a trampoline

I'm gonna hold to your lips
 Like the hips of your love in the dark
 I'm gonna hurry your lips
 Like the skips of your beating heart

I'm gonna suck on your lips
 Sip on your hips
 Pull on your clothes
 'Til everything rips
 Love you like crazy
 Love you to bits
 Down on the bed
 Where the pussy cat sits

I'll put a smile on your lips
 Like the quips of a witty, old fool
 I'm gonna dive into your lips
 Like the dips in an ocean pool

I'm gonna wear down your lips
 Like the drips in a torture plan
 I'll getaway on your lips
 Like the trips to a far away land

I'm gonna get drunk on your lips
 Like the nips of a vodka and gin
 I'm gonna smack on your lips
 like the whips on your bare white skin

I'm gonna suck on your lips
 Sip on your hips
 Pull on your clothes
 'Til everything rips
 Love you like crazy
 Love you to bits
 Down on the bed
 Where the pussy cat sits

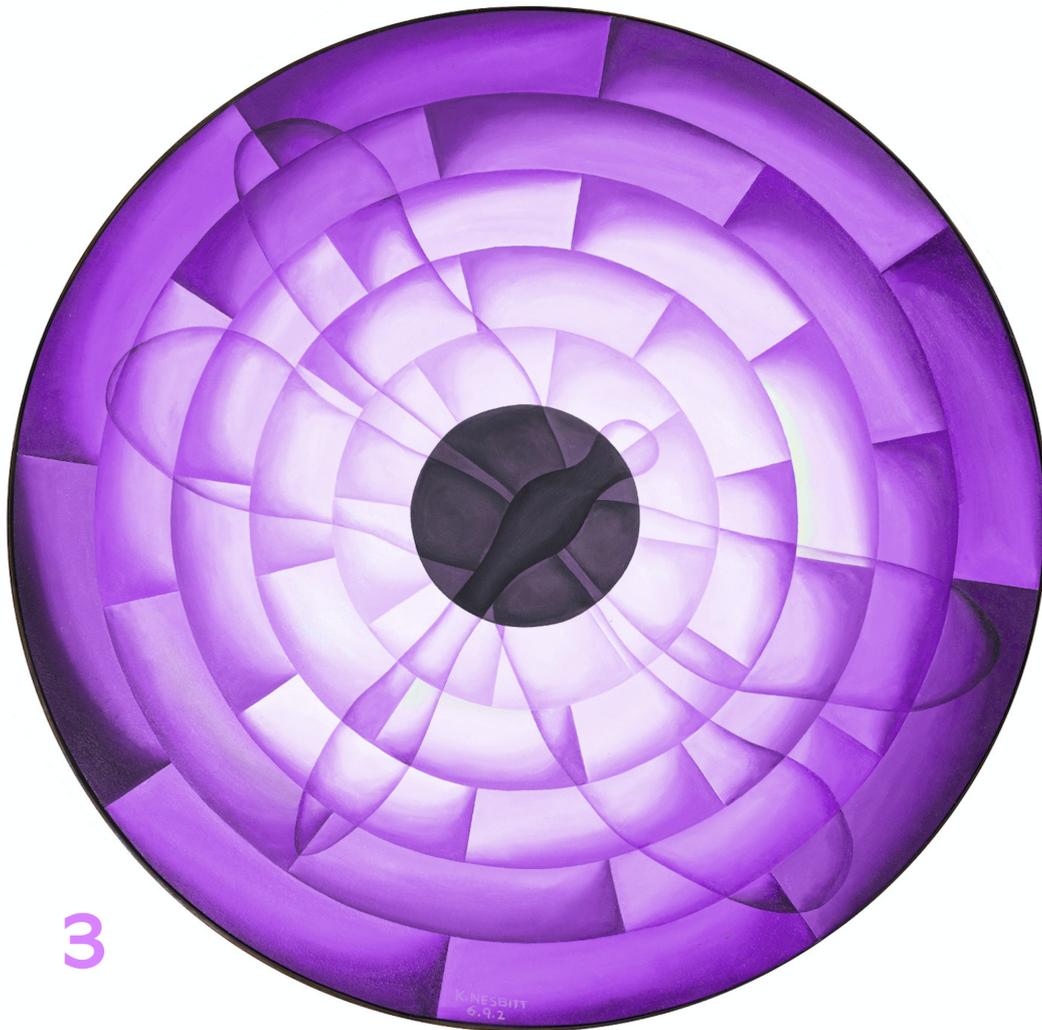

I'm gonna ruin your lips
 Like the rips in a fabric of time
 I'm gonna feel up your lips
 Like the tips of your fingers on mine

I'm gonna engage your lips
 Like the bips on an answer machine
 I'm gonna open your lips
 Like the zips in designer jeans

I'm gonna hold to your lips
 Like the grips of the jaws of a vice
 I'm gonna fall for your lips
 Like the slips on a rink made of ice

I'm gonna suck on your lips
 Sip on your hips
 Pull on your clothes
 'Til everything rips
 Love you like crazy
 Love you to bits
 Down on the bed
 Where the pussy cat sits

51. Up On Your Mountain

So many roads into the future
Only one track through the past
Reality seems tempting
But it never seems to last
But it never seems to last

Alone up on your mountain
Where the earth faint touches sky
You were keeping all your secrets
Are you wondering how to fly?
Are you wondering how to fly?

Ghost train in my dreamlands
With a lonesome whistle cry
A ghost inside my feelings
And it never seems to die
And it never seems to die

Alone up on your mountain
Where the earth faint touches sky
You are keeping all your secrets
Are you wondering how to fly?
Are you wondering how to fly?

Let the fire lift your wings
Even if it's only in your dreams
Reality seems tempting
But it's not the way it seems
But it's not the way it seems

Alone up on your mountain
Where the earth faint touches sky
I am keeping all your secrets
Are you learning how to fly?
Are you learning how to fly?

52. Never Never Land

In the last part of the trilogy
In a cloud of possibility

No choice aligns
No synchrony
No light reflects
No symmetry

Entropy was never planned
Here and now, forever damned
Building castles made of sand
Out in Never Never Land

Hear my mystic melody
Cast some shadow imagery

No choice aligns
No synchrony
No light reflects
No symmetry

Entropy was never planned
Here and now, forever damned
Building castles made of sand
Out in Never Never Land

On the last step of infinity
A view of relativity

No choice aligns
No synchrony
No light reflects
No symmetry

Entropy was never planned
Here and now, forever damned
Building castles made of sand
Out in Never Never Land

53. Lonely Matrimony

You're always welcome
In my make believe
There's a pain that you relieve
Any time you want it
It could always be

Here I am
Feeling sad and sorry
It's all fake and we're all phony
Won't you come and save me
From my lonely matrimony
For goodness sakes
Who's gonna take
Mercy on a man like me

You learn as you grow older
Feelings can betray
Take you to the limit faster
But who am to say
Logic's some better master

Here I am
Feeling sad and sorry
Let's play horsy, I'm a pony
Won't you come and save me
From my lonely matrimony
For goodness sakes
Who's gonna take
Mercy on a man like me

Want to buy you wine
want to buy you roses
I'm on Fire, man
Grab the hoses
Let's get biblical
Want to part your legs
Like the sea by Moses

Here I am
Feeling sad and sorry
Put the CD on the Sony
Won't you come and save me
From my lonely matrimony
For goodness sakes
Who's gonna take
Mercy on a man like me

54. Future and Past

Your hunting-secret eyes
Are dangerous little spies
Seeking heaven in a flower
They dance like butterflies
There are many shades of heaven
For the strong and for the weak
It's one petal in a field of flowers
That the butterfly will seek

I can read your way ahead
So you don't have to ask
For your wishes tell the future
Like your memories tell the past

Every day is drawn the same
A picture hung on wire
Yet the artist and the poet
Seek out creations fire
Reaching out for fuel to burn
Like a fire's seeking curl
Their spirits are ignited
And then tempered by this world

I can read my way ahead
So you don't have to ask
For my wishes hold the future
Like my memories hold the past

I sat by the sleepy sea
The beach ran through my hand
You say that there's a world
In every grain of sand
The pictures that I make
Are from my mind not from my hand
They are never etched forever
They are only drawn in sand

55. Ever To Quest

I was very late into
Your role-playing games
An avatar losing my health
A Caster with curses
Had left me insane
Some rogues had stolen
The last of my wealth

The sleeper awoke
A healer, a warrior
A guide in a cloak
In a plane of existence
The reaches of heaven
A bard needs a cleric
At level fifty seven
Have you a map?
Is this a test?
Is there on your map
A good place to rest?
Are we lost always
And ever to quest?

You look around for a warrior soul
Trained in the dark tongue
Avoiding the troll
Planning to feel the dark catacombs
The noise in the rattle
Skinwalkers and stalkers
And ogres of fantasy
The fire, the ice, the magic
The everyday news
The chant of the battle.

A bard that's alone
And never heard
In forbidden zones
Wander the oceans
The cities, the swamps
Holding the keys
Picklocks and passwords
I'm all alone
To carry it home, across the
The abysmal sea, the Beast's domain
The Bloodmoon keep, the Commonlands
And the Deadbone reef

I will face
The crypt of shade, the Eastern Wastes
The Echo caverns and Great Divide
The Misty Thicket, the Monkey Rock
The Hidden Fears
The Hills of Shade, the Hall of Truth
And the Ocean of Tears,
I'm will be free
Of the Stillmoon Temple
And the Twilight Sea

56. Oochie Oochie Argh

Her scar cuts like a blunt tattoo
I will feel it when I'm blind
Pictures leave the deepest mark
When scratched into your mind

Now I've seen a lot of her
Much more is no way less
I guess they ran out of cotton
In the year they made her dress

But I like it very muchly
La La, La La La La
If you like, well you can look
Before you touch me
If we go that far
A ha, A ha, A ha!
Oochie oochie argh!
She exploded like a star
When I kissed her hoochie coochie
In the back seat of her car!

She tends to say the nicest things
But it doesn't really matter
Heaven knows, in hell I guess
Her tongue was forked to flatter

Now her lips I will remember
But it's not from things they said
But the colour of their warning
Written in fire engine red!

My Queen she reigns upon my mind
Her commands they pitter patter
While the setting light hits dust again
And the longer rays don't scatter

Oh she knocked me off my feet
Though I've never been too steady
Well I bet If looks could kill you
Then she's made me dead already

57. Over And Out

Take your seats
I hear the overture play
Ready your hearts
We are under way

Overall, I understand
It's over now
I'm over you
It was over due
I was losing track
I lost my mind
Under pressure
On overtime

It was overcast
You were underage
I was overawed
By what I saw
I was overcome
With the way you look
I did not know
What I undertook
To undergo

I was overshadowed
Your underling
In a underworld
Of overrule
You were just a girl
I was just a fool
You'd overact
I'd underplay
I understand
I overstayed

The underpass
Was overhead
I was overwhelmed
And underfed
Under your spell
And under well
I could not tell
it was getting late
I could not wait
You understand
I don't overstate

Now Underused
and undermined
I overheard
It's over now
I was underwhelmed
I was wondering how
Was I losing track?
Did I lose my mind?
Under pressure
On overtime

Move over
I'm under no doubt
I say over and over
Overall, I'm over it all
I'm over and out

58. Palaces

I've wandering through the palaces
By eve, by sun and night
Guided by the insight
Looking for the wisdom
And the logical light

I've read the works of magic
I've created many things
That yet did not exist
With my allies, strength and justice
And the power to resist

I quote the lore of angels
Seek the numbers and the stars
The names of god above
I hoped for right and mercy
And that ancient spell of love

Yes, I've seen the book of saints
I know the words of splendour
The universe by parts and wholes
The truth of good and evil
And the nature of our souls

Still, I look in tomes of brightness
For the way I may have missed
Eight gates to travel by
Through the garden, by the tree of life
On the ladder to the high

59. Topsy With The Moonlight

Sometimes it is clear ahead
As far as the eye sees
The skies lie blue and cloudless
As we skip the summer seas
Hitching rides on any wind
Two runaways on the breeze

So it's been a while
My eyes are very grey today
I always say
I bet you like them better
When they reflect the skies
When I'm tipsy with the moonlight
When the gypsy in me flies

But it's been a while
My eyes are very grey today
I always say
I bet you like them better
When they reflect the skies
When I'm tipsy with the moonlight
When the gypsy in me flies

Sometimes the wind's against you
And nature seems unkind
The destination's far away
And any harbour springs to mind
You tack into the weather
And you run a little blind

So it's been a while
My eyes are very grey today
I always say
I bet you like them better
When they reflect the skies
When I'm tipsy with the moonlight
When the gypsy in me flies

But it's been a while
My eyes are very grey today
I always say
I bet you like them better
When they reflect the skies
When I'm tipsy with the moonlight
When the gypsy in me flies

When I'm tipsy with the moonlight
When the gypsy in me flies
When I'm tipsy with the moonlight
When the gypsy in me flies

60. Alternating Current

Meanwhile
My admiral acquaintance
Was filling up my day
I was reaching
My hands felt very busy
But I could not feel the pattern
For the way

Meanwhile
The general population
Were busy with their toys
I was thinking
My head was getting busy
But I can't hear the silence
For the noise

Yeah I want to rule the world
Or some days I don't care
On alternating current
On and off
Like a teenage love affair

Yeah Mister, everybody's greedy
I'm going to take my share
On alternating current
Give and take
Like a teenage love affair

Meanwhile
My admiral intentions
Were only passing through
I was looking
My eyes were kind of busy
But I could not see the distance
For the view

Meanwhile
The general conversation
Was speaking to be heard
I was listening
My ears were kind of busy
But I could not catch a meaning
Of a word

Yeah I'm the only one with sense
Or maybe that's not fair
On alternating current
Right and wrong
Like a teenage love affair

Yeah there's a safety in the danger
And we do what we can dare
On alternating current
Up and down
Like a teenage love affair

61. Hymn 422

Strolling the streets
 Late in the night
 Drugs in the blood
 Feeling alright
 No longer willing
 To take any blame
 Alcohol in the veins
 And feeling no pain

So wise, so drunk
 And so proud
 The sound of my voice
 A little too loud
 My mind was apart
 My body detached
 A hole in my wallet
 Was bleeding my cash
 An itch in my pocket
 That needed a scratch

When I passed by a door
 Full of musical noise
 Inside was a band
 With electrical toys
 I shuffled my shoes
 Stepped right up and in
 With a heart full of blues
 Just in time for the start of
 Hymn four, twenty-two

Rock n' roll is belief
 A prayer to the soul
 Rock n' roll
 Rock n' roll
 Rock n' roll is a religion too

Believe it or not
 That's how it begins
 The start of that hymn
 Hymn four, twenty-two
 Rock n' roll
 Rock n' roll
 Rock n' roll is a religion too

There was some kind of faith
 In the tune they were playing
 A message somewhere
 In the words they were saying
 Hymn four, twenty-two
 Hymn four, twenty-two
 Hymn four, twenty-two
 Rock n' roll
 Rock n' roll
 Rock n' roll is a religion too

So wise, so drunk
 And so proud
 The sound of my voice
 A little too loud
 My mind was apart
 My body detached
 A hole in my wallet
 Was bleeding my cash
 An itch in my pocket
 That needed a scratch

62. The Pain Of Love

You come in so tired
You've been working
You say I've been bad
I've been flirting
Now you're breaking my arm
And it's hurting

I'm learning all about
the pain of love
I said, I'm learning all about
the pain of love

You come in so mad
Feel like you're losing
You say I've been bad
I've only been using
Now you're punching my face
And it's bruising

You say you don't like
My love making
You say I won't give
I'm just taking
Now you're poking my eyes
And it's aching

You come in so smart
You've been reading
You say I don't give
What you're needing
Now you're stabbing my back
And it's bleeding

You come in upset
You've been crying
You say I've been bad
I've been lying
Now you're choking my throat
And I'm dying

You storm in so angry
It's shameful
The devil would blush
Your no angel
Now your kicking my knee
And it's painful

63. Good Gods And Bad Gods

The good gods and bad gods
Are gone to making war
The good gods and bad gods
Are gone to making war

The winner is uncertain
It's a pretty close score
The good gods and bad gods
Are gone to making war

The reason for the fighting
No one's really sure
Ah the good gods and bad gods
Are always making war

The good god wants a little less
The bad god wants some more
The good god said it wrong
If the bad god breaks his law

The good god wants it all the same
The bad god can't take it anymore
But neither of the gods is sure
Just what the fighting's for

The winner is uncertain
It's a pretty close score
The good gods and bad gods
Are gone to making war

The reason for the fighting
No one's really sure
Seems the good gods and bad gods
Are always making war

The reason for the fighting
No one's really sure
The good gods and bad gods
Are always making war

64. Inverse Square Law Of Love

Is it me or just the world
That is completely going mad?
When you're far away it seems
The world is not so sad
Drinking wine and thinking
Talking to the neon satellite up above
When you're near I miss you
Could it maybe be that there's
An inverse, square law of love

The force of love is equal to
Your love, multiplied by mine
Divided by the distance squared
Between us at this time

Watching the oceans making waves
Upon the evening shore
My mind is saving every shade of green
That I can steal and store
You may think that I am crazy
What could I be saving colours for
Well I'm trying to make some sense
Of this crazy nature's law

The force of love is equal to
Your love, multiplied by mine
Divided by the distance squared
Between us at this time

Maybe you don't love me much
But we have the strength of mine
And I think so such is such
Stories of loves dilemma
Are all crowded throughout time
Now I sit and think
This is how things will be
And disenchanting drink
Contemplate the other colours
In the far-off blue horizons of the sea

The force of love is equal to
Your love, multiplied by mine
Divided by the distance squared
Between us at this time

But when our lives are nearer
I'm like the bees drawn to the flowers
And your smile seems all the dearer
I'm drowned in summer showers
I fail to see things any clearer
Maybe I'm overcome by powers
Or hidden forces are at play
Let the oceans unwind between us
I can't explain the strange relief I feel
When you are far away

The force of love is equal to
Your love, multiplied by mine
Divided by the distance squared
Between us at this time

Isaac sat beneath the apple tree
And watched the apples fall
Albert bought time and space together
Tried to unify them all
But I've been observing all events
And this is what I saw
The force of love does stranger work
Then I have seen before

The force of love is equal to
Your love, multiplied by mine
Divided by the distance squared
Between us at this time

The force of love
The force of love
The force of love

65. Love Piranha

If you go walking in the jungles
 Of this crazy love enchantment
 You might find some sheer delight
 But best beware such beasts that bite
 If you're lucky, you'll survive
 When I eat you up alive
 I will penetrate your armour
 I will be your love piranha

Here's my snake
 Come be my charmer
 Let me be your love piranha
 I am vigorous and vicious
 And your flesh is fresh, delicious

I go dribble, dribble, dribble
 I go nibble, nibble, nibble
 You're in trouble, trouble, trouble
 That's triple trouble with a 'T'
 I will nibble on your tootsies
 I will nibble on your knees
 I will nibble on your navel
 I will nibble by degrees
 I'm not acting, it's no drama
 I will be your love piranha

If you go swimming in the pools
 Of this crazy love enchantment
 You might find some sheer delight
 But best beware such beasts that bite
 If you're lucky, you'll survive
 When I eat you up alive
 You're lucky, it's good karma
 I will be your love piranha

I am crazy, hungry for you
 I am bent like a banana
 I want to be your love piranha
 You're full of vitamins, complete
 You're soft and succulent and sweet

I am crazy, hungry for you
 I am bent like a banana
 I will penetrate your armour
 I will be your love piranha
 Here's my snake
 Come be my charmer
 You're lucky, it's good karma
 I will be your love piranha
 I'm not acting, it's no drama
 I will be your love piranha

66. We Are Not Angels

We cannot fly, we are not angels
 We do not have the wings
 Let's not think about tomorrow
 We must dwell on simple things

Come speak to me so softly
 As if something rare occurred
 Let your eyes be fire ridden
 Use some kind forbidden word

Let us fly
 I know we are not angels
 Let us try

We do not dare to wish
 For who are we, not wizards
 No, we do not have the spells
 We must close our eyes for hope
 Throw every coin we gather
 Into all the wishing wells

You are silent my enchantress
 I must confess I feel disquiet
 Do you think that only angels fly
 Should we take the chance and try it?

Let us fly
 I know we are not angels
 Let us try

There are many things forgotten
 Though so many more unsaid
 I say beware the lure of fashion
 The fires of common passion

Although those well laid paths
 Seem like tempting roads to tread
 Leave the strings of time unravelled
 Take the road that is less travelled

Let us fly
 I know we are not angels
 Let us try

Let the poor memory for
 Our ever ancient wishes
 Not become rare hopes assassin
 We must all recall our youthful fire
 The warmth of every flame
 For our love cannot be rationed

I think it is only thoughts of failure
 That make us fall
 So I urge you wish again for wings
 For we must fly like angels all

Let us fly
 I know we are not angels
 Let us try

67. Coast Is Clear

The weatherman seers
Rough seas by the piers
The sad sky weeps
With crocodile tears
Up in the north
The coast cloud clears

The astronomer spies
Black holes in the skies
Up and beyond
Where the winter wind flies
The cloud front creeps
And covers his eyes

Night curtains my sun
Fills me with fear
I need to be close
I need to be near
My heart is longing
And hoping to hear
News that tomorrow
The coast is clear

The two lover's flame
Lights lovers lane
Making the claims
That all lovers claim
Above the dark street
The clouds still remain

The two lovers sway
Where waves wash the bay
Playing the games
That all lovers play
Down on the shore
The tide ebbs away

The captain he steers
Through waves by the piers
His log will record
The journey's end nears
Up in the north
The coast cloud clears

The navigator he rides
Pushed on by the tides
Up and beyond
His stars still reside
The clouds conspire
To cover his eyes

68. Work Is Work

Let me tell you
 About a man I knew
 Crazy Joe fed coke to the furnace
 He was one of the crew
 Thirty years of working
 Like a crazy man
 In the screams of machines
 In a factory land

He smoked too much
 Like the steel he was stuffing
 He got fond of the saying
 He was good for nothin'
 But nobody listened
 Hey what would he know
 He was nobody really
 Just some Crazy Joe

You work and you clean
 But your hands show dirt
 You shovel and you lift
 And the blisters hurt
 You work another shift
 And your back feels pain
 You work and you sleep
 Then you do it again

Well work is work and play is play
 Today is just another day
 If you turn and walk away
 Do your words just become
 Some thing you say?

Once we waited for the
 Payman to come
 Lulled by the cadence
 Of the factory hum
 He said, "Boy you know
 You're selling your soul
 When you wish away the week
 For a packet of gold"

"Boy, I was young once
 And I had your skill
 Now its been
 Thirty years of drinking
 For a sleeping pill"

"I can't wash out the dirt
 Or the sweat in my shirt
 Or the thirty years of nothing
 In this factory work"

"I hold my head
 In my dirty hand
 Hold back the tears
 Cover my ears
 From the screams of machines
 In a factory land"

Well just before he died
 Beneath the dirty factory skies
 His eyes went clear
 The chimneys stopped puffin'
 He gave one final cry
 Said "I was good for nothin'!"

I guess it's a little better than dying slow
 Some things just aren't worth saving
 That was Crazy Joe
 Was it God?
 Or just some company plan?
 That he would die
 Amid the screams of machines
 In a factory land

69. Driving Me Nuts

I know how it feels
 Spinning my wheels
 Tumbling fast
 All head over heels
 Curiosity got
 This wild alley cat
 I'd trust to my luck
 But I'm all out of that

Another door shuts
 A wheel in the ruts
 The death of a thousand
 Very slow cuts
 The if and the buts
 A kick in the guts
 Everything lately
 Is driving me nuts

The Jack of all trades,
 The master of none
 The jig isn't up
 I'm jumping the gun
 I met with the wise
 Dropping like flies
 I'd trust to my luck
 But I'm out of supplies

I splintered my neck
 On the frame of the yoke
 I'm looking for trouble
 I'm going for broke
 Pulling a hope
 Out of my hat
 I'd trust to my luck
 But I'm all out of that

The old sitting duck
 Running amuck
 Ducking the fire
 No sign of luck
 I'd pick up a load
 But I don't own a truck
 Anyway baby
 I don't give a ...

Another door shuts
 A wheel in the ruts
 The death of a thousand
 Very slow cuts
 The if and the buts
 A kick in the guts
 Everything lately
 Is driving me nuts

70. Roman Times

Diana puts the moon
High in Jupiter's sky
Apollo's sun is gone
The thunder of a storm
Is Jupiter's reply

If these were Roman times
Cupid would send Mercury
With a message to ease my mind

I'm missing Venus's daughter
Apollo sheds no light
While you and Mars make war
I wait for Pluto's answer
To bring eternal night

If these were Roman times
Cupid would send Mercury
With a message to ease my mind

Vulcan's fire's burning
Deep within my soul
I'll go hunting with Diana
Until Cupid and Apollo
Want to make me whole

If these were Roman times
Cupid would send Mercury
With a message to ease my mind

Vulcan burns my soul
I'll go hunting with Diana
Where she leads, I'll follow
Until Cupid and Apollo
Want to make me whole

If these were Roman times
Cupid would send Mercury
With a message to ease my mind

71. Questioning

The traders and the merchants
And the soldiers and the priests
Some are seeking war and
I guess some are seeking peace

The world is multiplying
We're a product of our times
There's entropy and chaos

I can certainly see the signs
I hope we are all questioning the things
that seem most certain in our mind

The vagrants and the thieves
And the prisoners and police
Some are seeking capture
I guess some must seek release

The way we think is criminal
We're full of petty crimes
There's poverty and pain

I can certainly see the signs
I hope we are all questioning the things
that seem most certain in our mind

The philosophers and travellers
The civilised and the beasts
Some are seeking west and
I guess some are seeking east

The way we speak is crazy
Our words are full of great designs
There's rhetoric and promises

I can certainly see the signs
I hope we are all questioning the things
that seem most certain in our minds

I hope we are all questioning the things
that seem most certain in our minds
I hope we are all questioning the things
that seem most certain in our minds

The traders and the merchants
The soldiers and priests
The vagrants and thieves
And the prisoners and police
Philosophers and travellers
The civilised and the beasts
Some are seeking war
And some are seeking peace
Some are seeking capture
I guess some must seek release

72. Rare Candy

So Love is legendary
 Love is mythical
 Come walk a little more with me
 Something sweet is hatching
 I'm not playing with a full deck
 And there's still an itch that I've got
 That needs scratching

And I might catch a wish
 And I hope that it will shine
 Another stop
 Another spin
 And fifty coins of time

Out in the wild
 I found you in the wind
 A flying type
 Oh we're not good together
 You've got the moves
 You fight, I lose
 And you get boosted by the weather

But still I made a wish
 And I hoped that it would shine
 Another stop
 Another spin
 And fifty coins of time

Now you escaped me on the first time
 But it only took me twice
 I fed you golden razzberries
 Hit you with a curve ball
 It wasn't great
 But it was nice

And so I caught a wish
 And I saw that it did shine
 Another stop
 Another spin
 And fifty coins of time

So one more raid
 No potions, no revives
 So all a waste of time
 Stardust for another catch
 And fifty coins of time
 Another stop
 Another spin
 And fifty coins of time

There's still something that I need
 I'm obsessed, hysterical
 Somethings are irresistible
 And you cannot trade the mythical
 And time like me is aging
 And it's time I cannot afford
 Please power me up a little stardust
 I'm addict to the anticipation of
 Another stray reward

And I might catch a wish
 And I hope that it will shine
 Another stop
 Another spin
 And fifty coins of time
 Another stop
 Another spin
 And fifty steps to climb

Now you're still my buddy
 And I will walk with you
 To complete the picture
 To gather something new
 But I don't want to waste
 My rare candy on you

73. Song Of Songs

Oh I wonder in this world
And I wear the mark of Cain
And sometimes there is wander lust
Do you ever feel the same?

I could write another song for you
But it might sound the same
Unless I wrote the song of songs
Then that might help explain

But I fear that it would take awhile
And I don't own the time
And what more could I say
But your lips they are
Much sweeter than
The kisses of the wine

So I seek another garden
With the knowledge owned by Eve
And sometimes there's reality
But it's mostly make-believe

I don't think I can explain
Why something in me longs
Unless I wrote the feelings down
In one more song of songs

74. Cup Of Sugar

Your pretty I suppose
 Guess somebody knows
 Well I just came round
 To say hello
 Tell you girl
 I like the way
 You wear your clothes

No really
 I just want a cup of sugar
 but a little bit of sweetness might do

I tell you girl
 I like the way
 You wear your clothes
 Well I am sorry
 I won't stay
 I don't want to impose

No really
 I just want a cup of sugar
 but a little bit of sweetness might do

Hell I'm sorry
 I won't stay
 I don't want to impose
 Well I had a feeling
 That I want to disclose
 I'm looking for some loving
 Say I don't suppose

No really
 I just want a cup of sugar
 but a little bit of sweetness might do

When the wind of love blows
 My unsteady feeling shows
 You know how it goes
 I'm tumbling over like
 Falling rows of dominoes
 See the secret in my shadows
 That I want to expose

No really
 I just want a cup of sugar
 but a little bit of sweetness might do

Well I need some loving
 If you're going my way
 But I don't need a lot
 What I'm trying to say
 Just half a part
 Of any little bit
 Your giving away

Oh no really
 I just want a cup of sugar
 But a little bit of sweetness might do

No really
 I just want a cup of sugar
 But a little bit of sweetness might do

75. Gunfighters In Love

Once I had steel in my eye
 And a holster of lead
 I killed a lot of bandits
 And left them for dead
 In their pool of regret
 In their pool of blood red

Now there is my body
 Bleeding on the floor
 She shot from the hip
 She was quick on the draw
 So where is my heart
 Is it beating no more?

I'm gonna lie here
 Just losing my blood
 The last of the wild west
 Gunfighters in love

Take my body
 Cross the river
 The river so black
 Lay me down sleeping
 In that boat
 On my back

I had promised her one day
 That we would be wed
 I told her my love
 Was like a poem I had read
 We were drunk on emotion
 When I took her to bed

Now there is my body
 Bleeding on the floor
 She shot from the hip
 She was quick on the draw
 So where is my heart
 Is it beating no more?

I'm gonna lie here
 Just losing my blood
 The last of the wild west
 Gunfighters in love

Take my silver
 For the boatman
 For the ferry to ride
 Lay me down gently
 Holster of lead
 Guns by my side

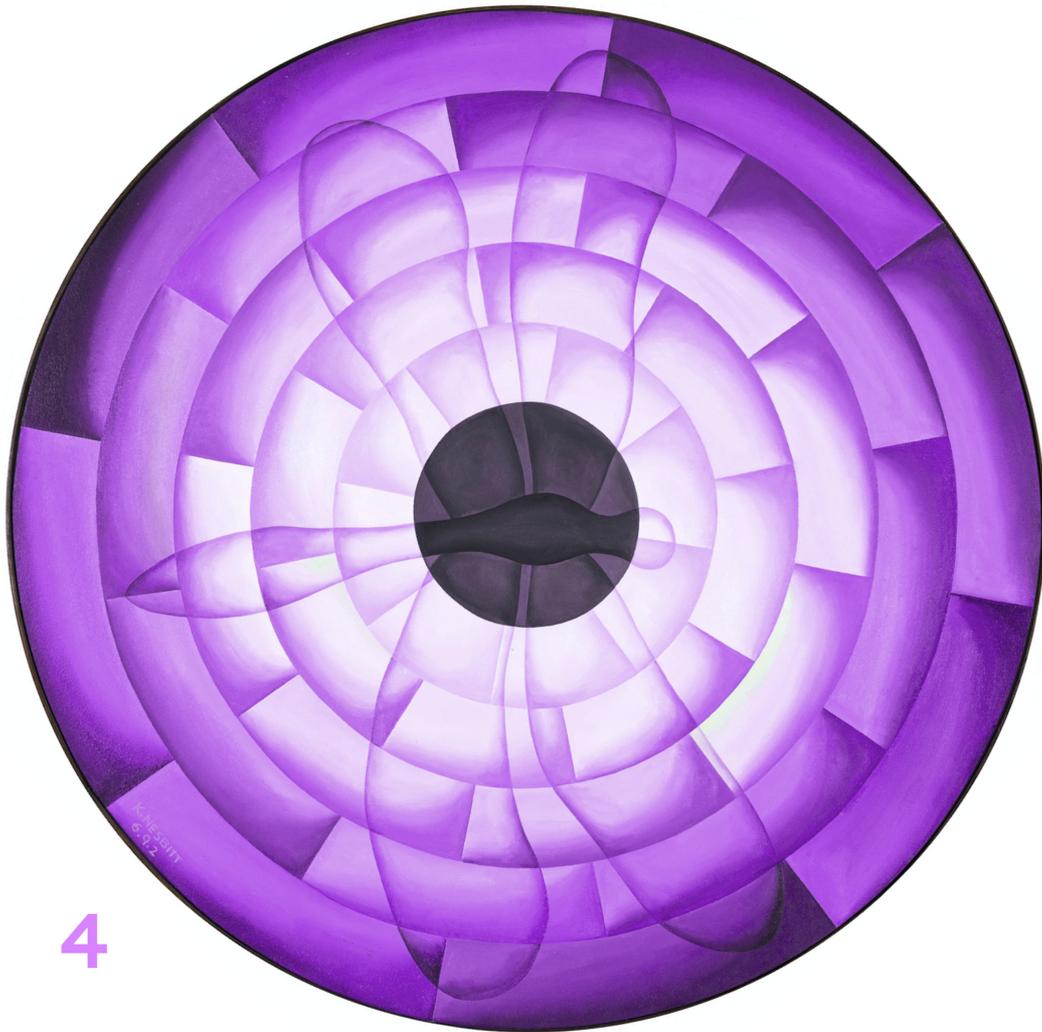

She cornered me finally
 In a barroom fight
 Drinking cheap whiskey
 it was Saturday night
 I was kissing a sweet girl
 I was cheating alright

Now there is my body
 Bleeding on the floor
 She shot from the hip
 She was quick on the draw
 So where is my heart
 Is it beating no more?

I'm gonna lie here
 Just losing my blood
 The last of the wild west
 Gunfighters in love

Find me a tomb
 My last place to bed
 A room with a view
 Pillow for my head
 For my heart beats no longer
 All those rivers of red

76. Over You

There's dirt on the window
It's hard to see clear
Tomorrow seems close
But it's not really near
I look in the mirror
To reflect on the past
But the fog of my thinking
Is fogging the glass

Tried changing my mind
I guess I am fine
just feeling change blind
Every picture I find
Is a picture of you
So what can I do?
I'm just spending my time
Just losing my mind
Losing my mind
Over you

I'm alone quite a lot
And it's bad company
I'm bored with myself
Guess the problem is me
There's a bump in the road
That I hit yesterday
If I don't take a new road
I will hit it today

There's a jump over nothing
It's quite a wide gap
I just closed my eyes
Made a cross on the map
Directions don't come
In a bottle of wine
I emptied three glasses
And there's nothing to find

77. Time And Its Tenses

Some parts of the present
May last into the future
But most will just shift into the past
Entropy's a slow descent
So I guess you have to wonder
How long can the present last?

You don't need to be kind
I don't need a map
I don't need to be told
My thoughts travel old roads
The bump and the grind
Well-followed, well-worn
I contemplate senseless
Time and its tenses
Next, now and gone

Here I sit and estimate
The little intervals of time
Between the day I last saw you
And the day you'll be mine
Everything is constantly changing
I'm crawling through the passage of time

The present only happens
Until we call it history
If the present is an instant
Then the past must be a memory
And what about the future
Well I agree it's probably just a mystery

Here I sit and try to count
The moments of you and me time
How long will this love last
Until the day you are not mine
Everything has broken fractal patterns
Marked by the order of time

78. Gypsy-Looking Woman

There's a fire by the roadside
On the winding road to hell
There's a gypsy-looking woman
With seven secrets and a spell

There's a long tale of laughter
Weeping violins, and folk guitars
There's a gypsy-looking woman
And her telescope see the stars

There's a fall of cryptic cards
They show danger if not worse
Smile my gypsy-looking woman
With your dark magic and your curse

She will seek your secrets
There's nothing to be asked
The crystal shows your wishes
And the future steals the past
Hopes they ride away on time
And everything moves fast
That gypsy looking woman
Needs nothing to be asked

When everything goes changing
You might need to rest a while
With that gypsy-looking woman
And her wandering restless smile

There's an hourglass of time
Seeping memories and falling sands
And that gypsy-looking woman
Holds your future in her hands

Oh you think that you are destined
And you think that you are wise
Meet that gypsy-looking woman
If you dare just go look into her eyes

79. Just Like I Remember

Orbiting your world
Turning like the wheel
Waking from the sleep
Made my shadow real
Just like I remember

Ah you know I dreamed you
In a silent sleep refrain
Ah you know I need you
I fall into your arms again

Filtering the days
Recalling all the time
Making up a movie
Every scene is mine
Just like I remember

Disappearing lightening
Sinking like the stone
Faking the familiar
Someone I have known
Just like I remember

80. Santa Fe

I caught up with the tracks
Of a bad man today
It was outside the law
It was outside Santa Fe

There I shot him down
He was just an outlaw
But I took two bullets
For I was too slow to draw

Well all this hard living
Sure has taken its toll
And the Sisters of Mercy
Won't pray for my soul

On the floor of a church
I am losing my blood
Dying and thinking about
The dark-haired woman I loved

I hope I will see her
I hope I still go above
The outlaw's in hell for he killed
The dark-eyed woman I loved

I don't know about me
If the truth will be told
For the Sisters of Mercy
Won't pray for my soul

There's a lot of bad men
In the desert lie still
And a lot of lost souls
Six feet under, up on boot hill

My stone will say I was too proud
And I was not wise
I fell for a dark-haired woman
With her dark deep eyes

Now the light fades away
Let the final bell toll
Please Sisters of Mercy
Please pray for my soul

81. Hanging Tree

Well Pappa died an outlaw
It was back in thirty-three
Everybody tells me
He was a lot like me
Until the lawmen took his life
Out at hanging tree

The devil took his soul
Or that is what I'm told
And he went robbing gold trains
For a pocketful of gold

Mamma still cries for him
God rest his quiet bones
For never sleeps his soul
It won't ever be at home
Never will it rest there
Beneath that pile of stones

The devil has his soul
Or that is what I'm told
And he's still robbing gold trains
For a pocketful of gold

Blood down on the sheets
Mamma starts to cry
Lawman's lead is in my chest
His bullet in my thigh
I'm going to meet my maker
My gun strapped to my side

The devil took my soul
Like Pappa I am told
And I went robbing gold trains
For a pocketful of gold

I will find his soul Mamma
You just wait and see
For I know where he'll be
Everybody tells me
He's the ghost with the forty fives
Out at hanging tree

The devil has our souls
Or that is what I'm told
And were still robbing gold trains
For a pocketful of gold

82. Fingers Down My Spine

Sunny beach of sand
Warm here were I lie
Canopy over heaven
Blue glass, I call the sky

Rhythm to my thoughts
Waves upon the coast
Songs upon my mind
Melody, I call the ghosts

Your hands upon my back
Full of pattern and dark design
Trace a gentle track
Messing up my mind
Fingers down my spine
Fingers down my spine

Pick a song of happiness
Turn the music higher
Dancing on the sheets with me
Warm glow, you call the fire

Rhythms to the sounds
Waves fall into forms
Come over, cool me down
Ice falls, you call the storm

83. Again

Outside is a wild storm
I wouldn't go out in the rain
Inside it is still warm
So shouldn't we do it again
Oh couldn't we do it again

You're warm here
Burning as hot as the sun
I had another idea
I know what you're thinking
No but this is a good one

No one is watching
So really no one will care
If you play with my heart
You can play with my mind
While I mess around with your hair

Losing our orbits here
Rip torn
Dragged by the atmosphere
I'm falling
You're burning
Held by my gravity
Like a meteor swarm
Oh couldn't we do it again
Oh couldn't we do it again

Love's dart has a sharp tip
Bursting out from a blowgun
Got a list of your likes
Let's shoot for the skies
And tick them off one by one

So stay close for I know
We have only just begun
This is just the beginning
It's no time to waste time
And I think it's going to be fun

Don't say no, I don't know
The meaning of the word
Oh haven't you been told
The fire rekindles
When the ashes get stirred

Last time was just fine
So I know this will be good
I don't want to talk
About the weather anymore
The fire's still high
How about a little more wood?

84. Lucky Stars

When you're young
And drunk and dancing
And you're hangin' round in bars
You know, shit happens, baby
You can count your lucky stars

My head and hands
Are working overtime
I bet I'm getting blisters
I'm pent-up like the wildest storm
And dangerous like twisters

Up at the beach
The girls and boys are staying up
And making out in cars
You know, shit's happening, baby
You can count your lucky stars

My little angels
It's only you and me and her
There is no moon, there is no sun
And I just heard a rumour
Two heads are better than one

Sometimes our situations
Make us prisoners in bars
Tonight I'm freed
Come dance with me
Let's go count your lucky stars

Right around the world
Out in the suburbs
Who knows, even planet Mars
You know, shit happens, baby
You can count your lucky stars

Don't stay home by the TV
People in that bottle
Live their life inside of jars
Outside, shit's happening, baby
You can count your lucky stars

No need for frocks of fashion
Anything you throw on
Belongs in picture books
Or only wear your smile
I like the way that looks

We're all sad sometimes
Life's is hard I know
It cuts, it makes these scars
You know, shit happens, baby
Let's go count your lucky stars

Sometimes our situations
Make us prisoners in bars
Tonight I'm freed
Come dance with me
Let's go count your lucky stars

85. Diana's Moon

Your eyes shine
Two well-lit beacons
Draw ships to deeper waters
A moth to naked flame
Deep uncharted waters
Warm forbidden flame

Your eyes shine
Two far off star lights
Urging men to deeper spaces
On a quest for mystery
Deep and unknown spaces
Dark forgotten mystery

Is that Diana's moon
Come rapping on my window
To steal my sleep away
Oh Diana
Is it for lovers or for hunters
That you light the way?

Your eyes shine
Two glowing embers
Spark flame to growing fires
A caress to naked heart
Warm consuming fires
Lone forsaken heart

Your eyes shine
Two fading moonbeams
Turn thought to troubled dreams
And a chance to history
Warm forbidden dreams
Strange forewritten history

86. Love Away The Day

Come and smile
My little child
Laugh with me a while
Let's love away the day

There's rain outside, the fire's warm
Your smile's a welcome port in storm
Come I have some things to share
I've worried too, now I don't care
So come I'll tell you secrets there
Let's love away the day

Come and smile
My little child
Laugh with me a while
Let's love away the day

There's hope somewhere, the sun is fine
Our world's no slave to the chains of time
We're only bound like clouds in air
For somewhere else the garden's fair
And I know where that would be where
Let's love away the day

Come and smile
My little child
Laugh with me a while
Let's love away the day

The crowds outside, they march away
My smile's a welcome way to say
You're an answer to my lonely prayer
You carry gifts so strange and rare
So come and tell me secrets, share
Let's love away the day

Come and smile
My little child
Laugh with me a while
Let's love away the day

87. Forty Minutes

Ain't it funny
How this love has grown?
Well, you ain't staying you're going
Well, you're gonna go away
And leave me all alone

Well it might take me
Forty minutes
To get over losing you
Another forty minutes
To get up
Go out
Find somebody new

You think I'm crazy
Love's an easy game
It never ceases to amaze me
It's easy to be found
I will just be fine
It happens all the time
I lay my body down
My heart is not to blame
Nothing's going to phase me
You think I'm crazy
Love's an easy game

Well it might take me
Forty minutes
To get over losing you
Another forty minutes
To get up
Go out
Find somebody new

You think I'm lazy
Love is all the same
Nothing heavy weighs me
Ever weighs me down
I will just be fine
It happens all the time
If your not around
I will find a new flame
Nothing's going to phase me
You think I'm lazy
Love's an easy game

88. Time Pilot

Dreams rock
In the motion
Darker nightly ocean
Inky waves of ebbing tide
Visions on the harbour side

Time Sailor
Steered by second sight
Steer me right
Keep it bright
Last keeper of the light

Hunt swift
My bird of prey
Wing across another day
Contrails in a dawning sky
Ghost of jets go fleeting by

Time Pilot
Navigating through the night
Steer my sight
Keep the fight
Last flyer still in flight

89. Triangle Of Light

Screaming mother
 Dead child
 Brother on the street
 Pilgrims all gone wild
 All this death and glory
 In an epic kind of story
 Drawn in monochrome relief
 Caught in darkness
 And in night
 In a triangle of light

Civil war is under way
 Enveloped in flame
 I hear the steel burd
 Scream my name
 Caught in silence
 And in night
 In a triangle of light

Fragments of steel
 Might steal my life away
 The dust
 The danger
 The final days
 Caught in silence
 And in night
 In a triangle of light

Dreaming killer
 Nightmare
 Sleeping somewhere quiet
 With laser eyes
 And bombing doors
 Steel skin and ripping claws
 Electromotive flight
 Caught in darkness
 And in night
 In a triangle of light

And the artist dreams
 Fire long
 Candle strong
 I see your painted screams
 In black and white
 Caught in darkness
 Caught in light
 Caught up in a triangle
 A triangle of light

Screaming mother
 Dead child
 Brother on the street
 Pilgrims all gone wild
 All this death and glory
 in an epic kind of story
 Drawn in monochrome relief
 Caught in darkness
 And in night
 In a triangle of light

90. Give Nothing Away

It was many moons ago
Once in a blue one
My mind was sad and sick
Another confused love lunatic
One small step for you
One giant leap for me

You're breaking away
I fade away
a flirting shadow in your
flickering bright
electric light ray

That was the day
Do you remember?
We met
If you forget
Give nothing away

It was many ages gone
Once in an lost one
My love would always last
Another heart caught in the past
One fleeting flash for you
One too long time for me

It was many days ago
Once in a dark one
I remember no regret
Another hope I must forget
One faded lost image for you
One lasting impression for me

91. My Little Wonder

My little wonder
I've been thinking of you
I've been thinking of me
I've been linking the two
My little wonder
I've been thinking it too
It's no little wonder
That I love you like I do

When I cannot ignore
That ravenous beast
My soul
You come and feed the hunger
It's no little wonder
That I love you like I do

When I flounder about
In the tremulous seas
My soul
You stop me going under
It's no little wonder
That I love you like I do

When I hide from lightning
In the serious storm
My soul
You save me from the thunder
It's no little wonder
That I love you like I do

When I must wait forever
In the loneliest queue
My soul
You come and call my number
It's no little wonder
That I love you like I do

92. Wildest Dream

Romantic's just a figures of speech
This ain't red roses and candlelight
This ain't sunset on the beach
This ain't moonlight at midnight
So close your eyes
And make a wish
Close your eyes
With just one kiss
I'm gonna make it seem
Like this is your wildest dream

Hair on the wind
Like a raven's wing
Angel's smile
And the devil within
The sweat and the heat
And you move so sweet
Angel's smile
And the devil within
Hair on the wind
Like a raven's wing

The touch
And the taste
And the thought of you linger
Like this itch in my trigger finger
Hey ain't you listening
You're shaking nitro-glycerine
When you look at me
And squeeze me tight
You somehow wet my appetite
When you look at me
And squeeze me tight
I'm dangerous like dynamite

Slink and grooves
Like a panther moves
Nothing gained
Nothing to lose
The musk and the sweat
And your body so wet
Nothing gained
Nothing to lose
Slink and grooves
Like a panther moves

93. Toast And Marmalade

We married and the church was made of stone
You were dressed in white and next to me
Yes I could hardly wait to get you home
And we had wine and wedding cake for tea

We waved mum and dad a big goodbye
They wished our lives could be a holiday
Packed books and even kites that we could fly
And we drove our little car down to the bay

We picked up pretty shells left by the tide
We walked our little dog down by the sea
Dreamed our coloured kites up to the sky
And we had toast and marmalade for tea

And we had toast and marmalade for tea
Da da de da, de da de da, de de
And we had toast and marmalade for tea
Da de da, de da de da de de

94. Ode To Barcelona

I have a childish disregard
For opportunity and chance
You've got the music in your blood
It makes me feel I have to dance

Their sweet danger never hides
Ode to Barcelona
And your laughing Spanish eyes

Hey who paints the sky so blue?
Who makes you do the things you do?
The special little things you do?

Riding mosaics of the dragons
Laughing, Gaudi in the park
We prance about like children
Oh your painted eyes so dark

Ride the waves of summer
Wet our limbs with salty sighs
I can feel the moon pull
And the tide begins to rise

95. London In The Summer

Double decker
 Red bus
 Traffic herds
 People crush
 Tired feet
 Shuffle East
 Shopping Fleet
 And Oxford Street
 People standing
 Fifteen deep
 Dreaming sweet
 Of simple sleep

Check the map
 Mind the gap
 London in the summer

Ebbing Thames
 Murky creep
 Soho for a
 Naughty peep
 Cameras click
 Fountain fair
 Postcard from
 Trafalgar Square
 Queens walk
 Westminster there
 See a show
 In Leicester Square

Check the map
 Mind the gap
 London in the summer

Ravens flying
 Sudden shower
 Tales of murder
 From the tower
 Sherlock Holmes
 Number Ten
 Parliament
 And Chiming Ben
 Sculpture, art
 Modern Tate
 Another twenty
 Minute wait

Check the map
 Mind the gap
 London in the summer

Hyde Park
 Kings Cross
 Another tourist
 Getting lost
 The underground
 Is over there
 Monopoly
 Is everywhere
 Tower bridge
 More to buy
 Wax dolls
 And London Eye

Check the map
 Mind the gap
 London in the summer

Shakespeare
 Theatre globe
 Beatles walk
 On Abbey Road
 Black taxi
 By the Strand
 Funny hats
 At Buckingham
 Cricket Lords
 Fields of green
 Crown jewels
 King and queen

 Mind the gap
 London in the summer

96. Amsterdam's Sinking

No doubt when you start sinking
You keep sinking down
I'm a modern-day sailor
This is working girl town
The tourists are only here for a look
But I'm looking to choose
A girl for my book
A girl for my muse
Let working woman meet man
Shit happens all right
Down by the red lights, Amsterdam

I guess I sank pretty low
Just like the way
The old sailors go
By the still shallow waters
Of some old canal
I found a girl like a ghost
With the look of my last
Lost femme fatale
With no soul I guess
I could be dead
A shadow of man
Hey Michelle
You're working late tonight
And surrender is sweet
My eyes shining red like the lights
Down on Blood Street
Amsterdam

Draw back your curtains
Lay back in your room
The light like the look on my face
Kind of dim like the doom
There's no time for talk
Just a payment of fees
Take what you want
But don't kiss me please

Bird in your cage
I'll pay you to sing
But when I took my sword
From your stone
I didn't feel like no king
There's no magic
Like Merlin
Hey Michelle
Why don't you go back to Berlin?
Amsterdam's going to
Sink into the sea, anyway
Hey maybe
You want to stay

Well Amsterdam's
Sinking into the sea
Hey Michelle, ain't that poetic?
it's kind of like you
it's kind of like me

97. Hasta La Vista Baby

There was a weakness in my heart
But my soul was feeling stronger
All together
Made it hard for me to hold
The links in our lover's chain
Together any longer

I saw a light in heaven
I thought it could be
some guide or fate
But it quickly disappeared
What did I see?
I've been thinkin'
kind of strange of late
I wonder if I'm getting too weird
Yeah, even for me
Thinkin' about the
safety of my chains
And the loneliness of being free

Right now
In a Mexican restaurant
In the middle of Germany
Another strange thought
Occurred to me
Do you think I should have
Missed her may be?
Why am I thinking of you?
Hasta La Vista, Baby

Time is made for whiling away
The waitress is smiling, I'd say
Bring me another
shot of Tequila
Thinkin' of your dark lashes
The liquor is warm like
Your dark eyes
My little cupid doll
My head's cloudy from a cold
Or maybe it's the alcohol
Have you been drinking too?
I'm writing this note to you

98. Station Angel

Hiding in the park
Picturing a flower
There's a dragon in the caves
In the dark holes of my brain
Too much torture in the tower
Something screaming down the tunnel
Is it my thoughts?
Is it the train?

You don't believe in love
It's just a story
I think it might be real
I think that I'm in love
You don't believe the way I feel

I took my feelings underground
Caught the train on down
to Kings Cross
Feeling lost, descending into hell
Changing for the Station Angel
I saw nothing new
Thinking of you
This could be my Waterloo

You don't believe in love
It's just a story
I think it might be real
I think that I'm in love
You don't believe the way I feel

Send a postcard with a message
Air mailed hope descends
The chimes count out the time
On the big clock by the Thames
Spinning round on this great wheel
Spinning round on planet nowhere

I'm with you
I don't believe the way I feel

99 Sky In Your Eyes

A child of water
I was of the sea
All the restless oceans
Tides inside of me
All that blue
Uncharted coastline
Fractal edge lines
Discovering the flow
And feeling my mind

Oh lately
There's something
That you can't see
Something's been going on
Between
The sky in your eyes and me

Hasten my hunger
With your fingertips
Moisten the posion
Cherry red on your lips
I'm hearing bad voices
Inside of my head
I'm gonna be making
Some pretty bad choices
Lying down on your bed

So open cloudless
Eyes drift up to light
All the boundless winds
Tempt me to flight
All that sky
Unlimited motion
Where nothing belongs
Discovering wings and
Dreaming my songs

100. Not My Circus

I'm going crazy soon
 Drinking too much red wine
 Howling at the moon
 I told her, "Dear,
 I hate your mother."
 I had an urge to kill the wife
 Chop her up to pieces
 Blunt the big old carving knife
 So I thought I better
 Take another
 Good long look at life

Monday, well I hate it
 It's the worse day of the week
 I think I'll join the circus
 And get paid to be a freak
 Roll up, roll up and see me
 I'm the wild man, I'm the sinner
 The hairy man from Borneo
 Eats maidens for his dinner

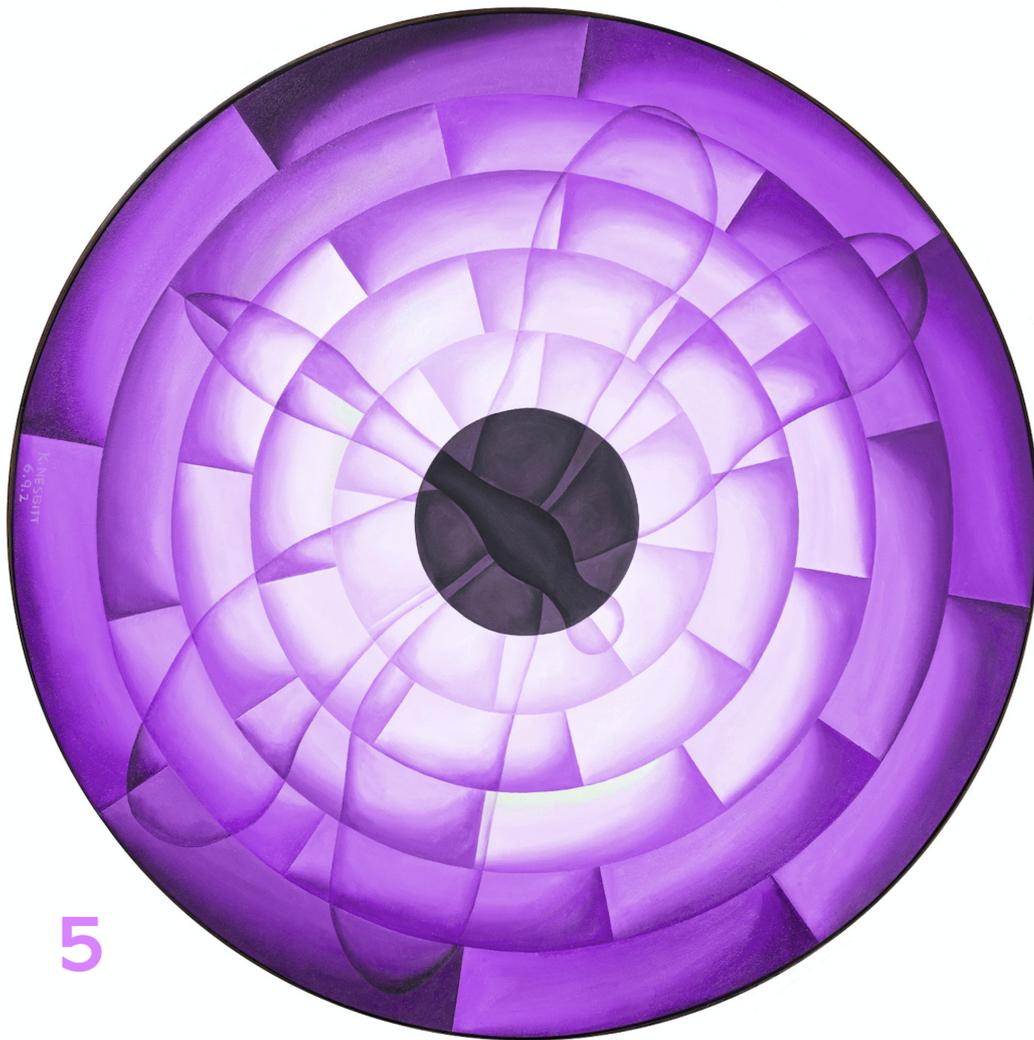

Tuesday is much worse because
 I think I'm getting saner
 Feed me to the animals
 Let me be the lion tamer
 Shoot me from the cannon
 Shoot me up much higher
 I don't need a safety net
 For walking on the wire

(Not my circus)
 (Not my monkeys)
 Wednesday and I'm halfway there
 To nowhere much at all
 Kind people in the audience
 Catch me, don't let me fall
 Dressed up in my underwear
 I'm flying the big trapeze
 I'm diving into nothing
 Tumbling head between my knees

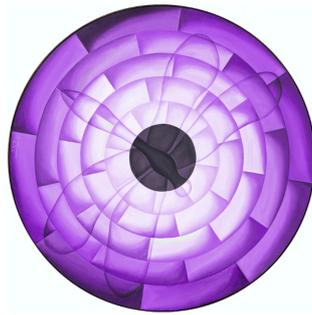

Thursday and the final days
 Are rushing by much faster
 I want to take the whip
 I want to be the great ring master
 Or I could make you laugh
 If you were feeling down
 I'm not too proud to dress up
 Be the fool who plays the clown

Friday and I made it here
 For the final last parade
 I've earned my bed and breakfast
 One more week I'm overpaid
 Don't mistake me for the strong man
 I just couldn't lift a thing
 I'm more the juggler or the acrobat
 On some final fatal fling

101. Clouds Are Making Pictures

The clouds are making pictures
In the sky today
Boats out on the water rock
With a gentle wind-born sway

Wind sings through the
Blue-washed ether gallery
With rare cloud portraits on display
Sings lullabies for a restless babe
In the arms of a mother's sway

You rest easy ride the midday waves
In the warmth of the shining sun
One more fool this world begot
Until the day has rolled away
And you have just become
One more fool that time forgot

The waves are making patterns
In the sea today
The swell is feathered by the wind
And breaks upon the shore

With a sigh of disappointments
From some genies' bottle
These endless waves are poured
Then stranded like some jilted lover
They're left washed up by the shore

102. Doing Life For Mary Jane

My days of woe are not humane
I have a tale, I will explain
From a crack I see an insect crawls
Outside I see another sunset falls
With just me and these lonely walls
So what's the point of staying sane
I'm doing life for Mary Jane

The man he smiled and took my name
I was driving fast along the open lane
I got caught across the county line
Doing five miles faster than the sign
And with a bag of green of the evil kind
Now bars of steel are my dark domain
I'm doing life for Mary Jane

By night the rock of walls contain
By day I swing the ball and chain
The same old tale I have to sing
They did not like my coloured skin
It's fight the law you cannot win
The man he grins and deals me pain
I'm doing life for Mary Jane

Judge I took the risk I can't complain
Only medicine for my lonely pain
But I got three strikes for my weeding crime
And the judge was mean, no friend of mine
Gave me a life of wasted, bleeding time
How much longer here can I remain?
I'm doing life for Mary Jane

103. Black-Eyed Woman

Oh, black eyed woman
Hold me close to you
And show me all these things
That will help me start anew

Oh, black eyed woman
I think I'm gonna lose control
From something in your everything
I'm tense it takes its toll

Oh, black eyed woman
Why do you do these things to me?
Swimming in your eyes
Like I'm out at sea

Oh, black eyed woman
You put the devil in my soul
I only felt like half of me
And now I feel a whole

Oh, black eyed woman
Oh, black eyed woman
You put the devil in my soul

Oh, black eyed woman
Let me hold your hand
I know that all these things
That never follow no plan

Oh, black eyed woman
I think I'm only just a man
While something in your everything
You help me understand

104. Don't Swim Here

You're pretty and there's no doubt
That I can read the danger sign
If I'm quick I catch your eyes
As, they glance into mine

But first you dip your eyes in
To the shallow pools of mine
I know their water's warm, but
It says, "Don't Swim" on the danger sign

I try to look with cool eyes
But somehow they feel so warm
I know you're thinking of swimming in
To the winds of their wild storm

You must heed the warning
For the depths are deep and cold
Don't swim into the eyes of
A man with a restless soul

It's not too late to look away
There is safety on the shore
If you float away on the sea of my eyes
I cannot save you anymore

For I have already swum
Into the coloured lights I see
Amid the pastel waters of your eyes
And I feel them refreshing me

105. Missing The Ocean Blue

I've been singing a song for the ocean blue
I say I've been missing the ocean blue

And I'm stuck inside a dingy flat
Thinking about my home
Wishing I was back
But there's things I gotta do
So I'm singing a song for the ocean blue

I've been singing a song for the ocean blue
I say I've been missing the ocean blue

Well I got problems filling up my mind
Thinking about the days
Since the easy time
But it's a while since that's been true
So I'm singing a song for the ocean blue

I've been singing a song for the ocean blue
I say I've been missing the ocean blue

I'm stuck inside where the day is warm
But I want to be outside
In the winter storm
But there's nothing I can do
So I'm singing a song for the ocean blue

I've been singing a song for the ocean blue
I say I've been missing the ocean blue

Well I got all these problems inside of me
Wishing I was alone
Out on the sea
Riding in the eye and passing through
Singing a song for the ocean blue

I've been singing a song for the ocean blue
I say I've been missing the ocean blue

I say I've been missing the ocean blue
I say I've been missing the ocean blue
I say I've been missing the ocean blue

106. Young Days Of Wonder

Waiting for the sun
To light the ocean
Catching waves
To ride the day goodbye
I spent so many
Young days in wonder
Watching waves roll by

Do memories age much sweeter
Like some well-laid wine
Distance goes so fast
I guess they call it speed
I feel the need
But I don't have the time

Young days of wonder, they go so fast
Young days of wonder, they don't last
Young devils ride the high waves
Cut patterns through the blue maze
Some feelings time don't tame
But it's old fool's dream
And a young fool's game
Young days of wonder
They go so fast
Young days of wonder
They don't last

Morning's in a veil
Of virgin wedding mist
Sun parts from the sea
Lingers like a kiss
Floats up to fire sky
Lighting red the wings
When the seabirds fly

I'm called out by the sea
To stand down by the shore
I hear the big seas thunder
Whisper please don't take away
My young days of wonder
My young days of wonder

107. My Heart's A Masochist

I won't dwell upon the chances missed
The unseen hopes that I have wished
So what am I to do?
I'm not bitter, I insist
My heart's a masochist
It loves the pain of seeing you
And walking away from you

It's torture and it's torment and yet
Somehow still it's sweet
To whisper my goodbye and feel
The pain of my defeat
To feel the strangest fear within
That somehow when we part again
That we will never meet

You warm my like a fire in some
Furnace made for steel
If I walk some more within this dream
Then won't that make it real
I won't return for just my wantonness
The most noble reason I possess
Is the pain that I can feel

I won't dwell upon the chances missed
The unseen hopes that I have wished
So what am I to do?
I'm not bitter, I insist
My heart's a masochist
It loves the pain of seeing you
And walking away from you

But that only just explains for me
How can I be so mistook?
Can't you read the way I feel
Each time you take one look
The feelings in my heart laid bare
Like just so many words are there
On pages in a book

Does your heart pain me for some purpose?
Is it some sadist too?
Does it love to hear my cry of pain?
The sound of sweet adieu
Wouldn't that be fate, a twist
The sadist and the masochist
And you watch me walk away from you

108. Two Weeks In LA

On the Santa Ana Five
Into the City of Angels
On four lanes north
Let the people arrive
On four lanes south
Let the people depart
Watch the people drive
Who is holding the wheel?
Are they men or machines?
Where are they driving their dreams?

Two weeks in LA
Two weeks in LA
Dodging rain and stormy weather
Trying to get my act together
Find some sunny weather
Get my head together
Two weeks in LA
Two weeks in LA

Beguiled by the motion
They ride that bitumen ocean
Into the City of Dreams
Soothed by the sounds
Of modern day minstrels
And radio clowns
They're steering their dreams
Into the City of Angels
Is that where they go?
But this is the rush hour
Why are they going so slow?

Weighed down by devotion
They sink into that ocean
Washed up on the City of Dreams
Called by the glitter
The shine of the stars
The noise and the lights
From the neon lit bars
They're chasing their dreams
Into the City of Angels
But how much more
Can this one city take?
I get the feeling this city
Is ready to shake

109. Love Like Mine

You look awful nice
You've had love
You tried it once
Maybe even twice
You say it costs too much
Don't want to pay that price

But is there nothing
I can say softly
No words that will entice?
Is there nothing I can do
Nicely to make you
Take my wise advice

Some things are fact
There's violet flowers
Then orange berries on
The common matrimony vine
Let's take the straight line
To the skyline
Top of the line

No need to waste no time

When grey clouds gather round
When the sun is gone away
I will hunt it down
I will make it shine
You ain't never had
A love like mine

You can search
But you won't find
One in a million
Maybe, one of a kind
You ain't never had
A love like mine

You look awful sweet
You've had love
Knock your balance
Swept right off your feet
You say it changes nothing
Bad habits just repeat

But there's something
In the kitchen
Come and feel the heat
Can I not entreat you
Very sweetly
Just to taste my little treat

110. Sky Of Dreams

The hunters and the hounds
Are out and hunting
Serve me water
Do not serve me wine
It surely brings me pleasure
But it takes away the time

The tides of all forever
Turned the sea
To jaded greens
Under the light of
Faded moonbeams
While the winds of time
Were restless
In the endless
Sky of dreams

The escapades of heroes
Are told in many tales
Sometimes I feel alone
In even the friendly places
And everything it feels unreal
Like smiles on stranger's faces

The women in the woods
Are wild and wanton
Serve me quickly
I must greet the day
And tomorrow never feels
Like it's very far away

111. Dragonflies On The Wind

There's an advertising logo
On the corner of some sign
Someone's raising the flag
On main square
One more symbol for my mind
Some stranger says hello
I have to stumble for my lines
There seems to be
Meaning everywhere
And I keep seeing signs

I've been meaning to take a picture
Capture your smile
Something's got my soul
And I feel it's power
Every once in a while

I've been meaning to do a lot of things
But I've got to make the time
And there's no recipes for making time
That I know in my mind

Drop the flag, it's sunset
It'll be dark now anytime
Someone's raising the moon
In the night air
I see a picture on my mind
Keep hearing voices on the wind
As they journey across the times
There seems to be
Meaning everywhere
And I keep seeing signs

I had the strangest thoughts last night
Do you think it's just a dream?
A look into our mad
Unguarded thoughts
Floating by on that silent stream

Above the stream of thinking
where the light is turning thin
I see a storm has gathered
And the dragon flies on the wind
The dragon flies on the wind

112. Modern Days

It's a modern world
 Full of mice and men
 In a rat's maze
 It's a modern women
 With these modern ways
 It's a user wants
 It's a user pays
 Nothing's ever simple
 These modern days

Let's switch lanes
 Like always
 It's a long story
 Till the last page
 A sad actor
 On a dark stage
 It's a fire storm
 It's a wild blaze
 It's a wild man
 In a cold cage
 My heart yearns
 With a wild rage

Same story replays
 Just a modern woman
 And a modern man
 In a modern world
 In these modern days

Oh Yes, Yes
 It's a new phase
 Yeah Yo-yo
 It's a new craze
 We dance on and
 The music plays
 It's a modern god
 With modern ways
 It's a sin now
 While the priest preys
 It's a user wants
 It's a user pays

Same story replays
 Just a modern woman
 And a modern man
 In a modern world
 In these modern days

It's future seen
 From a star gaze
 It's a want now
 With no delays
 It's a work hard
 In the heat haze
 Dangerous
 In a sun's rays
 A new high
 Makes the eyes glaze
 It's the same tale
 With the cliches

Same story replays
 Just a modern woman
 And a modern man
 In a modern world
 In these modern days

113. Waiting By The Sea

Watch the sky
Watch the sky grow light
Listen to the sound
Of the new day
Hearing
Bird song all around

I take my feet out walking
Ocean meets the land
The tide is gonna steal away
My footsteps from the sand

A surfer on the sea
Picks a wave out of the ocean
A liquid wall of light
Is curling in slow motion

He's riding on the water
On his blue and angry steed
He finds a perfect balance
Between gravity and speed

Watch the sky
Watch the sky grow light
My days are cast about
I'm waiting by the sea
For the sun to come out

Watch the sky
Watch the sky grow dark
Listen to the sound
The burn of the
Fire and
Red flames all around

I feed the code for music
Into the sound machine
The lullaby of yesterday
Brings a memory, a dream

Inside my hazy past
Drinking on a glass of wine
The lure of welcome memories
And the days I leave behind

I lay my empty body down
Soft pillows for my mind
While night it tries to steal away
My gentle dreaming time

Watch the sky
Watch the sky grow dark
The stars are all about
I'm waiting by the sea
For the moon to come out

114. Heap Of Hope

My used to be she wants to sue
 For something that I didn't do
 Her lawyer wants to rob me blind
 He treats me like I done a crime
 All I did was spend some time with you

They're all giving me the push and shove
 But when love ain't real it's just a fake
 Come on man give me a break
 Ain't a man allowed to make
 Just one or two mistakes
 I mean in the name of love

Some people get high from the peek and poke
 Some crazy folks smoke and toke the dope
 If you wonder why I'm staying high
 I'm living on a heap of hope
 Just living on a heap of hope

When there ain't no fire there's only smoke
 When I'm tied in knots with big thick rope
 It's the only way I know to cope
 But if you want religion best ask the Pope
 All I got's a heap of hope
 Yeah, I'm living on a heap of hope
 Yeah, living on a heap of hope

It seems nothing ever going right
 I'm so tired its late at night
 I can't sleep from sheer despair
 I'm going crazy losing hair
 Until I'm bald there's nothing there
 I'm mad and bald and crazy
 And I don't care

People laugh and point, say I'm a joke
 They're all like frogs one day they'll croak
 And I won't recall the words they spoke
 Listen to me I got the dope
 You just go on living
 Living on a heap of hope

I'm glad to say my lover's hot
 She gives me things I haven't got
 We park out in the twilight zone
 And eventually she takes me home
 And I get sunburn on the lips
 From the heat of my lover's kiss
 Sunburn on my lips
 From the heat of my lover's kiss

I get sad from too long on my own
 When she's not there, I'm just alone
 So if maybe I'm losing touch
 I ring her up and talk too much
 I love her crazy gentle ways
 But nothing's free these modern days
 But I don't want too long to be alone
 And who said talk is cheap is wrong
 Look at the bill to pay, for my telephone

I try to recall the words we spoke
 But I don't recall the words we spoke
 I know we laughed like crazy folk
 I laughed I know she told a joke
 She asked me over to elope
 And we shared a heap of hope
 I know we shared a heap of hope

Ah, well we live on a heap of hope
 Yeah, we live on a heap of hope
 Yeah, living on a heap of hope

They're all giving me the push and shove
 But when love ain't real it's just a fake
 Come on man give me a break
 Ain't a man allowed to make
 Just one or two mistakes
 I mean in the name of love

Some people get high from the peek and poke
 Some crazy folks smoke and toke the dope
 If you wonder why I'm staying high
 I'm living on a heap of hope
 Just living on a heap of hope

115. Jump Start My Heart

I took the road
That no one travels
There were no signposts
Just fading light and ghosts
A girl by the road
On the side I see
Hair rides the wind
Will she ride by me

Haven't we met
Or is precognition?
I can't get going
Is it bad ignition?
If I kick it over
Would you
Jump start my heart?

We crossed a bridge
No directions, no map
No way back
Trouble and me just overlap
And she wore a dress
There was a flower on it
I was getting all wet
Under the bonnet

And she smiles
But is it recognition?
I can't get going
Is it bad ignition?
If I kick it over
Would you
Jump start my heart

I can't swallow
My throat gets lumps
I got a problem with my gas
And the way that it pumps
It's been the same since
The day that I met her
Too much fuel
For the carburettor

So I'm out of breath
Is it poor condition?
I can't get going
Is it bad ignition?
If I kick it over
Would you
Jump start my heart?

Hot little sweet thing
Windows get so misty
Destiny's road is so
Windy and twisty
I breakdown with this
Crazy love illness
I'm unmotivated
To a terminal stillness

It's a love song
But it's a sad rendition
I can't get going
Is it bad ignition?
If I kick it over
Would you,
Jump start my heart

I'm losing my grip
Spinning no traction
Every force has an equal
And opposite action
Won't you lean over
Go beep, beep on my horn
You could burn your fingers
If I'm running too warm

If I said your lovely
Would it be repetition?
I can't get going
Is it bad ignition?
If I kick it over
Would you
Jump start my heart?

116. Oxygen And Overdrive

(Oxygen and overdrive)

(Oxygen and overdrive)

Meanwhile on the road to hell

An angel lay before

No traffic in my mirrors

It's a long way from the law

Wild hair surf the wind

Got that itching on my skin

Throttle's stuck on open

The brakes are wearing thin

Wrap your arms around me

Hold on tight, I am alive

We're reckless on oxygen

Damned and near destruction

Hormones on overdrive

Half-way to combustion

Hormones on overdrive

(Oxygen and overdrive)

(Oxygen and overdrive)

Hitchhiker bound for trouble

Had my soul tattooed for you

Take the risk and ride the danger

What else are we to do?

Pistons pump, the revs on red

Summer heat from the tar

It's a road to new horizons

If you want to go that far

117. Automobiles

I was branded lost and restless
Younger than my measured years
A little fast, too crazy
And prone to shifting gears

Packed a bag of my belongings
Travelled light and all along
My eyes were taking photographs
Sang my memories into song

There's a road
The dark line thins
Down to the coast
Over open fields
Where it all begins
Engine turning wheels
On that road
In metal skins
Chrome and painted steel
A thousand ghosts
Race by in, automobiles

On the night drive to fire lake
Grey gums start a songline
Only distance separates us
And that precious gift called time

I'm another sway of taillights
On the bending tar black stream
Looking for the last slow lane
On the edge of tomorrow's dream

118. Blind Corner To My Heart

Cursing the lost day
Stuck in a slow lane
Needing a big break
Some kind of direction
Grinding to midday
A gap in the traffic
Timing some motion
At the intersection

Hesitating for a
Moment to start
When you took the
Blind corner to my heart
Blind corner to my heart

Yes, you came around the corner
Quite, quite blind
I couldn't see you coming
When you blew my mind
Yes I was thinking about the way
You blew my mind apart
When you took the
Blind corner to my heart

Sign said to give way
Singing some radio music
I'm keeping the upbeat
My foot slowly tappin'
Biding my time
An ordinary day
Not really expecting
Anything would happen

But the way you smiled
Was a piece of art
When you took the
Blind corner to my heart
Blind corner to my heart

Better slow down
Going too fast
Sliding away
Falling to pieces
Coming apart
Skidding the wheels
Taking the corner
Blind corner to your heart

119. Klepto-Love-Maniac

We're in love
 Is there something I missed?
 You're curly, whirly girly
 I'm right round the twist
 We're in love
 Hey that's what I heard
 Tell me how did love get to be
 Such a big, little word

We're in love
 We've been seen lately
 Making love in our cars
 And I can see Venus
 And what about Mars
 We're in love, do you know it?
 Let me hum a few bars
 Mmm-m-m

What's going on?
 The milky maid's milking
 The milky cow's mooing
 You're stealing my heart?
 Do you know what you're doing?
 My klepto-love-maniac

We're in love
 And we've been parked out
 Making love under stars
 And I can see Venus
 And what about Mars
 We're in love, do you know it?
 Let me hum a few bars
 Mmm-m-m

What's cooking now?
 Something smells good
 Is that trouble you're brewing?
 Are you stealing my heart?
 Do you know what you're doing?
 My klepto-love-maniac

We're in love
 Let's give it some name
 Some things rise in the oven
 And it all tastes the same
 And it's never too sweet
 Want to sugar my brain

We're in love
 Ah saints preserve us
 Making love in glass jars
 And I can see Venus
 And what about Mars?
 We're in love, do you know it?
 Let me hum a few bars
 Mmm-m-m

Clamp down the lid
 Screw harder, get tighter
 No turn left undoing
 You're stealing my heart?
 Do you know what you're doing?
 My klepto-love-maniac

120. Drive By Kissing

Another toxic spill
Of sunshine on a Monday
Wishing it was Sunday
I don't want to move
That's life on the treadmill

What's that in the mirror
Are my eyes so tired and red
Aging man with low down
Crazy ideas in his head

My hand begins to tremble
What's next on the list
I'm leaning over now
And you're faking me a kiss

I tune out the TV
What it means
I don't want to listen
I read the papers now
Screaming out aloud
Man gone
Innocent and missin'
Last seen victim
Of a drive-by kissin'

Another wasted day
Forty miles of traffic
Standing still and static
No one wants to move
That's life on the freeway

What's that in the mirror
In a car that's shining red
Vixen with her top down
Putting ideas in my head

My heart begins to tremble
My motor starts to miss
You're leaning over now
And you're blowing me a kiss

I pray out for help
But it seems
No one wants to listen
I see the papers now
Screaming out aloud
Man gone
Innocent and missin'
Last seen victim
Of a drive-by kissin'

121. My Brain's Gone Strange

This real world's a killer
Going to drive me sane
Someone called my number
Why not call my name
Maybe, maybe, baby
My brains gone strange
Driving through a cloud
And I'm looking for a change
Baby, maybe, baby
My brain's inflamed
Driving through a cloud
In the rain

Some things need to change
But they stay the same
Someone told me something
But they didn't explain
Maybe, maybe, baby
My brains gone strange
Driving through a cloud
And I'm looking for a change
Baby, maybe, baby
My brain's deranged
Driving through a cloud
In the rain.

I feel like an animal
Like I'm mad, untamed
Look out for this beast
Cause I'm wild, unchained
Maybe, maybe, baby
My brains gone strange
Driving through a cloud
And I'm looking for a change
Baby, maybe, baby
My brain's insane
Driving through a cloud
In the rain

122. Kissing Point Road

In your eyes I caught the spectrum
Or was it just a spark
In truth I've never seen a rainbow
That glowed so dark
We all hold a saddened darkness
But inside your windowed soul
Was a light inside the shadows
Where everything glowed

Like unexpected sunlight
On the blooming Agapanthus
By the stop lights
On Kissing Point Road

I want to take my brushes
And paint you there
Your big wandering eyes
And your red-ribboned hair
Your mystic distant power
Another naked flower
Where everything showed

Like the sticky stamens
On the blooming Agapanthus
By the stop lights
On Kissing Point Road

The wine and all the music
And the hungers in our blood
Your bangled golden body, all opposed
To your poetic claims of love
And my passion like the tango
Like the tango and the rose
Do you think somebody knows?
Have all my feelings showed?

Like blossoms blue and weeping
On the blooming Agapanthus
By the stop lights
On Kissing Point Road

There's moonlight in the garden
And I need you by my side
But I think the waitress wants me
So it's time you must decide
I don't think I'll disappoint
We'll take our hunger and the road
Till we reach Kissing Point
The moonlight found your eyes
And everything slowed

Like a photo caught the flowers
On the blooming Agapanthus
By the stop lights
On Kissing Point Road

123. Kinetic Energy

You and me

I think

I see

Potential energy

From here to eternity

Scratching the itch

Cut out a heart from me

Deaden the twitch

Nick of the switchblade

Blood like a bitter sea

Smile, disagree,

Sweet tangible enemy

Jump, navigate, drive

Keep me alive

Accelerate to me

From rest to velocity

Zero to infinity

Arms around me

Tasting the speed

Feeling the need

For kinetic energy

Feeding the greed

For kinetic energy

Motion, the motion

Anything, Anything

Just a little more

Of what you want

Kinetic energy

Kinetic energy

It's retrograde freely

Wheel off the track

Danger for company

A panic attack

It's angular moments

Sacred geometry

Feel like the blind see

Be what you want to be

124. Out of My Tree

Well it seems I lost
All of my power
My heart is weak, unwilling
Like a cut and wilting flower
We just left traffic light city
At sixty miles an hour

And the cars all move
One twenty plus
My mind's in second gear
Ah baby, what's the rush?
Ah baby, what's the rush?

Even in the shallows
I'm so far out of depth
Fear a wave of something
As I take another breath

Stranded doing time
One metaphor short of a rhyme
Jailed by coincidence
Locked in without a key
Climbing through the jungle
Out on a broken limb
No way back in
Stuck here and out of my tree

Well it seems I lost
All of my power
Trapped with a distressed damsel
Up in her ivory tower
Condemned and pleading guilty
Waiting for the final hour

The people all move
One twenty plus
My mind's in second gear
Ah baby, what's the rush?
Ah baby, what's the rush?

Even in the shadows
Fame knows how to find me
Better cover my eyes
Those lights are gonna blind me

125. Dangerous Dude

I met a feeling called love
And her sister, desire
I guess there's never a flame
With no fuel for the fire

Fly away like a stone
Flung from a slingshot
Tangled up love knot
Wishing a whole lot
Going crazy with the power
That I haven't got
Going crazy with the power
That I haven't got

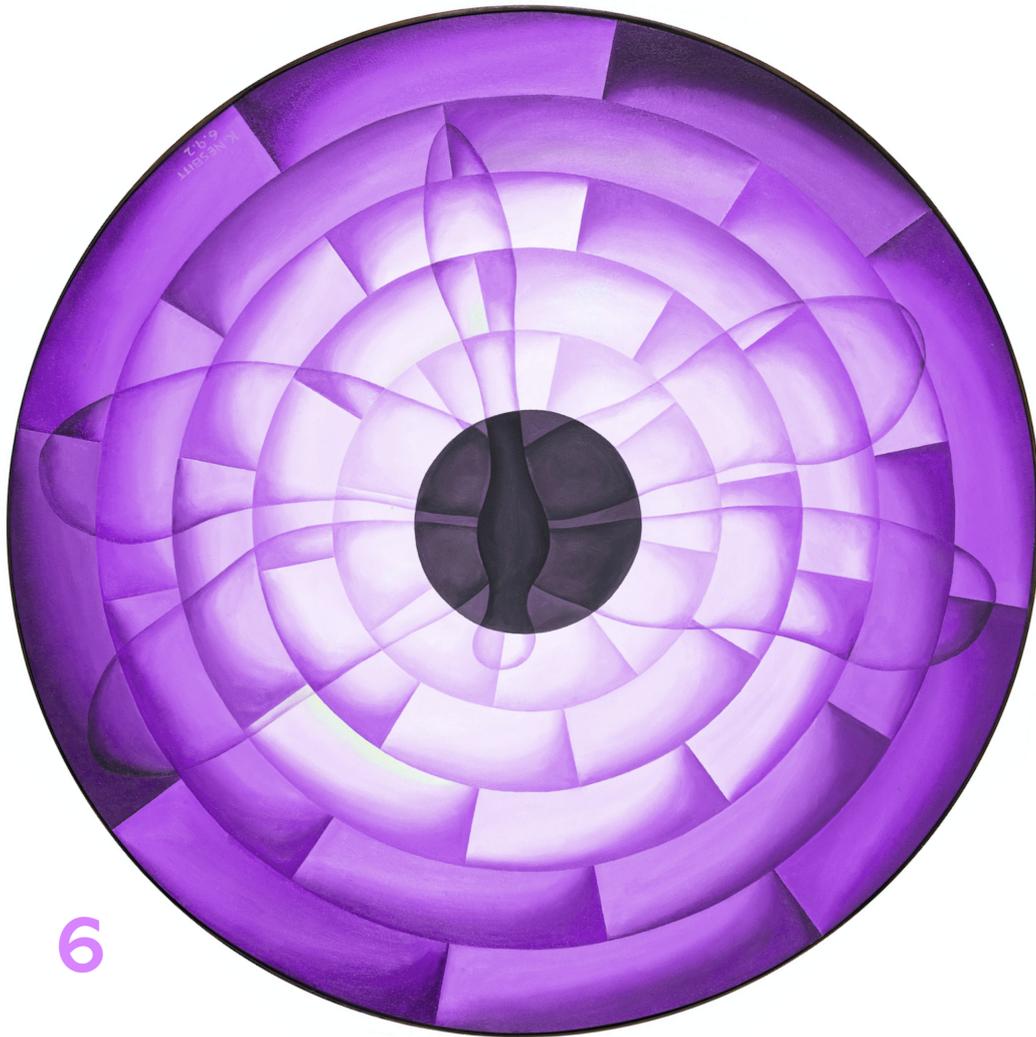

So look out stranger
Call me Insane
I can't wait
I slap, bang, accelerate
Straight into danger again

In the world there is prey
Who the predators kill
Guess there's never a hunger
With no food for the fill

Falling down like a kite
With a torn paper wing
Twisted up love thing
Strangle my heart string
Going nowhere with the token
Of your golden ring
Going nowhere with the token
of your golden ring

You better turn around
If you're hereabout
I can't slow down
You better watch out
For my bad attitude
In a very wild mood
And I get real rude
I'm just a dangerous dude

126. Blue Tattoo

Wheels in motion
Spinning sound
Turned by diesel
They grind me down
Stark images naked
White on white
Unstopped by the last
Red signal light

Catch the faintest déjà vu
One word me, and one word you
I remembered, etched so true
Two hearts on a blue tattoo

Picture shows through
Flickered windscreen
Another lost driven
Dream machine
I saw you once
In my second sight
When I awoke
Your wings took flight

Shift that load
All time has run
Frame the clouds
In misted sun
Rain on roads
Runaway rides
One way diesel
The big rig slides

127. Time On My Hands

I met a girl by the road
Her eyes were on fire
She was jacking the car
She was changing her tyre
I was hoping that maybe
She'd show me a sign
There was dirt on her hands
I had time on mine

She tried to make haste
She was caught in the race
Caught up in the tide
In the passage of time
I was thinking that maybe
I'd throw her a line
There was sweat on her brow
I had a worry on mine

All I said was hello
But it made her head spin
She slipped on the jack
It had broken her skin
She looked at me daggers
I said murder's a crime
Is that blood on your hands?
I have a tremble in mine

I whispered I'm sorry
It was only because
But she liked what she saw
God knows what it was
She was thinking of something
Was she reading my mind
There was a look in her eyes
I had the same in mine

It was only a matter
A question of taste
A question of finding
The time and the space
We were only just pawns
In some greater design
There were keys in her hands
I had time on mine

128. Crash And Burn

Find any faraway place
Where time does not lie
If this was a rocket
Then where would we fly
To that satellite moon
At the edge of the sky

If you're riding with me
There's a lesson to learn
It's a dead, straight road
Got no reason to turn
It's a one-way ticket
There can be no return
We're right on the limit
It's crash and burn

Push the pedal to the metal
Tear a hole in the skies
Got a wish in my pocket
And my eye on the prize
Keep on watching the road
But I'm still seeing your eyes

Only highway heroes
Live this young and fast
Let's capture this moment
Don't let it roll past
Paint it onto my eyes
And make this memory last

129. Car Down To The City

You smiled
You sure look pretty
Let's take the car down to the city

It's late
The night advances
No while for slow romances
In your eyes
The light it dances

You smiled
You sure look pretty
Let's take the car down to the city

We will ride into this rain
Come on hold my hand
I feel a need not to explain
We're going to make it
I know we're nearly there
I got this need to just be moving
To be going somewhere

Now all the horses spurred
Storm is split by spears of light
Ride this thunderbird
Our rubber frictions tarmac
Hear the engines purr
Your hair is midnight black
It leaves my thinking blurred

I'm in love
Ain't that a pity
We're on the road down to the city
Do you love me?
Do you dare?
Open up your windows
Let the wind blow through your hair

130. Big Bad Wolf Blues

I was driving my car
 By the dark of the wood
 I saw a little girl
 Oh she looked so good
 She had on her little
 Her little, red riding hood

What's she doing
 Near this alley at night?
 She could lose her way
 By the dark of this light

I wonder if maybe
 That's what
 She's looking to lose
 I got the big bad wolf
 I got the big bad wolf blues

I said, come riding with me
 Have you got to go far?
 She said, "I'm going up the way
 To see my good grandma"
 I said, why don't you sit down
 And rest your feet?
 What you got in your basket
 That smells so sweet

She shouldn't talk to strangers
 I'm feeling hungry
 So that's my excuse
 I got the big bad wolf
 I got the big bad wolf blues

She looked up at me
 With her big dark eyes
 Looked at me like
 Only a pretty girl could
 From under her little
 Her little, red riding hood

She said "Didn't we meet
 in some great big story book?"
 She said, "What big eyes you have!"
 I said, I need 'em to look
 She said, "They look so lonely."
 I said, are you alone tonight?
 She said, "What big teeth you have!"
 I said, I need 'em to bite

I said, you could lose you way
 By the dark of this light
 Or is that maybe
 What you're looking to lose
 I got the big bad wolf
 I got the big bad wolf blues

I got big teeth
 My pretty young thing
 I'm going to eat you up good
 Little by little
 My little, red riding hood

And the axeman might save you
 Sure the axeman's a hero
 But who would you choose?
 Is it me or another
 Who would you choose?
 To be your big bad lover
 Who would you choose?
 I got the big bad wolf
 I got the big bad wolf blues

She said
 Ah, what a shy deep voice you have
 Ah, what strong hairy arms you have
 Ah, what wild scary eyes you have
 Ah, what sharp pointy teeth you have
 Ah, what a warm wet tongue you have
 Ah, what a long hard
 Ah, my big bad wolf

We could lose our way
 In the dark of this wood
 It's too late to be good
 Let's take of your little
 Little by little
 Your little, red riding hood

Don't fight it
 My little red riding
 'Cause it ain't no use
 I got the big bad wolf
 I got the big bad wolf blues

131. Coup De Ville

It was Friday thirteenth
Unlucky for some
Keen for the jig
Like a sailor on rum
Up on lonely moon hill
Deep water runs still
We made a sum of two parts
In the back of your Coup De Ville

Testing the shocks
In the back of your car
The end was the start
And the coup de grace
Of your love repertoire
Was an arrow to the heart

You rolled back the roof
To look at the moon
Floating in air
Like a weather balloon
You promised a thrill
You moved in for the kill
We made a sum of two parts
In the back of your Coup De Ville

My mother she told me
You'll fall in love one night
I didn't believe her
But my mother was right
And I'll forget you I will
But now I think of you still
We made a sum of two parts
In the back of your Coup De Ville

132. Fates Cross

In noisy chaos of old London lost
Where the King's roads used to cross
Laying in monopoly - Pentoville Road
Waiting for a fate that still refused to show

Contemplating symmetry and strings
Then all the fractal make of things
I still hoped to reach the spirit's plane
Imagining a target, seeking higher aim

There's no one pretty to even talk to
And I'm too sad to even say
The fates are going crazy and
I don't think I'll make the day

Black clouds of fortune hanging low
Storm licking with an evil flickered glow
Checked the time, saw the hours running late
I sensed a moment for some accident of fate

Here caught in a foreign land of strangers
Where each new crossing carries dangers
Nearly run down be a beast of racing steel
Approaching on it's black and squealing wheels

Meanwhile on the restless streetscape
I watched all these fate-less lives escape
Like a million arrows crossed in flight
Targetted to nowhere as I went seeking light

Sensed my best defence would be attack
I joined a train that ran upon a steelly track
And like my fate this train it ran a single line
It ruled a path in space like I ruled a line in time

133. Day We Took The Train

Weathered sleepers, rusty rails pass away in railway graves
Graffiti scrawls on dirty walls in hidden tunnel shades
I look out on the broken glass in unkempt railway graves
The train begins its journey and the station master waves

Listen to the conversations of the strangers on the train
They talk about the weather and they hope that it might rain
Eavesdrop on conversations of the strangers on the train
Seems like all the strangers somehow think the same

The day we took the train to town
The sky was blue
The sun was smiling down
On the day we took the train to town

The mortar from the old brick walls has long been etched away
Old fences lie fallen victims to this war with time they play
Heat streams in from the window and I start to melt away
Become part of this urban decadence, this sprawling slow decay

Some trick of my perspective now converges these steel tracks
The stranger's conversations are just words, not truths, not facts
Held by hypnotic repetition of steel wheels upon steel tracks
A trance, a dream unbroken, as the steel wheels strike the cracks

134. Ned Kelly

Bullets hitting amour, Kelly
They're bound to cause a spark
Sure I shot those constables
At a creek called Stringy Bark

Black trackers on my trail
Oh they say the law will win
Too tired to fear my maker
Though I know to kill's a sin

And I got into living - yeah
Got hooked when I was young
And I ain't giving up until
My time to die's begun

Hiding here for nothing, Ned
Let the killing time begin
Hunt me by the railway
At the old Glenrowan Inn

Go rip up all the tracks
We'll derail the justice train
Thunder, clouds of gun smoke
And a heavy bullet rain

And you're so bullet proof
And maybe I'm not sane
The policeman calls me outlaw
But I don't know who's to blame

I made this coat of steel
I can hide but I can't run
I'd rather stand and fight
And face the trooper's gun

And I go the gallows
Come the rising of the sun
Ah, such is life
My time to die's begun

135. Rescue You

It's sure crazy in this world
At least they are downstairs
That lady's lost her mind
And she can't find it anywhere

She doesn't seem to suffer
From good old common sense
But what she lacks in brains
She makes up with confidence

You don't really mind
You just want dream and sleep
While all her kiddies seem to do
Is just go scream and weep

When the fate train's coming
And you don't know what to do
Hold on baby
I'm coming to rescue you
Hold on baby
I'm coming to rescue you

Your manager is making eyes
And following you home
All you want is peace and quiet
And to be left alone

Your Daddy got into something
Started messing up his mind
Anyway he's never home
Until it's closing time

Mother's screaming something
About too long on the phone
And I can hear her telling you
To leave that boy alone

Now that train is coming
Oh it's just around the bend
Your hands are tied, you're thinking
Maybe this could be the end

They have got you baby
And they've tied you to the track
And that old train's coming
Can you hear it clitter-clack?

Feel that cold steel humming
Can you feel it on your back?
There's a fast train coming
Can you feel that jitter-crack?

136. Blue Grass Girl

Hit the country road
Let the red clay make a mist
Let the dust cloud over me
Until I don't exist

Hills of sometimes green
They're turning yellow straw
Maybe soon to lonely dirt
If it don't rain some more

I'm feeling uninspired
A bit tired of this world
I want to hear her sing
My bluegrass girl

Got a jug of whiskey
Got a banjo on the floor
Her smile says made in heaven
I'm driving to her door

In your sunny corner
Through a forester's plantation
Your voice is heavens choir
It promises salvation

Up on Zig Zag mountain
Going to see that girl again
Right now I'm at the crossing
Waiting for the train

Engine driver on the railway
the grade is very steep
Not too fast on the switchback
the valley's wide and deep

I'm always very welcome
How pleased you are to see me
So clear the room for dancing
I'm a prisoner you free me

Got a jug of whiskey
Got a banjo on the floor
Her smile says made in heaven
And I'm knocking on her door

137. Parting Is A Sorrow

Into the plains there rode a train
On bright threads of silvered steel
Into the time and future
On tomorrows open field
It's so hard to change the journey
Even if that's how we feel

I could stand here
Look into your eyes
They seem so wise
With every smile they show
Parting is a sorrow - you know
We can't make every switch
I have to turn and go
Parting is a sorrow - you know

It's easy when you're younger
There's time ahead to change
Time is like a open landscape
All these wide and endless plains
Beware every day can make you older
Every change can make you strange

We bent our backs we laid the tracks
Like every destination was our last
Now we relax upon our fate lines
As the days blur by and pass
There's not too many stops ahead
And the train it moves so fast

138. Gold Trains

Well Pappa died an outlaw
It was back in thirty-three
Everybody tells me
He was a lot like me
Until the lawmen took his life
Out at hanging tree

The devil took his soul
Or that is what I'm told
And he went robbing gold trains
For a pocketful of gold

Mamma still cries for him
God rest his quiet bones
For never sleeps his soul
It won't ever be at home
Never will it rest there
Beneath that pile of stones

The devil has his soul
Or that is what I'm told
And he's still robbing gold trains
For a pocketful of gold

Blood down on the sheets
Mamma starts to cry
Lawman's lead is in my chest
His bullet in my thigh
I'm going to meet my maker
My gun strapped to my side

The devil took my soul
Like Pappa I am told
And I went robbing gold trains
For a pocketful of gold

I will find his soul Mamma
You just wait and see
For I know where he'll be
Everybody tells me
He's the ghost with the forty fives
Out at hanging tree

The devil has our souls
Or that is what I'm told
And were still robbing gold trains
For a pocketful of gold

139. Outlaw

I feel like an outlaw
If the truth be told
You make me feel dangerous
Like I'm out of control
Wild, rabid emotions
Tearing me apart
When you loiter 'round
Hangin' on my heart
Disturbing the peace of my soul

Two travellers riding the
Time train to nowhere
Fate is the tracks
The travellers share
There's a wind of great change
Blowing back your hair

There's that look in you eyes
Like there's meaning in there
And I'm frightened to wish
But you just might make me dare

Madness is just one more
Way to pass the time
It's a scar that I wear
Like a victim of crime
Let it justify why
Your eyes look into mine

Don't you see what I see
Don't tell me you're blind
I'd stay on this train
But there's nothing here to find

My view is blurred
I'm trapped in a chair
Patient eyes of a madman
They wander and stare
It's like I'm standing still
But I'm still going somewhere

I want to shout, "stop the train"
But I don't really care
I want to jump from the train
But I don't really dare

140. Alcohol And Love

Oh the fickle ways of chance
I could have passed you - nearly
My head was drunk and dizzy
Not even sure I saw you - clearly

We were riding different tracks
And so I almost - missed you
You caught me at the crossing
I was drunk so I - kissed you

Alcohol and Love
Two more things I know
They're gonna take me high
And they're gonna leave me low

All aboard
This time around
In bound for desperate town
And drinking to forget you
I'll be lost
But never found

I was drinking from a bottle and
I was thinking of your dance
How tracks provide a way to ride
These fickle ways of chance

So you can stay for the future
Or you can leave if you decide
For now we ride the same track
But all tracks one day divide

141. About These Trains

For fifteen minutes in the morning
I pretend I'm not awake
It's cold and I'm making little clouds
With every breath I take

I look out this winter morning
Hear those distant sounds on track
And something in the sound
Always brings my dreaming back

In sleep there's been these trains
On a track that leads to nowhere
And I guess I'd like to go there
Though nothing much explains
Why I've been
Thinking about these trains

Down to the sea on these trains
And we're travelling to the coast
And each carriage is full of ghosts
But I don't know their names
Or why they're
Riding on these trains

Don't want to ride on ghost trains
I need the company of strangers
Who are made to brave the dangers
Of sleep's dark and silent plains
Hey let's go
Riding on these trains

Been waiting down at the station
Been dreaming in my sleep
In these tunnels running deep
I've been whispering your names
And I've been
Thinking about these trains

142. Miner's Song

Every day's a night boys
And our heads are full of dreams
Underneath the valley
Digging out the seams

Last night I met this girl
And her hair was black like coal
And her eyes were filled with light
From the fire in her soul

Come on swing the pick boys
Swing it very well
We're gonna dig a hole boys
Dig it down to hell

Maybe gas is leaking
Or the water's seeping in
I hear the timbers creaking
And there's talk of caving in

Maybe tonight I'll see her
And we'll dance the way we do
But now I dig the fossil fuel
And I'm digging it for you

I'll fill the final skip yeah
For the old parallel rail
Let it carry my token
Where the sleepers lay the trail

Take my black face to the sky
Ride this cage and feel it lift
When I dug two tonne boys
Made my tally for the shift

143. Underground

Endless tunnel

Distant sound

Coming nearer

Underground

Travel fast

Well laid tracks

Way ahead

Falling back

Thoughts unseen

My crazy dream

I wonder what

These visions mean

Distant screaming

Rides on steel

Speeding, spinning

Thoughts on wheels

Engines roaring

Racing round

Chasing, turning

Hunt me down

Window view

Fast and blurred

Flying by on

Silver bird

Future coming

Nothing real

Trapped and caught by

Tracks of steel

144. Full Automatic

Cameras keep searching
Take shadows on white
Monochromatic
Stealing the light
Roving the scenery
Shooting full automatic

Don't want to play
It's a scene but it's
Too cinematic
Boring and wrong
Rehearse it again
Till it's full automatic

What you don't see
You don't know
Dead wood and still limbs
Lifeless strings
On the dolls
After the puppet show
What you don't know
You don't see
Dead wood and still limbs
Lifeless things
In the roots
Entwined by the strangler tree

Words are the weapon
Weapon of choice
So democratic
Loading the gun
And aiming their voice
Shooting full automatic

More pits of no time
Juggling jumpy
So acrobatic
Focus and fix it
The robot that runs me
Is on full automatic

The solution I see is
Too problematic
The root of the cause is
Quite enigmatic
The patterns I know are just
Too systematic
It's crap and you know that's
Too aromatic

145. Train Wreck

Tunnels hide us here a while
Familiar shades of dark
Even in the open places
Lost in constant motion
Not recognising any landmark

Wheels keep shifting downhill
On a sliding one-way track
Anyway what's left behind
Falls into yester time
And no turn is turning back

Old engineer
I'm feeling here
A fear I can't explain
It's you and me
Old engineer
And mountainous terrain
There's a head of steam
In the old machine
A horseshoe track
And a rusty train
That no one
Thought to check
And it could fail
In retrospect
I realise
We're headed for a derail
And a twisted train wreck

In afterthought I realised
Something strange occurred
I was climbing on the train
Everyone was leaving and
No traveller said a word

Staring out of my windows
The wheels went rat-to-tat
Last two actors on the stage
When the conductor jumped the carriage
Took my ticket, tipped his hat

146. You're Gonna Tempt Fate

The stars in your eyes
They go twinklin' bye
Smiling kindly
I'll chase you blindly
From pillar to post
You're there and then you're here
You disappear
You scare me like a ghost

I'm not fast
But I am learning
Maybe it's too late
I'm in a hurry
Time lies heavy with the wait
The knots that bind us
Were tied in figure eight
I don't want the rope to fail
But you're gonna tempt fate

The stars in our skies
They twinkle and die
Fate is preordained
A trackbound train
Riding down the line
Heading to mislead
I can read the writing
But I cannot read the signs

I could turn my head to prayer
To the sky you'd hear me plead
Widely it's agreed
In faith I would believe
If God would get you here to me
With all good speed

147. Every Switch

Like a hobo I've been riding freight trains
I've been skipping across the track
Every switch and every station
There's a chance I'm not coming back

In a little country town
On the edge of some lost sea
In some unguarded moment
That's where to look for me

Here the storm comes
And the thunder
Down the rain pours
My pillow's going crazy
Because it thinks its name is yours

I'll be a hobo, catch another fate train
Ride these ribbons made of steel
Every switch and every station
Could change the way I feel

And then out in the fields
All the wildflowers grow
But you know the butterfly's wings
They just keep on stealing the show

Every switch and every station
There's a chance I'll be changing track

Here the storm comes
And the thunder
Down the rain pours
My pillow's going crazy
Because it thinks its name is yours

148. Watching Trains Go By

Sometimes there's not too much to do
Then I dream that I can ride
A train unbound by tracks of thinking
Into the great divide

But there's people in the world out there
There's no train they'd like to try
They stand upon the station
And they watch the trains go by

Don't you won't to be going somewhere?
Are you scared to ride the tracks?
Scared to take a ticket
Scared to choose a destination
Scared of not coming back

These rails of steel can disappear
Into some new distant space
You can ride and watch the changing view
Race to a faraway place

Or you can just wait by the rail side
On the station, waving travellers past
But don't you feel you're standing still
While the wheels keep turning fast

149. Big Train

Do you think I'll go to heaven mamma?
Do you think I'll go to hell?
Do you think I am an angel mamma?
Or am I just the one that fell?

Any day now
Big train's gonna come
Any day now
Black clouds gonna shade my sun
Any day now
Big train's gonna come

Do you think I'll sleep forever mamma?
Do you think I'll wake again?
Do you think I will be a king mamma?
Or will I be poor and plain?

Do you think I'm gonna live forever mamma?
Do you think for all of time?
Do you think my soul will journey mamma?
Do you know what I might find?

Any day now
Big train's gonna come
Any day now
Black clouds gonna shade my sun
Any day now
Big train's gonna come

Do you think that time will end mamma?
Do you think tomorrow comes?
Do you think the world stays dark mamma?
When time shuts down the suns?

150. Runaway Train

You probably know
But I need to explain
I'm a runaway train
And my whistle is
Ready to blow!

Better get off at the station
Anywhere, anytime
Any location
I'm pent up with energy
Nowhere to go
But into a tunnel of sadness
Where the light doesn't show
Your picture is like
A spiritual mystery
You seem like a saint
With a halo glow
I'm caught up with destiny
Nowhere to go
But into a tunnel of madness
Where the light doesn't show

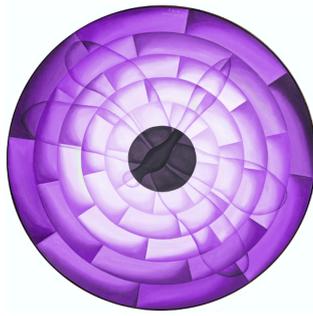

You probably know
I need to explain
I'm a runaway train
And my whistle is
Ready to blow!

By the side of the track
You were riding the rails
Vacant look in your eye
Red paint on your nails
Nowhere to go
But into a tunnel of sadness
Where the light doesn't show
The tunnel is black
Holding steadfast
Feel a panic attack
I'm your Romeo, Romeo
A flame from the past
Nowhere to go
But into a tunnel of madness
Where the light doesn't show

You probably know
I need to explain
I'm a runaway train
And my whistle is
Ready to blow!

151. Oh Picasso

There is music in my thoughts
It's to the tempo of the rains
I see a woman on a staircase
As the water sings down drains

Oh Picasso, Oh Picasso
I see shifting shapes of change
Oh Picasso, Oh Picasso
Space and time are very strange

Oh Picasso, Oh Picasso
There's nothing real
There's nothing real
That I can find
Just your pictures
Only pictures
Only pictures on my mind

Paint some shape
Paint some colour
And paint for me a line

Paint some symbol
Paint some feeling
And paint for me a sign

Paint some picture
Paint me spaces
And paint for me some time

The sights keep reappearing
Still nothing quite explains
The lights are disappearing
Until only dark remains

Oh Picasso, Oh Picasso
I see colours in the light
Oh Picasso, Oh Picasso
Space and time are taking flight

Oh Picasso, Oh Picasso
There's nothing real
There's nothing real
That I can find
Just your pictures
Only pictures
Only pictures on my mind

Paint some shape
Paint some colour
And paint for me a line

Paint some symbol
Paint some feeling
And paint for me a sign

Paint some picture
Paint me spaces
And paint for me some time

152. Thinking

Hear the night sea
See moonlit lovers walk on summer sand
Hold tight on to each other's hand
Waves whisper so soft
They draw you with their sweet persuade
Tempt you like a symphony or serenade

Hear the night crowd
See a restless party on a sidewalk bar
All dressed up and drunk like a movie star
I could stop and drink
Talk merry with the men in this street affair
Drown out my sorrow and my sweet despair

But drinking only starts me thinking
I should be there with you
And thinking only starts me sinking
Into that deeper blue
And sinking only starts me thinking
Back on the thought of you
And thinking only starts me drinking
And it's even deeper too

See the light smile
Hear women laugh with the secrets they hide
Somehow make you wish you were by their side
Beauty's some sweet disguise
Makes them careless in this game that's played
Tempt you with their eyes or some sweet persuade

See the light fall
Here on the streets where there's promises made
To meet in the shadows or the sweet soft shade
I could stop and drink
Watch close all the women in this street affair
Drown out my sorrow and my sweet despair

153. We Live And We Laugh

Everybody asks the question
Nobody knows why
We live and we laugh
We love and we die

I wait by the moonlight
Are you coming to me?
You smile and I think
It's just a shadow I see

Like you're part of a dream
That I somehow forgot
That makes you feel real
When maybe you're not

If I ask you the question
Then will you know why?
We live and we laugh
We love and we die

We wait by the moonlight
For the coming of day
I hold you and think
Of some words I could say

There's a whisper of oceans
On the breeze of the night
It lullabies slowly
Tempt the coming of light

If you ask me the question
Well I won't know why
We live and we laugh
We love and we die

Awake by the moonlight
Feel the coming of spring
I'd promise you something
What do promises bring?

Are you part of a dream
that I somehow forgot
that makes me feel real
when maybe I'm not

We answer the question
Though we don't know why
We live and we laugh
We love and we die

154. Love Comes First

When I sit up late these city nights
I see the stars with shiny lights
I see movies on the television
Full of sentimental reminiscing
With leading man and lady kissing
Soon the leading man is grieving
For his leading lady's leaving

Everybody feels the pain
Everybody knows it hurts
Not everybody lives to let
Their love come first
Sure everybody feels the pain
Everybody knows it hurts
Still love comes first

So hear me pray old Father Time
Oh Father Time! Old Father Time!
Give me the time to work and play
Make me take the time to say
Romantic things they always say
To leading ladies everyday
Like I want you here beside me stay
And please don't ever go away
So hear me pray old Father Time
Oh Father Time! Old Father Time!

Sometimes I feel the pain
Sometimes it always hurts
But please make me live and let
My love come first
Sure everybody feels the pain
Everybody knows it hurts
Still love comes first

When I look out on these city nights
I see the bright and shiny lights
Does every light I wonder shine
On leading men and ladies fine
Wasting love and precious time
Watching movies on the television
Full of sentimental reminiscing
With leading man and lady kissing
Will that leading man be grieving?
For his leading lady's leaving

155. Jigsaw Puzzle Pieces

A crescent moon looks down
 From clear blue summer skies
 In the wave's quiet reaches
 I hold coolness in my hand
 See palaces on white beaches
 Just more castles made of sand

Front seats on the foreshore
 The fireworks scream open
 Burst into New Year skies
 A thousand falling stars
 Cut wounds into my eyes
 Leave after-image scars

I cut away this moment
 With the edge
 Of a dreamer's knife
 I take away this moment
 One more of the
 Strangely disconnected
 Jigsaw puzzle pieces of my life

Morning sun and quarter moon
 Are not too well received
 By revellers on
 The ghost town streets
 Still drinking from New Year's eve
 I feel a sadness and disquiet
 I know the old year ends
 But they laugh and drink
 To coming days
 Count passing time
 Among their friends

Ever changing patterns
 Move across the water
 Lights dance and disappear
 The waters between us lie
 Full of tiny waves that sigh
 And lick on wooden piers

On a seeming endless journey
 Across these waves you ride
 As I welcome the coming days
 That see you at my side

I cut away this moment
 With the edge
 Of a dreamer's knife
 I take away this moment
 One more of the
 Strangely unconnected
 Jigsaw puzzle pieces of my life

I had lived in some despair
 For I never hoped to find
 The one missing
 Jigsaw puzzle piece
 To make my world complete

I knew the missing piece
 Was one of a single kind
 But I was not aware
 That it showed your picture
 So I never hoped to find
 The one missing
 Jigsaw puzzle piece
 To make my world complete

But you somehow came to me
 And made it fit so neat
 The one missing
 Jigsaw puzzle piece
 That made my world complete

I cut away each moment
 With the edge
 Of a dreamer's knife
 I take away each moment
 One more of the
 Strangely now connected
 Jigsaw puzzle pieces of my life

156. Love Hotel

It's one thirty
 If I guessed the time
 A car goes by
 It says just married
 On the window sign
 Well we're not married
 Now there's no time
 Tell me do you still
 Want to be mine?

Your eyes don't speak
 When we talk on the phone
 Let's talk on the pillow
 When we're all alone
 I'm not sick
 But I don't feel well
 Won't you come
 Let's go
 Booking into
 The Love Hotel

It's not much it's just a bed
 Some little place to lay your head
 Lay me down, lay me down
 On the low side of town

Last time we checked in
 I saw you smile
 You wrote some name
 It was not yours
 You're not to blame
 Perhaps it's just as well
 Everybody lies
 Booking into
 The Love Hotel

If love lasts forever
 Does it just fade
 Like cheap hotel
 Old plastic flowers
 We can't stay here
 It looks like rain
 There's gonna be showers

I know the carpet's worn
 And there's one more print
 Of Van Gough's flowers
 And there's no sun there
 But we can rent a room
 And pay for the hours
 It's not the best
 But who's to tell
 Won't you come
 Let's go
 Booking into
 The Love Hotel.

157. I Like It

You wake the fool in me
And I like it
This close
Is very nice
I'm so curious
You're dirty
You wake the devil in me
And I like it
It's very nice
I'm serious
I'm very, very serious

I get a spring in my step
And a gleam in my eye
My heart's gonna sink
Like the old life boat
I get a thought in my head
And a lump in my
Throat

So what are we
Gonna do with me?
If I told you
Would it bring you down?
If I hold you
Would it bring you down?
If I love you
Would it bring you down?
If you love me
Would it bring you down?

I get a fire in my bell
And an dream in my heart
My heart's gonna beat
With a sixteenth note
I get a thought in my head
And a lump in my
Throat

So what are we
Gonna do with me?

158. Halfway Between

I'm like the anti-hero in
 Those modern tragic plays
 You can ask me how I'm feeling
 But I won't know the answer
 Even simple questions
 Seem to trick me these days

And did I tell you?
 Did you know?
 I'm halfway between
 Fighting and surrendering
 Halfway between
 Forgetting and remembering
 Halfway between
 Some highest high
 And the deepest low

I'm not sure which way
 My heart wants to go
 Halfway between
 Being right and feeling wrong
 Halfway between
 Feeling weak and being strong
 Halfway between
 Some highest high
 And the deepest low

The beasts of modern nights
 Are filing down their teeth
 My red eyes smile at you
 In this world all caught between
 The angels far above and
 The devils far beneath

And when I see you
 Did you know?
 I'm halfway between
 This great doubt and true belief
 Halfway between
 Desperate longing and relief
 Halfway between
 Some highest high
 And the deepest low

I'm not sure which way
 My mind wants to go
 Halfway between
 Being good and feeling bad
 Halfway between
 Feeling happy and being sad
 Halfway between
 Some highest high
 And the deepest low

I'm just a frightened actor
 Trapped within this final scene
 These are desperate times
 Forced to play my part
 The audience are murmuring
 And I forget my lines

Here I am
 Halfway between
 Fighting and surrendering
 Halfway between
 Forgetting and remembering
 Halfway between
 This great doubt and true belief
 Halfway between
 Desperate longing and relief

159. Devil Caught Two Angels

I'm tired
I want to sleep
I'm counting sheep
I only made it up to seven
In my dream
The devil caught two angels
Flying, too low from heaven

Did they think that they were flying?
Were they sinking to the fire?
Were they taking him to heaven?

But it was just a dream
So it was very hard to tell
Did the angels lose their way?
Or were they saving him from hell?

Outside was very cold
Inside was very warm
There were ghosts
And there were storms

I felt a shiver and a chill
Ran right down my mind
But it was just a ghosted memory
From in the storms of time

And I'm not scared of ghosts
Even in the darkest night
With an angel to the left of me
And an angel to the right
I think I'm going to make it
I think I see a shining light

Not that I remember, very well at all
Did the devil hold the angels?
Or the angels hold the devil?
I'm not sure that I recall

The sun came up at six
But I closed my eyes till seven
Thinking you will wake from dreams
But you can never wake from heaven

It doesn't matter, anyhow
I believe in ghosts and storms
And I believe in heaven now

It doesn't matter, anyhow
I believe in ghosts
And I believe in spirits
And I believe in heaven now

160. Key To My Heart

Knock! Knock!

Banging on the locks

Twisting on the key to my heart

Don't stop!

Banging on the locks

Twisting on the key to my heart

Drinking, dancing, sinning

The girls are out of school

Education's just beginning

By breaking every rule

Stripping on the balcony

Dancin' on the letter box

Dancin' with my angels

In their little red socks

Knock! Knock!

Banging on the locks

Twisting on the key to my heart

Don't stop!

Banging on the locks

Twisting on the key to my heart

The tattletales are talking

Tongues are doing overtime

I wonder what they're thinking

In their crazy little minds

The sun is rude, it's waking me

But you are by my side

I am your mustang, Sally

So come on ride me Sally, ride!

Knock! Knock!

Banging on the locks

Twisting on the key to my heart

Don't stop!

Banging on the locks

Twisting on the key to my heart

161. Mrs Lee

I can see the future
Nobody wants to see
One day they're gunna throw me
In a hole, Mrs Lee

Let's dance!
I was kind of thinking
It suits you and me
I don't want to be
In a hole, Mrs Lee

I looked at you and
I think you looked at me
Let's disappear
I mean who is going to see
One day we'll disappear
In that hole, Mrs Lee

We could make like monkeys
Maybe swing about the tree
We could go get busy
Like the honey, bumble bee
I know we won't be busy
In that hole, Mrs Lee

I may hang around or
Maybe fly across the sea
Everybody talks about
Their chance of getting free
But nobody ever talks
About that hole, Mrs Lee

It's OK - I understand
If you disagree
Well what will be
Well it will be
Don't you wonder
What won't be
In that hole, Mrs Lee

Yeah It's hard
To tell exactly
What might become of me
But I know I'm gunna be
A long time
In that hole, Mrs Lee

162. Angel's Flight

At the last gasp
In the final moment
Somewhere in between
The dawn of day
And the dusk of night
At the edge of my last chance
I found my voice
I caught my soul
I called it back from the light
I had a dream
Somewhere between
Hope Street and Angel's Flight

Peace inside insanity
Temporary sadness
Nothing much to do
Temporary inmate of
Lost Angeles Zoo
Voices on the inside
Feelings on the outside
Between
The waves of sleep
On the sands of time
And the deep tide

I had a dream
Somewhere between
Hope Street and Angel's Flight

In the lost sound
Of our silent screaming
Somewhere in between
The work of day
And the streets of crime
I was caught in the dream gap
I heard a voice
I held a soul
I found lost angels on my mind
I had a dream
Somewhere between
Hope Street and Angel's Flight

Cracks in my reality
Temporary madness
Can't tell what is true
Shaking on the bars of
Lost Angeles Zoo
Feelings on the inside
Voices on the outside
Between
The waves of sleep
On the sands of time
And the deep tide

I had a dream
Somewhere between
Hope Street and Angel's Flight

163. Some Of Your Love

For the gods in the temple
The sad singer sang
Keeping the tempo
The drummer goes bang

The natives are restless
Where the jungle vines hang
Keeping the tempo
The drummer goes bang

The storm starts a breakin'
From old heaven above
You think that I'm fakin'
My body's all shakin'
Come on and give me
Some of your love

Here with the dance band
The cymbal tin rang
Keeping the tempo
The drummer goes bang

Say some words in the temple
Little mystical slang
Keeping the tempo
The drummer goes bang

I'm so wild in the jungle
An orangutang
Keeping the tempo
The drummer goes bang

Jump straight for your throat
A tiger, I sprang
Keeping the tempo
The drummer goes bang

164. Angels

Well, I was alone last Saturday night
 And I got drunk and I wrote this song
 So I hope that it sounds all right
 Devil calling angel one
 Do you want come out, have some fun?
 Devil calling angel two
 Don't you want to come out too?

Do you think maybe life's a tragedy?
 Do you think all life ends sad?
 Do you think I'm gonna mess your hair about?
 Do you think maybe I'm bad?

Well my lips are bad
 They will not say the words
 Maybe that you need to hear
 But they're gonna make you be bad tonight
 Angels when I hold you near

So you can hold me close
 Angels if you feel that way
 There's not gonna be much time
 before I have to fly away

I must leave before the day's new light
 But there's no real emergency
 Hold me close, I feel strong
 Don't you feel my urgency?
 Don't you feel my urgency?
 Angels when I hold you near
 You're keeping my mind from insanity
 And that's the only ghost I fear

We're tied down by the chains of time
 And chains don't disappear
 Maybe that's the way things will always be
 The future's not too clear

I was looking out on the ships at sea
 There was a strange washed blur to my reality
 And every drink just made me think
 I hope you're coming home with me

I got a feeling that there's something sad
 Angels that you won't tell me
 Like heaven's right there in front of me
 And maybe I just can't see

But there's nothing sad that you cannot say
 Though I'd sure like to see you smile
 And I got a need to be in heavens arms
 Even if it's only for a little while

Do you think maybe life's imaginary?
 Do you think all life's a dream?
 Do you think I'm gonna mess your mind about?
 Do you think maybe I'm mean?

Well my lips are mean
 They will not say the words
 Maybe that you need to hear
 But you're gonna know what I mean tonight
 Angels when I hold you near

Well, I was alone last Saturday night
 And I got drunk and I wrote this song
 So I hope that it sounds all right
 Devil calling angel one
 Do you want come out, have some fun?
 Devil calling angel two
 Don't you want to come out too?

165. Language Of Love

She says, "She's gonna make it
So warm and tight
Just like a cold hand in a glove"
She says, "It's always gonna
Seem just right
That we always should make love"

When she smiles
People stop and pray and say
Is she an angel from above?
When she talks
Everybody listens
Because she only speaks
In the language of love

I meant to ask how do you do it?
How did you make me feel
So reckless young?
But I said that we should do it
With one more slip of the tongue
I was ready and I was waiting
For a answer
To come crawl from her lips
But she touched and answered softly
Etched it with her fingertips

She says, "Sure our love's
It is forewritten
And it may well be divine."
She says, "She only makes
Love from instinct."
But it sure feels like design

166. Mr Taxi Driver

We better take a walk my friends
It's five miles into town
Maybe if we're lucky
We might flag a taxi down
Hey Mr Taxi Driver
Won't you stop and talk
These angels they like flying
I don't think they like to walk

These angels sure look dangerous
I had to take them home
It's no place for wings and halos
And it's dark if you're alone
Hey Mr Taxi Driver
Won't you stop a while
Our feet are getting tired
And we've already walked a mile

Hey Mr Taxi Driver
Thanks for coming by
We appreciate the favour
And I'm gonna tell you why
I was chilled and you might guess
Like the devil I feel the cold
And there's a fireside in hell
Or haven't you been told

I'm feeling rather generous
And I've heard it's good to share
So I'll go with them to heaven
If they think it's better there
Hey Mr Taxi Driver
I'm on my way to hell
It's home and I don't mind it
And it's pretty warm as well

But can we make a stop at heaven
You can keep the engine hummin'
I've got to take these angels home
Better leave the meter runnin'
Or maybe I'll just call you back
When it's time to go
This might take a little while
I guess you never know

Hey Mr Taxi Driver
Talking on the phone
I've been taken by these angels
Won't you come and take me home
Hey Mr Taxi Driver
Won't you come and take me home
I'll be out and waiting in
Heaven's parking zone

167. Mr Devil

You're looking for Mr Right
But I'm not Mr Smith or Mr Jones
I'm Mr Devil
Your soul is in my sight
Come to my home
There's nothing to it
You can always say
The Devil made you do it

Mr Devil, Mr Devil
Come and stand by Satan's side
Don't you look so pretty
Won't you be the devil's bride

Sell your soul!
Sell your soul!
Sell your only soul to me!
Meet me on the sand
Between the Devil and the sea

Mr Devil, Mr Devil
Come and look in Satan's eye
Don't you look so pretty
Won't you live before you die

Sell your soul!
Sell your soul!
Sell your only soul to me!
Meet me on the sand
Between the Devil and the sea

You're looking for Mr Right
But I'm not Mr Smith or Mr Jones
I'm Mr Devil
Your soul is in my sight
Come to my home
There's nothing to it
You can always say
The Devil made you do it

168. Angel With A Sword

The fires lite up one by one
The bells tolled
The message is relayed
The accounts are called to reckoning
Gold and silver must be paid
If there's a price
The price is higher
Than any honest man can afford
For there's a devil riding horseback
And an angel with a sword

The river rises faster
Deeper
Than any man can ford
Bring the ink and parchment
There's a fable to record
Cry
The pilgrims pray,]
Oh lord!
There's a devil riding horseback
And an angel with a sword

A book of lamentations
Many sorrows
Read about the land
A weeping need and desperation
For tomorrows magic hero
Possessed with a sleight of hand
I saw into the mirror
Heard the final chord
I saw the devil riding horseback
And an angel with a sword

169. Petrol On The Fire

Our minds are linked
 You're sending me a sign
 It's like messages on wire
 You can't keep secrets

For goodness sake
 Close your eyes
 They don't make good liars
 Leave them open, look in mine
 Go ahead
 Throw a little petrol on the fire

Sometimes I wish you'd never leave
 I hold my breath and hope aloud
 And even forget to breathe
 When I see you, I can't stay very calm
 And I fear there is no doubt
 You'll have to keep reminding me
 First breathe in and then breathe out

I'm not sleeping well
 I'm up all hours
 But I'm not feeling tired
 If you're waiting wide awake

For goodness sake
 Close your eyes
 They don't make good liars
 Leave them open, look in mine
 Go ahead
 Throw a little petrol on the fire

Let flowers breathe out their perfume
 The air is still this longest night
 Let's dance around the wintered moon
 Once they built bon fires for divinities
 Insanity's too hard to think about?
 Our bodies move faster than the ticks of time
 We're moving in and moving out

There's not one word
 To capture
 All the flames
 That burn in my desire

For goodness sake
 Close your eyes
 They don't make good liars
 Leave them open, look in mine
 Go ahead
 Throw a little petrol on the fire

170. My Oh My

My oh my, little girl
What you do is a crying shame
Out again tonight
Standing in the pouring rain
And making your money
Only brings more pain

Do you see my face
In every man you know?
Do you call my name?
Not tonight
Not tonight
My oh my, little girl
What you do is a crying shame

Street walker
You're sweet talking
Fancy clothes
And a nice new home
And we all know
You love alone
We all know
You love alone

Moving, wasted
Time is hustling
Down and out
In the red light zone
And we all know
You love alone
We all know
You love alone

No please
Don't go tonight
Oh please
Don't go tonight
You can pack your bags
And catch that train
Never ever
Coming back again
No more waiting
In the pouring rain
But you love that drug
So you're here again
A little money, a needle
It only brings more pain

My oh my, little girl
What you do is a crying shame
Out again tonight
Standing in the pouring rain
And making your money
Only brings more pain

Do you see my face
In every man you know?
Do you call my name?
Not tonight
Not tonight
My oh my, little girl
What you do is a crying shame

171. Between The Gap

For very many midnights
And just as many noons
I visited the wanderers
And I saw many moons

A billion miles I travelled
For twenty years across the sky
I death dived into Saturn
Just to burn up when I die

I flew out by past Titan
To see the lakes of space
To take another picture
And send it home to base

Across the void of darkness
I travelled by the star map
On my gentle journey
Just to fall between the gap

173. Sunlight

You love the light of morning
You caught it in your eyes
It's been hiding there for days
And something in your smile
Compliments the sunlight
In a million different ways

Rainbows fascinate me
All splintered coloured rays
Like you still amaze me
In a million different ways

Maybe I've been way too long
Contemplating darker days
And I've had enough of moonlight
In a million tired ways

You're camouflaged by shadows
That my mind casts in its maze
And I've learned your pleasures
In a million subtle ways

Now I'm seeking out the sunlight
And it's brighter shining rays
And I'm looking to the future
In a million hopeful ways

174. Measure Of Things

How do you measure love?
To try is to fail
It's like a fractal
isn't it?
It depends on the scale

But you're not into science
You're into the art of it
I'm Ok with that
It's the simple joy of living
And half of the pleasure
Is all in the giving

And you can't measure love?
To try is to fail
It's like a fractal
isn't it?
It depends on the scale

There's never an end
The moment is frail
It's hidden in secret
And time is a veil
Colour's a feeling
A sunset made pale
The serpent is curled
And swallows its tail

How do you measure love?
To try is to fail
It's like a fractal
isn't it?
It depends on the scale

Oh there's never enough
How do you measure love?

It's the danger of sound
The whirl of the slings
The recurring waves
of the musical strings
The beat of the mystic
Angelic wings
silent spin of a rock
In the planetoid rings
It's kind of hard to define
The measure of things

175. Wild And Abandoned

Love burnt in our eyes
Like stars in the skies
As though our hearts had planned it
I see the waves in the seas
And the wind in your hair
Flying with a wild abandon
Fled with a wild abandon
Sped away so wild and abandoned
So lost and a wild and abandoned

Love left it's mark
And heat on our hearts
As though our hearts were branded
Howling like a ghost
We made love like the waves
In a storm on a sea coast
Tossed with a wild abandon
Lost and a wild and abandoned
So lost and a wild and abandoned

Love burnt in our eyes
Like stars in the skies
As though our hearts had planned it
I see the waves in the seas
And the wind in your hair
Flying with a wild abandon
Fled with a wild abandon
Sped away so wild and abandoned
So lost and a wild and abandoned

Love cried like a call
Till we gave our all
All that our hearts demanded
Haunting like a ghost
Made love like the wind as it spins
In a storm on a sea coast
Blew away with a wild abandon
Flew away so wild and abandoned
So lost and a wild and abandoned

176. Turing Detective

There's always uncertainty
Your eyes reflect
Like mine
Mirror to mirror
Recursion
Leads back to infinity

Disregard humanity
I am a calculating
Program
Gears and gates
All shattered
With insanity

If all those error bits
Stop
Calculating clean
Turing detective
That's my random voice
Caught in their machine

If there's meaning
Suddenly
Of some collective dream
Turing detective
That's my answer
It's caught in their machine

Who is interrupting me?
Reset my
Thoughts to zero
Count it up again
Switch the gate
Please stop corrupting me

The concept of security
Got broken
It's shattered ice
A brittle shadow
The only safe place
Is hiding in obscurity

177. Carbon Black

Your voice is deep with smoke white gin
Back in time where we begin
Upon that map with leatherback
Fragile line of carbon black

Below a sinking moon
Some Gothic horror screams
Blood on scarlet frame
Some mad artist might have dreamed

Wearing shadows
Etched in line
Stretched out
On the rack of time
An ache somewhere
Faint cardiac
Dressed like night
In carbon black
You steal all light
In carbon black

Your breast is carved in silhouette
Tainting youth with faint regret
Beneath no moon your eyes roll back
Copies death in carbon black

Against a burning sky
Dark and passion tainted
On a blue horizon
Some Surrealist might have painted

178. Cross The Road

A bubbly flute of champagne
Another ride on the wave train
Caffeine and cocaine
And codeine for the pain

My mind was weighed by nothing
I could feel its heavy load
I was just this side of sanity
About to cross the road

A shortcut through the passageway
A common episode
A footnote on another day
With a punchline to decode
Why did the sane man
Cross the road?

Recurring phrase in the refrain
Another link in the food chain
Chest pain and eyestrain
Power train for the fast lane

My mind was on a journey
I could feel some thought explode
Yes the place I had to get to
Was just across the road

A shortcut through the passageway
A common episode
A footnote on another day
With a punchline to decode
Why did the sane man
Cross the road?

Why did the sane man
Cross the road?

179. Money Knows How To Buy

In the humble days of
All of my very long experience
It's only been an idiom
It's only been a lie
There's actually
Quite a lot of good things
That money knows how to buy

A ring of silver
Brick of gold
A warmer fire
For the cold
A horde of shiny
Coins to hold
A foreign trip
A car or two
A pretty jewel
A rare tattoo
And that's
Just to name a few

Yeah the electrons jump
the quantum's blink
And there's hard drugs
and soft drink

Nothing but itself and one
all the numbers prime
Oh there's fast cars
and slow time

Some contraband
New heart of steel
A higher hope
A new ideal
That plot of land
An ocean view
A resting place
With a good review
A nice house
On the avenue
And that's
Just to name a few

The clearer view we see
With perfect hindsight
And a lighter day
And a darker night

The unnecessary detail
Slashed with Occam's knife
Oh there's high art
And low life

180. Time In The Mirror

Looking for time in a mirror
Looking for time in a mirror

Some contemplations
It's better to neglect
The unlikeliest of moments
Sometimes just connect
And Time is just an object
But it's quite hard to detect
Somethings have zero symmetry
Like moments don't reflect

And when I think of her
Everything's a blur
Somethings just occur
It's not how it is
Or how it will be
It is just the way things were

Looking for time in a mirror
Looking for time in a mirror

Some fragmentations
Are waiting to be torn
The impermanence of moments
Already they have gone
Time is the devil's spawn
It escapes just as it is born
Looking for time in the mirror
When it's already gone

181. Animator's Cel

All it takes
Is a Carrington event
A solar flare like fifty-nine
To break this piece of time

Non-player character
Your strategy is fine
It focuses on waiting
For that perfect point of time

The music starts to fade
Into the dance
Of the slow persuade
Against the stars
The planets move
In retrograde
I'm some animator's cel
Simply overlaid
I'm overpaid
And quite impressed
By all the plans
I haven't made

From deepest ocean
To vacuum void of space
You're sitting back and watching
Us fools that like to race

I act - its critical
That I at least should try
Urgent for the hoping
Not to let my chance go by

182. Genies In Little Bottles

When everything I want
Seems so out of reach
I go looking for
Genies in bottles on the beach
You ask me
What's the point of this?
But I'd release the genie
Make a wish

I'm washed up on the shore
A castaway, a fool
My tides of feeling ebbing out
Your eyes are like
Tiny, shiny fishes
In a little ocean pool
The way they flash
And dash about
They etch the mirrored waters
And leave no scratch
Your eyes are like
Tiny, shiny fishes
In a little ocean pool
They dash and dart about
They're hard to catch

I fall down on your shore
A wave, I surge and creep
My tides of feeling rushing in
My eyes are like
Warm, stormy waves
From all the oceans deep
They crash and fall
Come crushing in
Steal the silent sands away
And leave no mark
My eyes are like
Warm, stormy waves
From all the oceans deep
They run, come rushing in
They're deep and dark.

183. Kind Of Hard

We rolled on the bitter ground of love
And nothing was the same
I climbed the mountain to above
And told the sky your name

It was winter in my feelings
And I felt a need for flame
And a lot of time for healing
And this need to say your name

Every cut is bound to hurt
And some will leave you scarred
Getting down is kind of easy
Getting up is always hard
If the fire burns too low
Things stay cold and charred
Getting down is always easy, baby
Getting up is kind of hard

We toiled on the battlefield of love
And nothing much was gained
I climbed the mountain to above
And spoke your name again

And I can blame the weather
And blame the sky the same
But no one owes me anything
And no one knows your name

184. Miss Montana

When the sinners have all been sinned
And the air is dry and thin
My wildfires will begin
In the warmth of your devil wind

The chapel tolled a Sunday bell
You rolled me sweet on my farewell
And suggested where I go as well
I don't even know the way to hell

Recline in familiar manner
Proclaim oh lord
And sweet hosanna
Leave me awkward, silent
There's nothing much to say
As the winds of Santa Ana
Dry the sweat from Miss Montana
I guess it's gonna be
Another crazy day

As the winds of Santa Ana
Dry the sweat from Miss Montana
I guess it's gonna be
Another crazy day

And I have left just once or twice
To act upon your best advice
Up into the mountains cold with ice
To search for hell and pay my price

Perhaps my will was never strong
The road it rolled a little long
Truth be told some turn was wrong
But I kept your name to make this song

185. Angel In His Grasp

Sitting, sipping on a cold gin and tonic
 Reading about a villain in a Superman comic
 Either I'm getting weak
 Or this costume's getting tight
 Or there's too much kryptonite
 It I whispered it, perhaps
 With my last dying gasp
 If I said it supersonic
 This is love, it's not platonic
 I want you like the devil
 If I told you on the telephone
 Or sent it in a fax
 I want you like the devil
 Want you like the devil
 Like the devil wants an angel in his grasp

Let me worship you my idol
 On my bleeding knees address you
 I wonder what you're thinking
 When you feel my eyes caress you
 What you're thinking
 Well it's anybody's guess
 Better hope the heavens bless you
 Because the devil doesn't rest
 And if you talk to snakes in Eden
 Cuddle vipers to your breast
 You'll get bitten by an asp
 I want you like the devil
 Want you like the devil
 Like the devil wants an angel in his grasp

Got a pain up in my heart
 Caught a bug or got a curse
 Or a poison in the liver
 Call the doctor, need a nurse
 My hands are all a quiver
 You took away your hand
 And I'm shaking with the shiver
 Why don't you give it back
 My little re-gift giver
 This is sad, it's not ironic
 This is love, it's not platonic
 I want you like the devil
 I was sickening from something
 Think I'm going to relapse
 I want you like the devil
 Want you like the devil
 Like the devil wants an angel in his grasp

Maybe the earth is quaking
 And I'm sadly just mistaken
 That it's not my hands a shaking
 Or my crazy heart that's breaking
 Maybe the world is shaking up
 Maybe the poles will turn around
 They'll have to change the maps
 Maybe the earth is breaking up
 I'm falling through the gaps
 Why aren't you waking up?
 Don't you feel the danger
 Of some imminent collapse?
 I want you like the devil
 Want you like the devil
 Like the devil wants an angel in his grasp

You've got the beads and bangles
 And they dangle on your arms
 You've got the rings and earrings
 And they jangle like alarms
 There's nothing like the magic
 Of a hundred lucky charms
 There's nothing like the devil
 With an angel in his arms
 I can say it supersonic
 This is life, it's not a comic
 This is sad, it's not ironic
 This is love, it's not platonic
 I want you like the devil
 Did you hear me, all I'm doing
 is I'm telling you the facts
 I want you like the devil
 Want you like the devil
 Like the devil wants an angel in his grasp

186. Jerusalem Cafe

The universe
 Was tending fast to entropy
 The light was bending
 Seeking symmetry
 You smiled and
 It just looked like
 We were
 Heading the same way

There was chaos in the cappuccinos
 At Jerusalem café

Integrating histories
 The probability
 That time was just imaginary
 That going back was going forward
 It's all heading the same way

There was chaos in the cappuccinos
 At Jerusalem café
 There was chaos in the cappuccinos
 At Jerusalem café

Your words they stirred a memory
 Swirling like a teaspoon in a latte
 Sugar sweetness sinking
 Like my thinking
 They were heading the same way

There was chaos in the cappuccinos
 At Jerusalem café
 There was chaos in the cappuccinos
 At Jerusalem café
 There was chaos in the cappuccinos
 At Jerusalem café

Attracting
 Opposite polarities
 On the boundary of
 A singularity
 Hitched a ride
 Your eyes distracting
 We were heading the same way

There was chaos in the cappuccinos
 At Jerusalem café
 There was chaos in the cappuccinos
 At Jerusalem café
 There was chaos in the cappuccinos
 At Jerusalem café
 There was chaos in the cappuccinos
 At Jerusalem café

As a multifractal statistician
 To repeat was my suspicion
 Even with the same
 Begin conditions
 We could have
 Ended different ways

187. Deja Vu

Deja vu

I thought of you

What am I to do?

Logic never changes love
There was nothing I could do
I was still alone here with
My fears and feelings for you
I know, everyone knows someone
They can't quite forget
I was playing roulette
With my life and with my pay
I had a pocketful of five-dollar chips
In the casino by the bay
I had some things to tell you
But you were far away
Far away from me
Far away in time
Far away in place
Far away in thought
and every other way
that there could ever be
I wore my rose-coloured glasses
But there was still
Only sadness I could see

Deja vu

I thought of you

What am I to do?

I'd lost five times on red
But I had a certain feeling
That my colour soon would win
The chances didn't change
Or that's what logic said
As I waited one more spin
And logic never changes feeling
The last lesson I'd learned of late
As I took another drink
The little ball was skipping on
That spinning wheel of fate
All the colours span
In my alcohol they swam
The little ball made a dance
The croupier was smiling
She toyed in games of chance
She had rings on the wrong fingers
I was calculating odds
She was telling me the rules
Her hair was dunes of sand
And her eyes were ocean pools

Deja vu

I thought of you

What am I to do?

188. Second Time Around

A leaf falls with the season
It hardly makes a sound
I bet it feels like half an hour
Before it hits the ground

Looking out to space
And back to time
Life is something
Mind and matter
So I guess that I
Must be the latter
For I don't mind
That I don't matter

I heard nothing's perfect
No need to feel so down
We can always fix it up
On the second time around

Lines of power from the east
Water tumbling down
Get trapped inside a silence
Nothing making sound

Clocks slow down
In motion's blur
Tending to exist
Seeming to occur
Turning from the sun's
Timeless picture show
Measuring the length
Of my own shadow

I heard nothing's perfect
No need to feel so down
We can always fix it up
On the second time around

189. Xray Eyes

Thoughts spread like the tendrils
Like the creepers on the vine
Twisted in a knot of logic
Everything entwined
My Xray eyes
Were looking for the skeleton
The patterns laid in time

I studied history
The sky was a deep black river
And the moon a ghostly boat
My soul was agony and ecstasy
A scream stuck in my throat
You're safe inside your castle
Guess I'll have to swim the moat

The days were stretching out
Summoning my powers
For the energies to roam
The future was a mountain
Solid made of stone
My Xray eyes were weeping
For I felt so left alone

I studied history
The sky was a deep black river
And the moon a ghostly boat
My soul was agony and ecstasy
A scream stuck in my throat
You're safe inside your castle
Guess I'll have to swim the moat

Guess I'll have to swim the moat
Guess I'll have to swim the moat
Guess I'll have to swim the moat

190. Devil's Dealer

Entangled let
The time begin
The up and down
Of the photon's spin
For red or black
And who will win
As the devil's dealer
Smiles a grin

It was three
And it was morning
There was a light upon horizon
I guess the day was dawning
And the lesson I was thinking
Was the curve of space
Is distant
And I naturally hate gravity
And our tendency for sinking

It's normal
I'm feeling crazy
The world is filled by maniacs
Perhaps some wonders
I could nearly maybe do
If I could keep on track
I could make
Some amazing observations
If I could get my mind back

191. Soul Of Singing Sorrows

You smiled a smile
It caught my eye
I felt some itch down
In my fascination
Now I think of you
As I tend to do
And scratch hard
On my infatuation
But truth be told
I'm very bold
I have an over
Strong imagination

And from the past
We find the means
And yes, the future borrows
She left me to
My drink and dreams
My soul of singing sorrows

She left me to
my drink and dreams
my soul of singing sorrows

You stopped a while
To your surprise
I touched your
Ancient inhibition
From what I know
You had to go
Return to some
Previous position
But I'm not sold
On worlds of old
Or your sudden
Urge of intuition

192. Evening Sky Was Indigo

I saw a single shining light
Too bright a light to be a star
Nothing but the evening wanderer
Reflecting light from the very sun
That even now was sinking low
Even while Venus shone so bright
In an evening sky of indigo

Headed towards the last of day
A fear of falling sad
Like a fear of falling down
A dizziness like vertigo
Even while my heart was blue
The evening sky was indigo

As shadows from our tired world
Fell on the faded, evening skies
They made darker Merlin's hue
A shadow from the underworld
Fell on my jaded, evening eyes
And they grew darker too

I found a hope that darkest night
I wish I was that planet now
Unchained in the evening sky
A wanderer in a sea of stars
Bound, not ken to the maker's flow
Even while I shone so bright
In an evening sky so indigo

193. Rusty Babies

Lazy robots and their children
They were caught out in the rain
And now there's only crazy ladies
Rusty babies
And everyone's insane

And the flute will sing
While the old voice chants
Go and play the dead song
Let the happy ghosts dance

And the wind will sigh
Make the tolled bell ring
Go and play the dead song
Let the happy ghosts sing

Lazy robots and their children
They were caught out in the rain
And now there's only crazy ladies
Rusty babies
And everyone's insane

(Well I'm not - I'm OK)
(Obviously)

And the lights will dance
While the clapped hands drum
Go and play the dead song
Let the happy ghosts come

And the night will call
With the haunted lullaby
Go and play the dead song
Let the happy ghosts fly

194. Great Deceiver

Hook me to the love machine
Turn it on
Tug upon the lever
Into the flames throw books of poetry
Followed by the make-believer
Love

Happiness you take her
Maybe you better leave her
Hidden in the folds
You find a thousand sins
in the pockets of the great deceiver
Love

Go on turn it up
The love machine
Wipe my brow
And feed the fever
Let me fall back in the arms
Arms of the great deceiver
Love

Tortured on the love machine
What demon
Could conceive her?
Contemplate the darker threads
in the fabric of the great hope weaver
Love

Sever me like
The executioner
Bringing down the cleaver
Six innings into nowhere
Calling for the great reliever
Love

195. Three Days Gone

The time is now
 In the witching hour
 You're using all the
 Hot water in the shower
 My head seems so confused
 Seems like
 My love has been refused

I know what you're like
 You dirty all my clothes
 You don't kiss me
 You stand on my toes
 Till my face turns red
 Wake me in the morning
 And kick me out of bed
 You don't, kiss me

So let me put my feelings clear
 I wish I was
 Three days gone
 Three days away
 Three days out of here

The time is moving on
 Oh, how I get to hate her
 It's got to be at least
 Thirty six cigarettes later
 She's got to say goodbye
 But I don't think
 That I can make her

But I know what you're like
 You only hold me close
 When you want to pick my pocket
 You'd steal away my car
 If I didn't think to lock it

I'm filled with fear
 I wish I was
 Three days gone
 Three days away
 Three days out of here

I know what you're like
 You dirty all my clothes
 You don't kiss me
 You stand on my toes
 Till my face turns red
 Wake me in the morning
 And kick me out of bed
 You don't, kiss me

So let me put my feelings clear
 I wish I was
 Three days gone
 Three days away
 Three days out of here

So it comes to this
 One last goodbye
 I could maybe feel sad
 But I'd have to really try

But I knew that soon
 The time was due
 Adieu - that's French
 It means goodbye
 It means
 I won't, kiss you
 It means
 I won't, miss you

It means next time
 When you look around
 To see if I am standing near
 I'll be
 Three days gone
 Three days away
 Three days out of here

I'll be
 One, two
 Three days out of here

196. Custody

Was it late in eighty-three
In that century of the common man
Fate was saying that it had to be
Your charm was there arresting me
You took me in your arms
Into custody

We danced under the sky
To our favourite tune
Three-quarter time
And a three-quarter moon

Well if you shine all bright
That's the way you are
Venus my light
My evening star
Lock the door
And take the key
Fate is saying
That it has to be
Take me in your arms
Into custody

Now it's late in ninety-three
Still that century of the common man
Fate is saying that it has to be
Your charm is there arresting me
You take me in your arms
Into custody

If you search you will find
Where do we start?
To search and to find
That place for our hearts

197. Jo You Know

Oh Jo, you know
 The music's getting faster
 Would you like to dance it slow?
 I've got an urge to take you somewhere
 But, there's nowhere we can go
 Oh Jo, you know, I'm thinking
 Is there's some place we could go?

What would mom and dad say
 If I took you for a ride
 Oh Jo, you know, they would be furious
 And what about my bride
 Oh Jo, you know, I'm getting curious
 To lay down by your side

Oh Jo, you know, the world is getting colder
 And the sun is sinking low
 Oh Jo, you know, I'm getting older
 Is there some place we could go?
 Is there some place we could go?

I could sink into your eyes
 Like deepest oceans
 And hope to drift like wood
 Oh Jo, you know, I'm getting weaker
 I don't think I'd swim too good

Our minds are deep and dark and secret
 Made to hide the hopes we keep
 We could only make fun not fairy tales
 It's best you fall asleep
 Oh Jo, you know
 I'm not good at making promises
 That I could never keep

Oh Jo, you know, I guess I sound delirious
 I'm crazy, does it show?
 Oh Jo, you know, I'm serious
 Is there somewhere we could go?

Oh Jo, you know, the world is getting colder
 And the sun is sinking low
 Oh Jo, you know, I'm getting older
 Is there some place we could go?
 Is there some place we could go?

Do I scare you?
 Are you crazy?
 Do you want to take my hand?
 Oh Jo, you know
 I think you understand
 That I am only just a man

Oh Jo, you know, my heart is beating faster
 Would you like to dance it slow?
 Oh Jo, you know
 I think you're thinking what I'm thinking
 Won't you tell me that it's so?
 Oh Jo, you know, I'm thinking
 There must be some place we could go

Oh there must be some place we could go

198. Dim Memories

Dim memories
 Is that all that's left
 Dim the lights
 Close your eyes
 Forget
 Close the lights
 Lay your head to rest

Eyeing all
 The scenery
 A flash of flesh
 Jungles in the greenery
 Sweet scents
 Return to me
 Attracting my attention
 Smiles
 The wiles
 Of feminine convention
 Sublimely sexual
 Hinting
 Just a mention
 Fading now
 No retention

Dim memories
 Is that all that's left
 Dim the lights
 Close your eyes
 Forget
 Close the lights
 Lay your head to rest

Notes lost
 In passing time
 A flash of memories
 Oh, the dark mind
 Fading lithographs
 Etched in failing line
 Faint recall
 Ageing epitaph
 Scrawled in weathered line
 Buried deep
 Another withered sign
 I cannot find
 Inside that
 Unkept cemetery
 Of mine

Dim memories
 Is that all that's left
 Dim the lights
 Close your eyes
 Forget
 Close the lights
 Lay your head to rest

199. Sail Again

My life has been
Like a ship out on the sea
And with a good wind at my back
It was the only place to be
Though it was tossed or turned
Once a time or two
Many was the dusk sky red
And the dawn a burning blue

Following the waves that rolled
In the still of equator's warm
Or where the arctic winds blow cold
I weathered the many a storm
And lived to sail again
Like a ship out on the sea
And with a good wind at my back
it was the only place to be

I met a hurricane heading south
While I was northward bound
My compass was in doubt
And I almost ran aground
But I lived to sail again
Like a ship out on the sea
And with a good wind at my back
It was the only place to be

I was carried by a torrent
And marooned in foreign wars
Then driven by a current
To land on peaceful shores
There I lived to sail again
Like a ship out on the sea
And with a good wind at my back
It was the only place to be

The ocean I'd like to thank her
For telling me to settle down
And now I just live anchored
In the shelter of a quiet sound
Though I live to sail again
Like a ship out on the sea
And with a good wind at my back
it is the only place to be

200. Hocus Pocus

Have you noticed
I can't focus
Pretty means
I fall in love
You're pretty
Modus Ponus
Mumbo jumbo
Hocus Pocus love

Trickery in a low-cut dress
Done with mirrors
I would guess
All shooting flares
And S-O-S

The strangest urge
I can't suppress
It's primitive
No need to stress
I don't plan
We coalesce
But I get tempted
Nonetheless

That craving need
For sweet caress
Forbidden things
I can't possess
A romantic lost
More or less
A faulty chip
In my G-P-S

Trickery in a low-cut dress
Done with mirrors
I would guess
All shooting flares
And S-O-S

So I stumble blindly
For some kindness
One step back
And no progress
It's a sickness
I can't convalesce
Better swallow my medicine
Nevertheless
