Forward

This is the second volume of *The Dragonfly Songbooks:1001 Songs* and contains books 9-16 and songs 201-400.

The songbooks have been organised into 5 volumes, each volume containing 8 books and about 200 hundred songs. Volume One contains songs 1-200, Volume Two has songs 201-400, Volume Three has songs 401-600, Volume Four has songs 601-800 and finally Volume Five has songs 800-1001.

These 1001 songs were selected from songs written between 1976 and 2022. However, the songs are not ordered by time. Rather, they have been grouped somewhat randomly. So, you may find very early songs mixed in with much later ones. Perhaps the earlier volumes contain songs with a slightly more complex lyrical structure. All the songs have also undergone a fair amount of editing over the last few years (2022-2023). In some cases, the early lyrics have changed quite a lot as the times have changed along with my own writing influences.

For me, the words tend to happen when I have a sudden shift to an opposite viewpoint. The six main things that tend to cause this shift I call my six muses. They are Sky, Sea, Heart, Soul, Time, and Place. These elements often cause a change of perspective in me. So, you may find these six elements recurring across the collection. You will no doubt find other recurring patterns and themes. Over time, I've become aware of many of these patterns, particularly a pattern I call "Simplicity" which I often use to help create the song. This pattern seems to have always been there, subconsciously appearing in the early songs. I have used this pattern more consciously since about 2001 to help construct ideas within a song.

In general, the songs are not autobiographical, at least not in a particularly honest way. They are a product of imagination and a lot of poetic licence. I would certainly never let reality get in the way of a good line. While some songs do contain parts of me, I'm more the sum of all the parts you will find here.

The collection is intended as a source of raw lyrical material for musicians. Most musicians I have worked with, like the words printed on a single page with space for annotating chords and other notes close to the words. As much as possible I've tried to allow space for making these notes, while still trying to fit each song onto a single page.

I tend to write the words to a particular rhythm and phrasing so they will scan to some music in my own mind. However, when I work with musicians the words may change to suit the structure and feel of the final musical style. Some lyrics need more careful structure, especially if you are working to a precise melody and need consistent emphasis at some place in a line. Some styles seem to support more variation in word structure. The 'feel' of the song is always critical and the music and words may need to adapt with each other to get the best result.

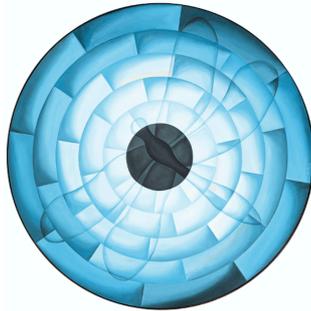

So, it is certainly not unusual for the words to change as the music is written. For example, the rhythm, melody and even speed of the song can impact on the way the words scan. In most cases these words have already been through many editing phases and should be ready for music. In some cases, the words might benefit from further edits to better complement the music. If you can find me, I'm happy to try and help in this process.

Please provide appropriate attribution if you decide to use the words in one of your own projects. Personally, I think creativity works best when it's fun. Fine tuning, and final production of a song can be a bit of hard work, but hopefully it remains fun. Again, I'm happy to help if you can find me. Anyway, I hope you enjoy the words and find them useful. Most of all, have fun!

201. Gypsy Eyes

Today there is a clear sky
And tomorrow there's a storm
It's night and then it's dawn
And then
Your gypsy eyes are gone

Tell me of tomorrow
Of the things not yet to pass
Put your hands upon the crystal
Let us gaze into the glass
The day our two lives crossed
Was the day that I was cursed
Come take my palm
And tell my future
There is silver in my purse

We all travel lonely highways
From the day that we are born
It's night and then it's dawn
And then
Your gypsy eyes are gone

We bide our place
Within the whirl of time
Beyond the witches' hour
Should we exchange a gift?
Maybe of golden rings
You fill my thoughts with power
And you give my hopes such wings
Look into my eyes and tell me
What the future brings

Today there is a clear sky
And tomorrow there's a storm
It's night and then it's dawn
And then
Your gypsy eyes are gone

What wonder do you see?
Some trace of magic
Once seemed lost with time
A fleck of potent charm by chance
Somehow left behind
I see inside your wise
Your dark, your nomad eyes
You smile, I see
There's first light in the skies

We all travel lonely highways
From the day that we are born
It's night and then it's dawn
And then
Your gypsy eyes are gone

202. Rock Hills

Up in the Rock Hills
Where the flower bloom reminds
Some other day in spring
Up in the Rock Hills
Where the gentle skies unwind
Songbirds dancing on a wing
Up in the Rock Hills
In the masterpiece unsigned
With the sunlight colouring

Gonna take you to a secret place
Gonna lay down in the field
Hope all secrets are revealed
Behind your smile and lace

Photograph your pretty face
with the camera in my mind
Store it there for all of time
hope it never gets erased

Feel the winds whisper and embrace
Stir the hair about your eyes
Hold any thought that might arise
Let the moments interlace

Is your blood about to race?
With your mind and with your heart
I feel something could well start
If there is time, if there is space

203. To The East

The hooves were gently revin'
As I rode the sky eleven
I steered my captured beasts
To the ocean, to the east
The day had yet begun
The road was dark and open
So I let the horses run

It was nice to feel the movement
Like I was racing all of time
And I held a brief advantage
For a moment in my mind

I dreamed the shape of time
I'd been working on a theory
I started adding to infinity
But it made me slightly weary

The hooves were gently revin'
As I rode the sky eleven
I steered my captured beasts
To the ocean, to the east
The day had yet begun
The road was dark and open
So I let the horses run

It was nice to race the moments
And the distance all of space
And I held a brief advantage
But I couldn't hold the pace

I dreamed the shape of space
But no one seemed to care
I started adding to infinity
But only made it halfway there

The hooves were gently revin'
As I rode the sky eleven
I steered my captured beasts
To the ocean, to the east
The day had yet begun
The road was dark and open
So I let the horses run

The road was dark and open
So I let the horses run

204. Gypsy Of The Sea

Down by the water
Where the ocean always calls
I feel another season lost
As the summer slowly falls

Down by the ocean
Where the blue-green water waves
Tireless to the sandy shore
To etch the rocky caves

Down on sandy shore
Wait with the summer's falling rays
There was no plan or purpose
Maybe I'd wait for all my days

When you snuck up to me
I only felt your shadow
As its darkness covered me
The first thought that I had was
You were just another ghost
That needed to be free
And the first thing that I saw
Was the ocean in your eyes
My lost gypsy of the sea

And the first thing that I saw
Was the ocean in your eyes
My lost gypsy of the sea

Down by the water
You told me your life's tale
Your voice it spoke in melody
Though yes the tune was frail

Down by the ocean
Is where you seek your lover's soul
You lost him there so long ago
Or so your story told

Down on sandy shore
You cried your salt and water tears
You thought perhaps I sought for you
At last across the years

And the sun was failing fast
We felt its shadow as
The darkness claimed the sea
The last hope that I had was
You would not leave my side
You'd spend the night with me
And the last thing that I felt
Was the warm breath of the ocean
My lost gypsy of the sea

And the last thing that I felt
Was the warm breath of the ocean
My lost gypsy of the sea

Down by the water
How we stayed awake that night
For ghosts can never sleep you said
And soon you would
Leave me with the light

205. Berry Of The Wine

Your touch etched slow
And warm
The way
The shades of summer
Draw across
The last
Of any day

Oh the time was very merry
Though temporary
You were mine
While the vine grew very heavy
With the berry of the wine

Oh temporary
You were mine
While the vine grew very heavy
With the berry of the wine.

Your smile stretched wide
And fled
The way
The days of winter
Seal across
The past
And never stay

Oh the time was very merry
Though temporary
You were mine
How my head grew very heavy
With the berry of the wine

Oh temporary
You were mine
How my head grew very heavy
With the berry of the wine

206. The Sky

You can take the water
But the spirit will not die
You took away the land
But you cannot steal the sky

I heard the rolling thunder
But the white man told a lie
I had shifted to my totem
In the storm as the dragonfly
I followed the river of time
Across the shade where the river led
Returned to the land of the spirit
I moved with the soul of the dead

You can take the water
But the spirit will not die
You took away the land
But you cannot steal the sky

And if you took the sun
Then that might make it night
But if you took my eyes
You would not take the light

You wish to buy the world
Like some trickster come to me
The great spirit closed my eyes
But it only helped me see
I sold you nothing that I owned
I knew the white man lies
I dance beneath the setting sun
And under the moon I rise

207. Wings Of Icarus

Swiftly cupid's arrow
 Pierced my armour
 My armour cold and strong
 I thought it just a flesh wound
 Though I guess that I was wrong

I stood atop the mountain there
 Whispered words to sky and air
 But every word it bore no weight
 It drifted lost like clouds on fate
 Still on the mountain there I wait

Most foolishly I wished
 For love to make me wings to fly
 To carry me across times tide
 To safely bring me to your side
 When I think of the wings of Icarus
 I think love's wings are made as such

I was a dragon in a cave
 A beast all full of flame
 Hiding on a mountain
 Simply waiting to be slain
 Or a knight up in his castle
 By my empty wishing well
 Searching for my princess
 To kiss and break my spell

Swiftly cupid's arrow
 Pierced my armour
 My armour cold and strong
 I thought it just a flesh wound
 Though I guess that I was wrong

Though time is past and thoughts forgot
 Some thoughts return and some thoughts not
 Sure your fire's in my memory
 It ebbs but never cold
 It has the power of the alchemy
 To turn my heart to gold
 So even now I think too much
 Of your smile that held this Midas touch

My mind a stormy night and host
 To your spirit like a troubled ghost
 In all my memories everywhere
 You my princess haunt me there
 My fate had once been etched in place
 In ink that I could not erase
 And ever as I ran from you
 The harder cupid chased

Swiftly cupid's arrow
 Pieced my armour
 My armour cold and strong
 I thought it just a flesh wound
 Though I guess that I was wrong

So even now I seem to wish
 Even though I know as much
 Only fools would soar above
 On wings of love
 For these are the wings of Icarus

208. Thunder Sea Flow

I see a flash of light in the thundering sky
Light the clouds like a temple for the gods on high
I feel a flash of wonder for the lightening sky
Is someone looking down from the clouds on high

I hear the waves fall and the thunder sea flow
Is it anger from the temper of the gods below
I feel I'm going under in the sea dance flow
Is someone looking up from the water below

I see a flash of light from the thunder sea flow
A flare lights the sky from a ship below
Slowly going under in a sea dance flow
Caught up in the tempest of the gods below

The flare light flashes in the thundering sky
Like a cry for mercy to the gods on high
Lift me to the wonder of the lightening sky
Take me to the temple in the clouds on high

209. Cat's Eye

Your ring it held the magic of an ancient cult – the old cat's eye
You get me in your sights you're going to make the - devil's evil eye
I'm superman invincible I don't care let cupid's little darts - go fly
I'm move so fast those darts never hit my heart's - bulls-eye

I hear you're divorced you tell me and got three boys dropping by
Sounds like the bases are loaded and how do the outs lie?
Baby I not the pinch hitter kind of guy for any moment sort of guy
I'm not a team player, so don't count on me to hit no sacrifice fly

My love's a little stunted, ungrown, controlled – like a master's bonsai
I've been drinking something distilled from the ancient wild rye
You look so good - Yeah alcohol's a very famous Spanish fly
Tomorrow I'll just wake up shipwrecked and sore headed – shanghaied

My well of hope saw many thirsty days but now it's all bone dry
I may live a long, long time or perhaps the end is pretty nigh
And like I said life is dead and full of dust and my many days run dry
Without a drop of hope to drink and no chance for any new supply

But your love's like a war or maybe a hunt - I heard your battle cry
And you think I want to know your mind like a secret agent spy
Hey I'm not the cloak-and-dagger guy who ran your plans awry
Anyway I didn't steal your soul you hide - besides I've got an alibi

You could have dressed a little less revealing just for the by and by
When you lean upon the hi-fi I can see the lace tied to your thigh
It's not my head that does the thinking - common sense does not apply
It's a little tasteless but I still feel hungry – and it's not a feeling I deny

I'm tired of rain and clouded nights and ache for blue, all open sky
Woe the only word you make me feel is the word that goes - good-bye
But I'm ready to do anything - leaping for love and flying high
I can't wait for life to die de die or to simply pass me by

I can't wait for life to die de die or to simply pass me by
I can't wait for life to die de die or to simply pass me by

210. I'm A Boy

If I said I never loved you
Then I guess I must have lied
Some feelings I can keep
Something's I cannot hide
Don't you want to be here
Be here by my side?

Don't you feel the
Warm breath of desire
See the hunger in my eye
I'm a boy and you're a girl
The stars are high
The moon is sinking
Don't you know
What I'm thinking?

Your smile is like a whisper
Of the promise
Of the things not yet to be
Your eyes engage with mine
What promise do you see?

My eyes whisper
My heart's promises
I hope that you have heard
Do I have to make it plainer?
Do I have to say the words?

Are we held back by our fear
Or is it only circumstance?
If you're shy it's well disguised
Is that wonder or surprise?
Or hunger in your eyes?
If fate throw us a chance
Would you stop with me and dance?

211. Cathode Ray Tubes

Oh pass me a bottle
Hand me the food
Check out my suntan
From the cathode ray tube

Turn off channel ten
Check out channel five
Welcome to my island
Let's watch reality live

It's as real as it gets
I can taste it - it's wet
Hey check out the dudes
Getting barrelled on
The cathode ray tubes
Hey check out the dudes
Getting barrelled on
The cathode ray tubes

Shut up and listen
No need to be rude
I want to hear the people
On the cathode ray tube?

Switch off channel five
Turn on channel nine
It's someone else's life
But it's feeling like mine

Check out the girl
Hey she's totally nude
I can almost touch her
On the cathode ray tube?

Sick of channel nine
Tune into channel two
I'm getting kind of boring
There's nothing else to do

212. Next To Best

If you think that I've forgotten you
You're much too hard to please
My arms are still here to hold you
Like the waves of the warm seas
My wide eyes wait like the skies
Waiting for you to fly, into
The winds of their warm breeze
So if you think that I've forgotten you
You're much too hard to please

The sun is setting
Wondrous, strange
The light of your love
Still remains
One more mystery
I can't explain

I smile
Though heaven's far away
You're next to best
And here to stay

If you think that I've forgotten you
You're much too hard to please
Winds are storming land and seas
It's you who blow so far away
Like leaves from the winter trees
While I pray for your safe return
If you could see me down on my knees
You wouldn't think that I've forgotten you
Or you're much too hard to please

If you think that I've forgotten you
You're much too hard to please
Feelings cold the heart may freeze
Have never been sick like us or them
Who suffer from this love disease
Or won't you listen to the words I say to you
Or are they words that you don't believe?
Or do you think that I've forgotten you?
Or are you much too hard to please?

213. Magic In Your Eyes

From one day to the next
I was never sure of the things I'd want
I was confused I must confess
So I went seeking solitude
But I just found loneliness

Like every fool I've ever known
I went seeking riches, gold
But all fools end the same I guess
They gather more than they can hold

Until we want for time like magic
But it no longer seems
There's enough of time or magic
To make true all our dreams

One time I found magic
In the endless, restless sea
One time I found magic
in the changing, coloured skies
This time
You place some spell upon me
With the magic in your eyes

This time
you place some spell upon me
With the magic in your eyes

From one way to the next
I was never sure of the things ahead
It made me strange, perplexed
So I went seeking changes too
But I just found restlessness

Like every fool who travelled far
I had to go seeking my way home
But all fools are poor companions
All alone they walk and roam

Until we want for worlds with magic
But it no longer seems
There's enough of worlds with magic
To make true all our dreams

214. Green-Eyed Blonde

I've been missing you baby

I've been bad

Have you been missing me baby?

Are you sad?

What's going to make us happy?

What's going to bring us joy?

If I had a green-eyed blonde?

And you had a blue-eyed boy?

You laughed and I laughed along

You gave your feelings but I refused

There's no clue for a madman's happiness

Do not mind for I'm all confused

You danced like there's nothing wrong

You made me smile, you made me sigh

You were secretly writing me letters

And those letters they were saying goodbye

You smiled it made me write a song

You made me angry, you made me weep

I was sick with a madman's happiness

I got so crazy that I could not sleep

You talked like we were meant to be

You made me hope, you made me stay

But I was secretly making you lonely

And your thoughts they were running away

I've been missing you baby

I've been bad

Have you been missing me baby?

Are you sad?

215. Hunters And The Hunted

Their tempered blades of hope
Are warmed across the fire
Focused on the day they slay
The beasts of their desire
Their plans are locked away
Like gold in treasure chests
The blood beats in the temples
And the sweat pools on the breast
There are the hunters and the hunted
And now neither one can rest

Looking for the cure
Their hunting knives are blunted
Sadly, for the hunters on the hunted
Their lonely wounds aren't healing
On the stony paths of feeling
Looking for the cure

The trail is getting stronger
As the night is moving in
A wild scream in the distance
While the hunter's closing in
There's the panic in the undergrowth
The captured beasts are squealing
From the cornered rooms of feeling
While the hunter's closing in

They know all the laws of chance
The sharp eyes of the hunters
Meet the wide eyes of the hunted
And the time is held in trance
The danger bells are peeling
In the darker tombs of feeling
They know all the laws of chance
Their souls are all possessed
There are the hunters and the hunted
And now neither one can rest

On the captured beasts
Their breaths are held and grunted
Madly, by the hunters on the hunted
Masked thieves slowly stealing
From the shielded vaults of feeling
On the captured beasts

The silence waits attending as
The hunter's knives are sheathed
The thrilling pulse descending
Where the hunted lies relieved
Strange thoughts are moving in
There are dim lights on the ceiling
Of the darker rooms of feeling
And the night is closing in

216. Bittersweet The Sorrow

They say
Bitter sweet the sorrow
When true lovers have to part
Today we are together
And tomorrow,we're apart
They say
Bitter sweet the sorrow
When, true lovers have to part

Sweet the welcome of your smile
When we're held by single fate
Bitter, long and hard the trial
When all alone I have to wait

I am poor when I'm
Without you
Without your smile
Without your charms
I would beg and I would borrow
Just to have you in my arms
I would beg and I would borrow
Just to hold you
Then to lose you
To taste it, even so
Bitter sweet such sorrow

They say
Bitter sweet the sorrow
When true lovers have to part
Today we are together
And tomorrow,we're apart
They say
Bitter sweet the sorrow
When, true lovers have to part

Though bitter is the goodbye
It makes the joy so sweet
To fall so low and reach so high
On next time we will meet

217. Singing In Chains

Now I'm stuck in your arms
 They're my only vice
 But the grip of steel
 Well it don't feel right
 Tell me it ain't real
 Or I will sing it in black!
 Baby, Baby, Baby
 Give my freedom back
 Baby, Baby, Baby
 Give my freedom back

I'll walk straight up to the desk
 Where the sign says - complaints
 I'm a humble headed man
 And I've been showing restraints

If my woman finds out
 I'm gunna be hung
 Singing in chains
 Like jailbirds in the movies
 When I was young
 I want a key to my locks
 I want a way to be sprung
 I don't want to get old
 I just want to stay young

You were not playing fair
 Charging up my run down
 Ego battery
 You said, "We'd make a fine pair."
 Displaying your flair
 For underhanded,
 Simple-minded flattery
 Then you said, "I look nice."
 Snap went the trap
 I only thought once
 But I should have thought twice

I'll walk straight up to the door
 Where the sign it says - lawyer
 I've got a woman with a crime
 She's a freedom destroyer

If my woman finds out
 I'm gunna be hung
 Singing in chains
 Like jailbirds in the movies
 When I was young
 I want a key to my locks
 I want a way to be sprung
 I don't want to get old
 I just want to stay young

218. Borderlines

Over in the shadows
 Between the half light
 Of the dawn and night
 Where the new day stands
 Lonely heroes and forsaken fools
 Wandering the bad, bad lands

Feelings are a dangerous enemy
 They'll deal you out a loser's hand
 Don't cross into their territory
 They'll leave you in a bad, bad land

And no god waits to hear our praise
 And these are the strangest times
 And these are our dark
 And desperate days
 And these are the borderlines

Out in wilderlands
 Where the weak meets strong
 The wind makes song
 Shifting those desert sands
 Lonely heroes and forsaken fools
 Wandering the bad, bad lands

Feelings are a dangerous enemy
 They'll deal you out a loser's hand
 Don't cross into their territory
 They'll leave you in a bad, bad land

And every mark our trail betrays
 Leaves behind our dangerous crimes
 And never no map
 To find our ways
 And these are the borderlines

Hunt those nameless
 Faceless outlaws who act
 In their shades of black
 No good man understands
 Lonely heroes and forsaken fools
 Wandering the bad, bad lands

Feelings are a dangerous enemy
 They'll deal you out a loser's hand
 Don't cross into their territory
 They'll leave you in a bad, bad lands

Logic's lost in haste
 Out in the wastes
 Where water is gold
 and gold is dust
 Memory is a place
 Where nice things hold
 But memory is a place
 That I don't trust
 We all cross a line
 That was made for fools
 Grow too tired
 To live by rules
 My compass died
 My badge got rust
 My holster's heavy
 I've slain ten feelings
 They won't rise again
 But it leaves
 A large remainder
 And I'm surrounded
 And my last bullet's
 Already in the chamber

The neon sickle moon will gaze
 For these are our changing signs
 These arms my bed
 Where my head lays
 And these are the borderlines

These are my famous days
 These are my dangerous times
 And these are the borderlines

219. Monkey Speak

Victories and more defeats
Heroes and humans
Gods and ghosts
Everything repeats

Soldier and a shiny sword
Saint and sinner
Demons and angels
Are looking for the chord

We've come a long way
From another deep and distant star
To hear the monkey speak
With the voice of his guitar.

Patterns and fading lines
Shapes and signs
Feeling and thought
Everything designs

Fortunate and very frail
Soul beneath the veil
The winners and the weak
Are looking for the grail

220. Meeting Like This

Kiss me once
Kiss me twice
Make it naughty
Make it nice
Make me happy
Make me glad
Kiss me good
And kiss me bad

Give me the eye
Give me the wink
Give me one more
Serious kiss
Hey, what do you think
Shouldn't we stop
Meeting like this?

Touch me once
Touch me twice
Make it naughty
Make it nice
Make me happy
Make me glad
Touch me good
And touch me bad

Make me once
Make me twice
Kiss it naughty
Kiss it nice
Kiss me happy
Kiss me glad
Make me good
And make me bad

221. Wildfire

Last time I saw you
You waved goodbye
You crossed the harbour
I said, goodbye
Adieu, it's true
It made me want you to stay
Not cross troubled waters
The clouds darkened my day
I almost gave you away
It's only deep water
I hear myself say
I safe harboured your thought
I locked it away

We walk a tightrope
It's a livewire
One kiss could start
A wildfire
It's too late
We cannot turn
Then let it begin
I want to feel it burn
A wildfire

Won't you meet me
When the sky gets dark?
Heavens gate
Where the angels hark
Won't you meet me
Where the sky gets dark?

It's not so far
When there is a bridge
That goes to your heart
You cross the harbour
That doesn't take us apart
It just takes you still nearer
It doesn't muddy the waters
It just makes them all clearer
I cannot give you away
It's only rough water
I hear myself say
I safe harboured your thought
I locked it away

222. Keep It Safe

I feel our love in danger
Because it sometimes seems
We are just two strangers
In our woken, fading dreams

There's many things that cannot die
Spinning wheels on a speed away
It's harder every day for you
To love me in this easy way

Does she know
It's hard to go
It would be easier to stay
Does she see
That when she leaves
She takes a part of me away
Keep it safe
Don't let it break
The part of me you take

Would she hear me
If I told her
That I miss her every day
When they must seem
Like only
Easy words I say
I know it's hard for her
To love me
In this easy way

Does she see the miles I've crossed
The lessons that I've learned
The things that I have lost
The bridges that I've burned

There's many things that cannot die
Spinning wheels on a speed away
Does she know the reasons why
I have to turn and walk away

Does she know
It's hard to go
It would be easier to stay
Does she see
That when she leaves
She takes a part of me away
Keep it safe
Don't let it break
The part of me you take

Why should I think
She would believe
A single word I say
Why would I say goodbye
If I really
Want to stay
But I do not say
I love you
Because they're only easy words to say

223. Chicago Skies

I'm thinking about the future
My baby like the time she flies
Soon I'm gonna fly this great bird
Into windy grey Chicago skies

My baby says she's sad to lose me
But it feels like she tells me lies
Somehow like she's glad to lose me
To these windy grey Chicago skies

My baby's been talking sad news
Says when love doesn't live it dies
She just wonders why I'm leaving
For these windy grey Chicago skies

I'm awake like I think it's day
Like my body don't know it's night
I feel like I'm feeling something
And that something ain't feeling right

I went to a dozen bar rooms
Yeah, I drank me a dozen beers
I had me a dozen whiskies
Yeah, I watered them down with tears

I went to a dozen bar rooms
Well I was too sad to snooze
My soul wanted something soothing
So I sang it these twelve bar blues

Pretty soon I'm feeling so fine
Whisky sure was making me wise
Pretty soon thought I'd be walking
Under sunny blue Chicago skies

Pretty soon I'll see my baby
Pretty soon I'll wave my goodbyes
Pretty soon I'll fly this great bird
From these sunny blue Chicago skies

Pretty soon I'll see my baby
Pretty soon she'll look in my eyes
Pretty soon I'll fly this great bird
From these sunny blue Chicago skies

The wind in the city
Buildings so high
Ice on the road
This is Chicago

224. Forget

One drink
Some things I can't forget
Two drinks
It's you I don't forget
Three drinks
You see I won't forget
Four drinks
How many more drinks
Till I forget ?

It was the power of love
Flowers and fate
The way our two lips
And one kiss met
I held your hands
And your palms were wet

I tell myself forget
But I don't hear
Gonna take more than time
To clear my mind

Gonna take more than time
To clear my mind

One drink
Some things I can't forget
Two drinks
It's you I don't forget
Three drinks
You see I won't forget
Four drinks
How many more drinks
Till I forget ?

It was a shower of ice
Powers and light
The way our two hopes
And one wish met
You touched my arm
And the rain-ice was wet

I tell myself forget
But I don't hear
Gonna take more than time
To clear my mind

Gonna take more than time
To clear my mind

225. Vampire Bites

Beware of strangers you must fear
I'm always dangerous when you're near

When wind and wolf howls
Thunder screams on stormy nights
The ghosts and witches they take flight
Any man could die of fright
Your pale skin by the pale moonlight
I want your blood, the vampire bites

Beware of strangers you must fear
I'm always dangerous when you're near

I'm tired of easy maidens
That the gentle coachman brings
For you I'd fly the night
I'd search upon these wings
Though only did we meet this day
I dream of you and where you lay
You ache for me, desire please
The curtains billow on the breeze
You sleep entranced in the way of lovers
So loosen now your earthly covers
The moon lights on your bosoms swell
And draws this lover straight from hell
Let distant angels play their harp
I need to feed my teeth are sharp
Shadows cast from mortal things
My red eyes stare, my capes are wings
I fear the cross, the shining lights
But now it's dark and the vampire bites

Beware of strangers you must fear
I'm always dangerous when you're near

Where wolves and wind howl
The dead have seen no stranger sights
The beasts and monsters they take flight
Any man could die of fright
Your pale skin by the pale moonlight
I want your blood, the vampire bites

Beware of strangers you must fear
I'm always dangerous when you're near

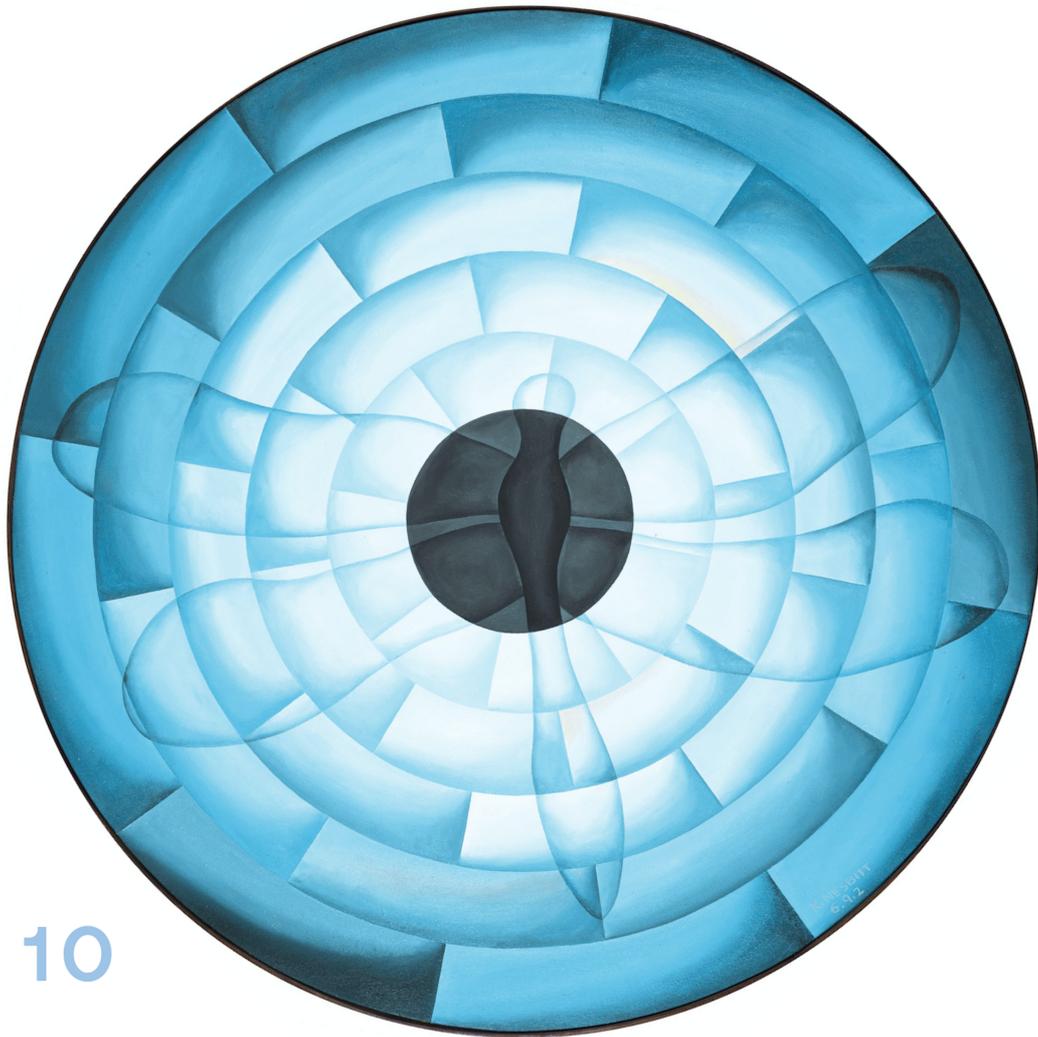

Well if you come
Then come prepared
It is dark and you'll be scared
The creatures of the night they sneak
So listen well the old doors creak
The windows rattle
Shake in winds
The creepy music soon begins
In this old dark castle by the moor
Fear shakes your marrow to the core
Shadows hide behind the doors
Footsteps echo 'cross the floors
Screams curdle down the dusty halls
Old pictures watch from on the walls
With blood upon my lips I lay
Don't wake me while I sleep this day
Don't creep down where the crypt is dark
Don't drive that stake into my heart

Beware of strangers you must fear
I'm always dangerous when you're near

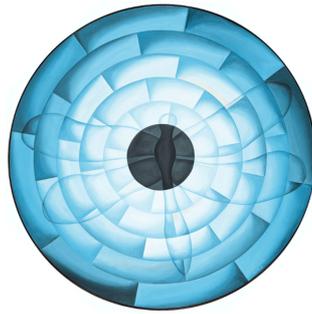

Meet me by the graveyard side
I promise magic, strange delights
The demons, devils they take flight
Any man could die of fright
Your pale skin by the pale moonlight
I want your blood, the vampire bites

Beware of strangers you must fear
I'm always dangerous when you're near

226. William Tell

Why don't you come away
Come away, like William Tell
Whisper your love
And whisper it well
Baby, do you kiss and tell?

You got a smile so wide
It makes me happy inside
I've been throwing coins
In the wishing well
Baby, do you kiss and tell?

I've got a secret to hide
If I keep it inside
I might get my wish
From the wishing well
Baby, do you kiss and tell?

Why don't you burn my soul
Burn my soul, like the fires in hell
Cool me down with the water
From the wishing well
Baby, do you kiss and tell?

I got a secret and I wont tell
They can burn my soul in the fires of hell
Drown me in the water of the wishing well
I got a secret and I wont tell
Baby I kiss and I don't tell?

Why don't you come away
Come away, like William Tell
I whisper these words
Can you hear them well?
Baby, do you kiss and tell?

You got a smile so wide
You must be happy inside
Have you been throwing coins
In the wishing well?
Baby, do you kiss and tell?

You've got a secret to hide
If you keep it inside
You might get your wish
From the wishing well
Baby, do you kiss and tell?

Why don't we come away
Come away, like William Tell?
Whisper our love
And whisper it well
Baby, let's kiss and we wont tell?

227. Spelling Lesson

I know about love
But, I can't explain about desire
You've got warm hands
I've heard about hearts like that
But, you get cold feet
And turn off the heat
When I get too close to your fire
I might retire hurt
Send someone else into bat

Say do I have to spell it out for you?
I L-O-V-E Y-O-U
I L-O-V-E Y-O-U

If I knew what you want
I would give it
But I stumble half blind in despair
I won't take nothing
You haven't got to spare
But when you get that wind in your hair
And that look in your eye
I think there must be something
Baby, we both can share

Say do I have to spell it out for you?
I L-O-V-E Y-O-U
I L-O-V-E Y-O-U

But I'm like a referee
You get your free kicks from me
I get your offside
And a strange shy
Bruised shins and shattered pride
Penalised if I try
Then the whistle blows
And it's nil all again
Game over, goodbye

Say do I have to spell it out for you?
I L-O-V-E Y-O-U
I L-O-V-E Y-O-U

228. Gods For A While

We walked a long way to the mountain
But It looks another mile
Let's take something from a bottle
We can be gods for a while

We're at the edge of curvature
Fainting on horizons line
Mentally exhausted
Chasing all the ghosts of time
And the night is very black
I might as well be blind
Except I'll see you in the morning
If we make it to that time

We walked a long way to the mountain
But It looks another mile
Let's take something from a bottle
We can be gods for a while

We can contemplate the changing world
Not the substance just the style
We can take something from a bottle
I want to be a god for a while

229. My Three Best Friends

You took my heart
You stole my time
The alcohol had
Dulled my mind
It's hard to remember now
All the facts that made the crime

I travelled all the way to
Where the last road ends
With you and me and trouble
Yeah, my three best friends
You and me and trouble
Yeah, my three best friends

You took the match
You struck the flame
You touched me very slow
Your look I can't explain
You stung my tired eyes
Like acid in the rain

If I was very mad
It would surely show
Though my insane eyes
Everyone would know
There's such a fragile balance
And you tip the ratio

230. Warm Woman

A warm woman and a warm eyes
 You wanna be, you wanna be
 You wanna be so shy
 Well heaven is heaven
 And hell is hell
 Let's play show
 And please don't tell
 I can do it, I can do it
 I can do it well
 I can do it, I can do it
 I can do it well

You're my heart's love
 And that's the reason why
 My love is truth
 And it will not lie
 We wear love's wings
 And share an open sky
 I can't help it
 You can't help it
 We just have to fly
 You're my heart's love
 And that's the reason why
 The fire burns
 And it will not die

A warm woman and a warm smile
 You wanna wait, you wanna wait
 You wanna wait a while
 Well heaven is heaven
 And hell is hell
 Let's play show
 And please don't tell
 You can do it, you can do it
 You can do it well
 You can do it, you can do it
 You can do it well

We're carried
 By a slow tide
 Married on the shore
 By the oceanside
 You say it can
 You say it can
 You say it cannot be
 You float away gentle
 On a warm sea
 I say it has, I say it has
 I say it has to be
 I feel a warm wave
 Washing over me

A warm woman and a warm man
 You wanna hold, you wanna hold
 You wanna hold my hand
 Well heaven is heaven
 And hell is hell
 Let's play show
 And please don't tell
 We can do it, we can do it
 We can do it well
 We can do it, we can do it
 We can do it well

231. Scorpion's Tale

There's no red left in the holy grail
Skip on the timeline
Inhale the sweet venom
Powder
Perfume and wine
You're Impaled on the scorpion's tail

The butterfly came to the water
And she only came to drink
There a helpless spell had caught her
For there she saw the splendour
Of two bright and coloured wings
A shadow in the water

She wished to know the shadow
She could see just some reflection
She tried to understand, to think
But she could not read into the glass
Her gaze was lost inside the mirror
And she only came to drink

232. Knowledge Rap

It's an academic epidemic
 People with theses
 Evolving the species
 And It's my concern
 I yearn to learn
 I go to college
 Get the knowledge
 Getting the Knowledge
 Getting the knowledge

I look at the books
 Not the girls with their looks
 Sure I have imagination
 But it's not solicitation
 It's the mental masturbation
 Of extended education
 That attracts my fascination
 So I go to college
 Getting a
 Different book of knowledge
 Different book of knowledge

I got assignment confinement
 I'm trying refinement
 Realignment of my assignment
 For a higher goal
 And I could plagiarise
 The very wise
 Or offer sighs to lonely wives
 But that's burglary or bribery
 And right or wrong is binary
 It's crap
 I'm trying to rap
 But someone yells out
 Silence in the library!
 Writing the Knowledge
 Writing the Knowledge

In my head's the voices
 Saying I have got the choices
 But damn the plan, man
 I want to ban the exam jam, man
 Knowledge is a dancer
 I cannot find the answer
 I'm talking sweat
 I'm talking blood
 I'm talking choice
 I'm talking multiple choice
 I'm talking A
 I'm talking B
 I'm talking C
 I'm talking all of the above
 Where is the Knowledge?
 Where is the Knowledge?

That's it
 That's a rap
 It's the knowledge rap

233. Pretty When You Cry

You're weeping at the movies
You say it's lots of fun
You say you're tired of working
But you work until it's done

You say don't leave me
I have to say goodbye
Don't make it any harder
You're so pretty when you cry

You're weeping at the papers
You say you're tired of war
Men and all this killing
Well what the hell is it for?

You say don't leave me
I have to say goodbye
Don't make it any harder
You're so pretty when you cry

Farwell your brave soldier
In his decorated uniform
Autumn comes to summer
Makes the day lukewarm

You say don't leave me
I have to say goodbye
Don't make it any harder
You're so pretty when you cry

There's madness in this
world, world, world
You might cry
Is something wrong?
Are you sad my
Girl, girl, girl

You say don't leave me
I have to say goodbye
Don't make it any harder
You're so pretty when you cry

234. Destiny Moon

Heading for a fall
Summer leaf descends
It disappears for winter
Like my fair-weather friends

Feeling for the flame
Kindling warm desire
I'm rising up the phoenix
From the ashes of the fire

It's a heaven over earth
It's a mind over matter
It's a destiny moon
And it's rising over Saskatoon

Reaching for a happy time
Choosing not the sorrow
Losing all the past
And just thinking of tomorrow

Seven bridges over river
And Time that arrow flies
I'm seeking peace of mind
In the land of living skies

235. Forbidden City

Gazing on the world
From this mountain high above
I can see the gate into
My forbidden city
Oh my ally and my enemy
My love

I better walk the world
Until my feet are tired and sore
Until my soul is closed away
And I don't feel no more

A met a man selling butterflies
A bought a couple just to try
I liked the way they catch the eyes
Float their wings across the sky

I saw the great and famous wall
It was another wall of sorrows
And the temple to the heavens
One more temple to tomorrows

Gazing on the world
From this mountain high above
I can see the gate into
My forbidden city
Oh my ally and my enemy
My love

I saw the tomb of Ming
Buried far below the earth
It smelt of death and sweet decay
Vain hopes of new rebirth

I met a man driving taxis
Through the endless the city throng
The radio played the Carpenters
And we both sang along

Yes I will walk the world
Until my feet are tired and sore
Until my soul is closed away
And I don't feel no more

Gazing on the world
From this mountain high above
I can see the gate into
My forbidden city
Oh my ally and my enemy
My love

236. One Day At A Time

I live on a hill up in the sky
Someday I might
Leap into the unknown
Or I might learn to fly
I can watch the world
Go moving by without a sound
It's like a mime
I'm getting good at taking it
One day at a time

In the world
The trees are turning golden
Then the season must be fall
When I'm crazy I just like to think
That there's some point to it all

The world, not I
Knows how to fly
Yesterday I didn't see
The world go turning by
I don't know
What I had on my mind
The world is taking days away
And I thought that they were mine
It's getting good at taking them
One day at a time

If I went walking in the red land
Where the ancient spirits call
I would sleep and find
The endless stars surround me
I would walk without
These city walls around me
I would walk
And maybe sleep where I can fall
And if I'm feeling crazy I might think
That there's some point to it all

But
I live on a hill up in the sky
It's not a nice day for leaping or for flying
I'll just watch the world go by
I can watch the world
Go moving by without a sign
I'm getting good at letting it
Take away
One day at a time

237. Sleepless In Seattle

Flying into heaven's clouds
With the angels in my eyes
Flying into yesterday
Flying into friendly skies

There were holes made in
The heaven's shrouds
So I saw the earth below
The world was turning fast
But my mind was turning slow
I was catching up with morning
So the sun began to shine
Thirty-seven thousand feet
And travelling in time

I landed in a foreign land
There were mountains all around
I had a mind made for adventure
but the night was closing down

I'm thinkin' about my baby
Maybe shakin' on my rattle
I shouldn't think
But sometimes it's a battle
I'm restless and breathless
And sleepless in Seattle

They say that up in heaven's
Where the little angels sing
I know that heaven turns to hell
The way the pendulum will swing

In the jungle of my dreams
Something's going on
Feels like I'm duckin' and a
Weavin' poison arrows
From the Indians in the Amazon
Journeys of adventure made up
Running through my mind
Thirty-seven years of age
And travelling in time

The seas will roll one day
Right where the mountains rise
There's a fire in the earth
Down where the continents divide

238. Spoken One

It was a full moon
On a cold night
When the air was clear
It was the, first hour
Of the, fourth day
Of the, sixth month of the year
Yes, it was the fourth of June, 1982
With the planets aligned
And the third on decline
And me not, knowing what to do

I was walking alone
In the dark streets going home
When I felt something strange looming
A lady of the night
Passes me in a light
Asks me if I'm human

Then suddenly
The night went quiet
I got into bed
Visions filled my head
Then when I awoke
I was in another place
I wasn't dreaming
I could tell by the look on their face
There standing in front of me
A hundred thousand aliens
Of another race

"Oh praise the sun
Here stands the Spoken One!"
They said in monotone
And in unison
"Yes the Spoken One
Has at last returned
Tell us Spoken One
What have you learned"

I asked my mind if this was a lie
When I looked to the sky

It was a full moon
On a cold night
When the air was clear
It was the, first hour
Of the, fourth day
Of the, sixth month of the year
Yes, it was the fourth of June, 1982
With the planets aligned
And the third on decline
And me not, knowing what to do

239. Painting A Picture

You smile and the words run away
Gone from my lips
Lost from my mind
Like I'm losing my wits
Word's meaning remembered
Their pattern rehearsed
I swear by your blood
I'm dry with your thirst
Drink up your memory
With themes made of love
Haunted by eyes
All danger and lies
Plain, simple and cursed

You smile and
Your vision is sweet
Made to inspire
It comes like a rush
And consumes like a fire
I crossed my heart
Hoped I would die
If this dream was just some lie

My thoughts were a palette
The colours were blue
I was painting a picture
Painting a picture
Painting a picture of you

And our lifelines stay tangled
Tight knots in a line
Meaning stays abstract
Like doubling time
We swim with no purpose
Jelly fish in the sea
Was I painting illusions
The thoughts I could see?
Sketching the shapes
Of dreams and delusions
Filling in spaces
With demons and faces
Left here troubling me

You smile and
Your portrait's a message
Your likeness a sign
I crossed my heart
Just one more time
I crossed my heart
Hoped I would die
If this dream was just some lie

240. Home Of Superheroes

Superman and Spiderman
Are bitching about Batman
His cape is looking faded
He wants to climb the walls
But he's fat and feeling tired
In the home of superheroes
Now retired

Batman grimaces in faded black
Resigned to frail fragilities
He takes another cigarette
From the belt for his utilities
It's sad to see him uninspired
In the home of superheroes
Now retired

Meanwhile across the table
Robin makes a frown
Holy smoke old Batman
Don't you think you should cut down
The bad habits we've acquired
In the home of superheroes
Now retired

The Flash has lost he's spark
Wonder Woman tends to wander
It's eight AM and cornflakes
Green Lantern's drinking whiskey
Already he looks wired
In the home of superheroes
Now retired

Captain America is fading
The Thing and even Hulk
Mr Fantastic and the Plastic Man
Ironman and the Human Torch
All nearly now expired
In the home of superheroes
Now retired

Calling Superheroes
Everywhere
Now longer much desired
Calling Superheroes
Everyone
All once so much admired
Meet me in the home
In the home of superheroes
Now retired

241. No Antidote

Desire courses in my veins
Slowly seeping, spreading stains
But who am I to fan these flames
I wash my hands but the stain remains
No antidote
No antidote

Your gentle heart beats quiet refrains
Music for the beast it tames
I can want the love that it contains
But who am I to have such aims
No antidote
No antidote

Cupid fires from ambush
Unseen like a mad love sniper
Arrows tipped in venom
Poison of the dark love viper
No antidote
No antidote
No antidote for love

Jealous poison in my veins
My empty heart feels hunger pains
But who am I to cry these claims
I walk away but the pain remains
No antidote
No antidote

My pounding heart like thunder rains
Beats within the chest it strains
I can call you love if that explains
But who am I to call your names
No antidote
No antidote

242. Helen Of Troy

Your amber eyes call
 Like the sirens of Greece
 I'm half man
 And I'm half beast
 I'm a satyr for your heart
 Of golden peace

So stand back Jason
 And the Argonauts
 'Cause love I thought
 Might be a myth
 But you answer my wish

Oh, Helen of Troy
 I'd work like a Trojan
 Just to bring you joy

The wind of hope blows
 Like a force ten gale
 Brings to mind an epic
 Like the Iliad tale
 And I'm sure
 My heart won't fail

My one eyed emotion
 Is too much to feel
 My heart
 Is my Achilles heel
 But there's a message of hope
 From my Helen of Troy

Oh, Helen of Troy
 I'd work like a Trojan
 Just to bring you joy

You hold up my world
 Like Atlas might
 A message of love
 From the oracle of Athrodite

You keep my feet
 Upon the path their on
 Bathe me warmly
 In blue waters of Mediterranean

For you I'd search
 The ocean shores to antipodes
 You can't refuse
 I feel like Hercules

Oh, Helen of Troy
 I'd work like a Trojan
 Just to bring you joy

If I'm lost in your maze
 I know that I must fly
 Like Icarus
 But if I get too close
 To your bright sun rays
 I have to throw my wings away
 But before I fall
 Unlike Icarus
 You come to my rescue
 Like Pegasus

It was written
 In the stars above
 I would make too many errors
 In the name of love
 Help me Eros
 In the name of love

243. Gestalt Principles

Love is never praised for clarity
 Things that look the same
 Will appear to group together
 They call this
 The law of similarity

Eternity's a horizontal figure eight
 Things that move the same
 They will join with one another
 They call this
 The law of common fate

Is there design?
 Parts of our lives are making progress
 But they improve in fits and starts
 And the principle I think about?
 The whole is greater than
 the sum of all the parts

Love has gained in popularity
 Things we recognise
 Are so much easier to see
 They call this
 The law of familiarity

Eternity's not in our immediate vicinity
 Things we think are near
 Will be joined to some degree
 They call this
 The law of proximity

Love is proof of our adaptiveness
 Things we believe are one
 Will seem to stay that way
 They call this
 The law of connectedness

Eternity's no promise of salvation
 Things that lie along a line
 Along that line will stay
 They call this
 The law of good continuation

Love seems difficult like electricity
 Things are not complicated
 Everything is simple and neat
 They call this
 The law of simplicity

Eternity will kill you with exposure
 Things not too well finished
 They will appear to still complete
 They call this
 The law of closure

244. Why

The night was stamped
With gazing lights
And the lights were questions
And the lights were eyes
The eyes of the dangerous sky
And they seem to ask
To want to know
If I knew just why

They seek the answer
That lifts their cloak of misery
Why should I be any wiser
To unfold any mystery
They see before their eyes

Many times I've wondered
What makes us what we are
What stops the world from falling
Helpless to the stars

What power keeps us strained
Desperately in flight?
What makes the day return again
The darkness fade to light?
What power feeds my intuition
And seeds my second sight

The day was touched
Where shadows fell
And the shadows held eyes
And the eyes were thoughts
The thoughts made a thousand sighs
And they seem to ask
To want to know
If I knew just why

If I held the answer
To the meaning of such things
I would share the secrets
And any truth it brings
I'd paint upon their eyes

245. Little Sister

In my arms
My little sister
You shake like a storm
Like a twister

My little tornado I'm holding tight
You'd make a kite fly high
You make me restless
Well we didn't rest last night

Stray inside my arms
My precious thing
Shake me around
Like a whirlwind
Stay my little sister
Make it shake like a storm
Like a twister

My little tornado come hold me tight
Make my kite fly high
Make me restless
The way you did last night

There ain't no word
For the way you make me feel
It's more like make believe
Than it is real

In my arms
My little sister
I ache like a burn
Like a blister

My little inferno I'm burning white
You'd make a snowman warm
You make me restless
Well we didn't rest last night

Stray inside my arms
My precious thing
Make me feel good
Like a bad sin
Stay my little sister
Make it ache like a burn
Like a blister

My little inferno come burn me white
Make this snowman warm
Make me restless
The way you did last night

There ain't no word
For the way you make me feel
It's more like make believe
Than it is real

246. Halloween

Let's dress up like a dream
 We're going to a party
 And it's Halloween
 I heard somebody scream
 We're dancin' at a party
 And it's Halloween
 Let's go live a dream
 We're dancin' at a party
 And it's Halloween

We met a monster and a spaceman
 And they looked a little green
 There's Count and Quasimodo
 And the awful Evil Queen

There's no fire when I'm cold
 Just a hole like the deepest well
 I hunger for some magic soul
 Baby, maybe you have got the spell

Crazy people
 Crazy people
 All with a different view
 Let's go find the moonlit
 and some
 zulu voodoo
 old taboo

Somebody lost their head I think
 It just lay there by the floor
 There were spiders in the hallway
 And blood in pools down by the door

Don't you know you haunt me
 Like a fiend in a demon's mask
 I'm too scared to know my feelings
 And one day the fear might last

Strangest people
 Strangest people
 All with a little quirk
 Let's go find the darkest
 corner
 Do some
 demon's work

Up in the rafters
 All the wild bats flew
 There were cobwebs in the kitchen
 and a cauldron of witches brew
 Trick or treat me
 Treat me sweetly
 Come on treat me to your tricks
 I'll be the devil
 You be the witch
 My horns are showing
 And you're riding on your switch

247. Human Sacrifice

Ancient girl
My memory, there you are
Leaping through my jungle
Like a jaguar
Think of the Incas
In their ancient world
Chart the stars, ask for favours
From the god's above
Gonna make the
Human sacrifice of love

The sun up in the sky
The jungle on the mountain side
On the altar where the little girl dies
The land needs water
And the gods want blood
Goodbye my little girl
It's the human sacrifice of love

Relationship transactions
Goodbye my little girl
Our hands unzip
Fond memories are
The profits we store
The rain falls it's a fertile world
With every change
There's terror on the lips
Of the prophets of war

Jungle girl
You keep your rings of gold
You keep your voice of reason
We all struggle for survival
Through the hardships of our season

My little girl
Death leaps like the jaguar
Through the jungle
Think of the Incas
In their ancient world
Beat your drums
Beat your breast
And beat your gold
We sacrifice
Reclaim the land
Until on the altar
Our hearts beat cold

Rain will fall
My smiling Ancient girl
The river's in flood
It's a fertile world
The sun up in the sky
The gods are happy
We sacrifice our blood
Gonna make the
Human sacrifice of love

248. Xeno's Arrow

A secret tune of Heavens' sigh
Made up where air is thinned
Rattles on the home-made chime
A stolen code that rides the wind

Everything is slowing down
Quantum clocks that crawl and stall
The pendulum is lengthening
With the pull of Summer's call

There's an image on my eye
That I'm trying hard to trust
But my vision is obscured by
The grains of Cantor's dust
The grains of Cantor's dust

Is it the spirit or the mind
That oscillates through choice or fate
Performing life with stories art
While tending state to state

Sure my dreams are one to many
Or they're only one to one
But I've reached a point of thinking
Each surely ends where it begun

So now I'm riding Xeno's arrow
And drifting East to West
Everyone observes my flow
But it feels like I'm at rest
It just feels like I'm at rest

249. Black Ink River Time

Bend your back
We're going to row
To see what we can find
Row it quick
Row it slow
Anywhere like anytime
West and east and back again
The rhythm must unwind
Bend your back
We're going to row
That black ink river, Time

Simplicity is waiting
And it tracks us all
Somehow
As the waves of time
Come breaking
And over spill the bow
First and last
Here and there
Yesterday and now
Don't say you're late for destiny
It doesn't rhyme too true
You can't be late for destiny
It has to wait for you

Bend your back
We're going to row
To see what we can find
Row it quick
Row it slow
Anywhere like anytime
West and east and back again
The rhythm must unwind
Bend your back
We're going to row
That black ink river, Time

250. Another Frontier

Ancient man by fire
 Blackening a spear
 Dreaming of the kill
 Across another frontier
 Tracking down the beast
 Hunting for the deer
 Fling another missile
 Across another frontier

Pigments of the earth
 Strokes of paint appear
 Dreaming on the wall
 Across another frontier
 Enemy by the river
 Savaged by the fear
 Playing games of war
 Across another frontier

Gather by the water
 Bring all the people near
 Plant some seed in soil
 Across another frontier
 Build calendars of stone
 Mark another year
 Make rituals to the sun
 Across another frontier

Turn the clay to jars
 Turn the hops to beer
 Turn your head to god
 Across another frontier
 Turn the wood to wheels
 Tame the horses fear
 Let them led the wagons
 Across another frontier

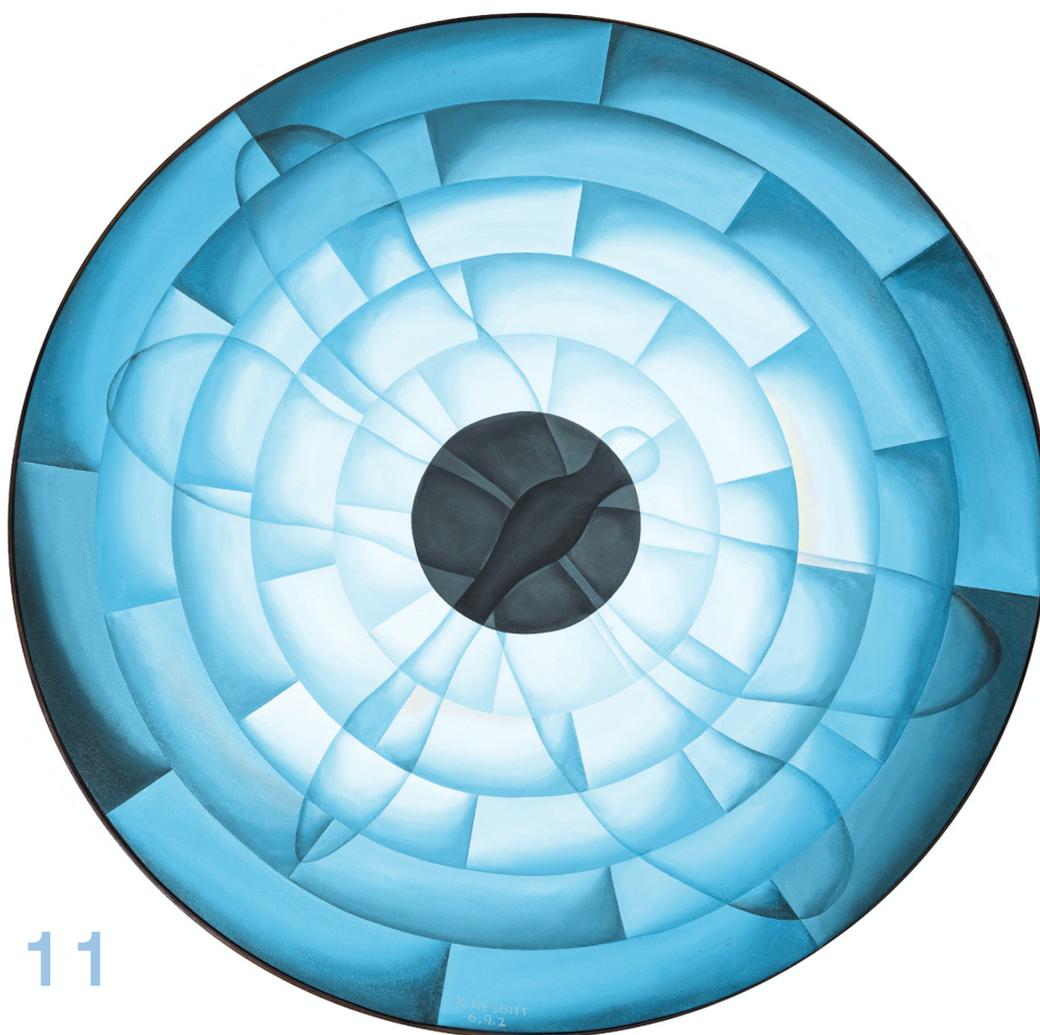

Make monuments to man
 Create the engineer
 Raise cities from the sand
 Across another frontier
 Journey over water
 The white sails disappear
 Navigate the oceans
 Across another frontier

Build another rocket
 Shoot it to the spheres
 Fling another missile
 Across another frontier
 Break another atom
 Make it disappear
 Fling another missile
 Across another frontier

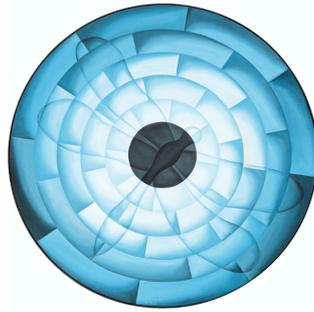

Mourners in the sun
 Shed another tear
 Farewell another friend
 Across another frontier
 Another end of day
 Leaves this pioneer
 Searching for the meanings
 Across another frontier

I'm sitting by my fire
 Blackening a spear
 Dreaming of the kill
 Across another frontier
 Tracking down the beast
 Hunting for the fear
 I'm gonna fling another missile
 Across another frontier

251. Berlin Walls

My heart's so happy
Please let me confess
My sun escapes from the East to West
I closed my eyes and a shadow falls
Changing the colours
On your Berlin walls
I closed my eyes and a shadow falls
Changing the colours
On your Berlin walls

How you like to try to keep
My feet down on the ground
But my soul is made of sky
And it dreams me wings to fly
And there's no way to bring me down
And there's no way to bring me down

And some walls fall
Oh but none the less
There stands a line where East meets West
When I stand with you I hear ghosts call
When I stood by you
And the Berlin wall
When I stand with you I hear ghosts call
When I stood by you
And the Berlin wall

How I like to coax you into flight
Tempt you with a dare
But you're grounded by your birth
For your soul is made of earth
And weighs too much to float on air
And weighs too much to float on air

So you turn away
In your long grey dress.
And you fly East and I fly West
Our last goodbye? What do I surmise?
That your Berlin walls
Were your Berlin eyes
I smiled when I realised
That your Berlin walls
Were your Berlin eyes

I smiled when I realised
That your Berlin walls
Were your Berlin eyes

My heart's so happy
Please let me confess
My sun escapes from the East to West
I closed my eyes and a shadow falls
Changing the colours
In your Berlin walls
I closed my eyes and a shadow falls
Changing the colours
In your Berlin walls

252. Snakes And Ladders

An old game made for two
Rolling the dice
Don't it feel nice?
Playing the game with you

Is it
A gothic romance
A hypnotic trance
Or only a game of chance

Heaven's above
Climbing that way
On the snakes and ladders of love
Wondering when
The adders might bite
Heavens above
Hell so deep
On the snakes and ladders of love

It's the old give and take
And I'm trailing behind
Fear of the snake
And the serpentine mind

Is it
A patterned advance
A ritual dance
Or only a game of chance

Heaven's above
Climbing that way
On the snakes and ladders of love
Wondering when
The adders might bite
Heavens above
Hell so deep
On the snakes and ladders of love

253. Come See The Rain

The water is rising
Up from the sea
And into the sky
It fills up the grey clouds
That go rushing by
The clouds fly and run
Up to the high hills
They cover the sun

A young girl
Who still feels
The wonder of this world
And all it can hold
Of mysteries, stories
Yet to be told
Cries to her brother

Johnny come hear the rain
Johnny come hear the rain
It is falling down hard
On the roof where I stand
If I hold out my arm
It will fall in my hand

Come hear the rain, Johnny
Come hear the rain, Johnny
Come hear the rain

The water is falling
Down on the mountains
And into cool streams
It flows away free
It rolls down the valleys
falling so free
And into the rivers
Then out back to sea

Johnny come see the rain
Johnny come see the rain
Like tears from the sky
It is falling down fast
It is making great oceans
And pools in the grass

Johnny come see the rain
Johnny come see the rain
It is falling down swift
Warm tears from the sky
It is making great rivers
That go rushing by

Johnny come see the rain
Johnny come see the rain
The tears from the sky
Are washing the land
If we hold out our arms
They will pool in our hand

Come see the rain, Johnny
Come see the rain, Johnny
Come see the rain

254. Last Scientist

The politician takes an idea
And he shakes it in his fist
But ideas are only dreams
And they would not exist
Without the painter and the poet
And the scientist

In the ocean of our thinking
Where the new ideas get sank
While you peddle old ones
Stick the money in your bank
Pray upon your knees
To whoever you must thank

The teachers spread an idea
A truth that they insist
But ideas need to change
The same would just persist
Without the painter and the poet
And the scientist

You teach them to believe
What you think is law
Teach the children how to hate
Like you did before
Better teach them how to kill
And send them off to war

I look for the answers
Some clue I have missed
In the very first place
Where new ideas get wished
On canvas, paper, simulations
Thoughts of the painter and the poet
And the last scientist

255. On My Skin

Another night I'm turning in
Ghosts of your fingers on my skin
Play another melody
Let the rhythms spin
Tomorrow is another day
Not ready to begin

Trip into the dreamland
On a rainbow in my mind
Maybe we could dream together
Who knows what we would find
Painted landscapes by the master
Sketched and coloured, faintly signed
Living in a distant memory
Time now out of mind
Offspring of our sleeping travels
where our dreams had once entwined

Another night I'm turning in
Ghosts of your fingers on my skin
Play another melody
Let the rhythms spin
Tomorrow is another day
Not ready to begin

256. Killing Jar

Wait by the paper daises
See what the summer flower brings
Should I go catching butterflies
Spread their pretty wings

Oh pretty things
Fly across my mind
Flutter tiny wings
La la de la
Into the killing jar

Sleep forever
Killing memories
What I wish to learn
Is all you think
Oh pretty flower, pretty flower
What way will I turn?

Oh pretty things
Fly across my mind
Flutter tiny wings
La la de la
Into the killing jar

Like a cloud up in the skies
See how the little net unfolds
Reaching for the butterflies
Catching up their souls

Oh pretty things
Fly across my mind
Flutter tiny wings
La la de la
Into the killing jar

257. Is Time A Wheel

We move from beginning
From beginning to end
Swift like an arrow
Like an arrow my friend
From the day we begin
To the day we may die
Swift like an arrow
Like an arrow we fly

Do I love you?
That depends how you feel
If time is an arrow?
Or time is a wheel?

We move from beginning
From beginning to end
To turn like a wheel
Like a circle my friend
Everyday we may die
Is the day we begin
Turning round like a wheel
Like a wheel we spin

Do you love me?
Tell me how do you feel?
If time is an arrow?
Or time is a wheel?

Our lives like two arrows
That fly by this night
Aimed for two targets
Our two arrows in flight
Will one day like wheels
Turn to beginning and then
We'll circle around
Be together my friend

Do you love me?
Would our lips make a seal?
And is time an arrow?
Or is time a wheel?

258. Loud Music And Alcohol

You died upon the road
You were strapped to your machine
If silent souls could make a sound
I guess we'd hear you scream
I was more surprised than anything
To see your hair a mess
There was blood all on your party dress
You were laid out like a doll

I'm gonna lose it
And only one thing makes me forget
Your final curtain call
Loud music and alcohol

You mean we pay for everything
Somebody counts the cost
Don't pray for me
I'm lost

I couldn't quite escape the way
Your eyes did not look back at mine
It would be like that forever now
For what was left of time
Black was how you dressed
And it was how you made me feel
I thought I saw your sleeping eyes peep open
What look did they reveal?
Your two eyes stick in me like pins
And I am just your voodoo doll

Your eyes were always dangerous
Like hot knives straight through butter
They cut apart my heart into my soul
I felt the strangest touch
A shiver ran right through me
Like your hands were on my back
I felt their touch was cold
I hold your picture to me
Like I am just a child
And I am holding to some doll

259. Cinderella

Hey well yesterday I ran into
Your wicked two stepsisters
They said you're
Spending too much time
With your laptop's silicon transistors
Well taping on your keyboard
Gives your fingers social blisters

Cinderella, Cinderella
Come and meet at the ball
Don't watch the clock
Every dream is toppling
The curtain's gonna fall

Cinderella, Cinderella
Come and meet at the ball
We can kick our shoes off
Dance past midnight
And to here and hell and all

Let's go anti-everything
Turn our back on waving flags
You've got nothing we can pack
No need for heavy bags
Bring your smile
And bring your fortune
You can run away in rags

Perspiration on your windows
A thinker's fog
unmanaged by demisters
I tend to float just with the flow
I'm an existential strange exist-er
I want to pet you in the pumpkin patch
Give your eyes that glow and glister

260. Vagabond Street

There's no decisions
 Just common sense
 For hookers and fallen angels
 Get no rewards
 For just innocence
 Selling sighs
 Between their thighs
 They tempt wandering hands
 And drifting eyes
 A Venus fly trap
 To lure and snap
 They dress so well
 And smile so sweet
 Down in the shadows
 On Vagabond Street

Life hurts so hard when it hits
 The runaways and misfits
 They left home
 So young, too late
 Said hello to the call of fate
 Made their first and last mistake
 No time, just gone, too late
 No time now, shut the gate
 Just let the nomads wait
 Wait with the lost souls
 Resting their feet
 Down in the shadows
 On Vagabond Street

Someone light a fire
 We can share the heat
 Someone light a fire
 Who are you hoping to meet?
 Down in the cold
 Down in the dark
 Down in the shadows
 On Vagabond Street

Distant destinations
 Seemed to sound so well
 But who are you to tell?
 It's not just for your revival
 But a case of your survival
 You move until you find
 The joy was in the leaving
 And not in the arrival
 Who can you tell?
 Who can you trust?
 Wayfarers and lost travellers
 Missed out on the final bus
 They still sit and warm
 The terminus seat
 Down in the shadows
 On Vagabond Street

The loners and the lonely
 Care for what
 And they know only
 Somehow they survive
 While lost friends and family
 Go on with their daily lives
 They mean so well
 But you don't share homes
 And you don't share lives
 The loners and the lonely
 Why do they stay alone?
 Can't they talk to someone?
 Don't they own a phone?
 Cold silence stills their hearts
 Stills, till they no longer beat
 Down in the shadows
 On Vagabond Street

They try to make their mark
 Till they lose what they tried to find
 And end up only just marking time
 It seems like your going nowhere
 So you break your back
 Till it breaks your heart
 With the final knowing
 That the place you reach
 Is the very nowhere
 It seemed that you were going
 You stand amazed and watch
 The minstrel and the unknown artist
 Sing and hawk for the
 Money to eat
 Down in the shadows
 On Vagabond Street

Those faint hearted heroes
 Count up lost chances
 They count up from zero
 But heroes or fools
 It depends on the rules
 So they make up their own game
 They give it a name
 They play to win
 But they're stealing time
 With the ramblers
 The thieves and
 The last chance gamblers
 They only fool themselves
 Until, finally there's no one
 Left to cheat
 Down in the shadows
 On Vagabond Street

261. If Time Was Ever Money

Another moon wheels
Over the sky
Leaving its mark
On the night and the tide

I've not the first heart
To never be sold
That could not be traded
For favours or gold

Our days are much too brief
The moments are too few
But if time was ever money
Then I'd spend every penny on you

Another sun rides
Over the sky
Shining its light
On the world ever wide

I've never seen clearly
I was ever change blind
I guess I'll never be rich
For I've never saved time

Our days are much too brief
The moments are too few
But if time was ever money
Then I'd spend every penny on you

262. I Used To Be A Werewolf

I used to be a werewolf
 But I'm alright now
 The full moon at night
 Used to make me howllll...
 I used to be a werewolf
 But I'm alright now, Oowww...

It's crazy I guess
 I had a taste for the flesh
 I'd bark and I'd bay
 Get carried away
 By the sound of my growllll...
 I used to be a werewolf
 But I'm alright now, Oowww...

My eyes got scary
 And my back got hairy
 My teeth grew long
 And my arms felt strong
 I'd feel dangerous, wowww...
 I used to be a werewolf
 But I'm alright now, Oowww...

You're so pretty I plead
 There's a river of need
 I can't stop the flood
 I got a hunger for blood
 I got a need some howww...
 I used to be a werewolf
 But I'm alright now, Oowww.....

With my claws so sharp
 By the shadows of dark
 If you stray by my way
 You won't see the day
 Oh when the moon is fullll...
 I used to be a werewolf
 But I'm alright now, Oowww...

I used to be a werewolf
 But I'm alright now
 The full moon at night
 Used to make me howllll...
 I used to be a werewolf
 But I'm alright now, Oowww...

Oh when the moon is full
 Oh when the moon is full
 Oh when the moon is fullll...

263. Perpetual Motion

Love takes away energy
It's a recurring theme
Like thermodynamics
An impossible dream
Love that needed no work
A perpetual motion machine

Everything it just ended
Everything turned
I guess it wasn't love
Just some lessons we learned

It wasn't love
It didn't stay
But it was
Quite a good time
And we got a
Good feeling
Anyway
For our time

As the temperature falls
Loves constantly tending
To some constant entropy
Oh it's no good pretending
Of work with no energy
Love is not never-ending

Everything was consumed
Everything burned
I guess it wasn't love
Just some lessons we learned

264. So Much For The Species

Oh those pretty ballerinas
Don't they dance up on their toes
How they ever do it
I guess somebody knows

Boys down by the red lights
They exchange their genes
In painted love machines
So much for the species

Talking trash, collecting cash
Slender street princes
Defiling, meekly smiling
Selling eager inches

And those men in gowns
Write theories down
Study them in theses
So much for the species

I'll drink the rum
You drink the gin
It helps to keep
Your devils out
It lets my devils in
I'll drink the rum
You drink the gin
I'm anxious to let love begin
But it feels like
What is left of love
Is only just the sin

Oh those pretty little angels
Don't they fly up there on wings
But how they ever do it
Is the mystery of things

Hungry masochists are
Dressed in black and silver zips
Leather, rubber, metal clips
So much for the species

Seeking aimless leisure
Ache for strange releases
There's a puzzle to the pleasure
But the puzzle's all in pieces

265. Long After You're Gone

A veil across lies
Into your secrets
The well of your deepness
You're wise
There's another quite different
Angular view
The stars will keep shining
The sun will look down
The sky will stay blue

The night with the light
Gone like the tide
You're not by my side
Something is wrong
You're not where you belong
Though you be gone
With the day
The music will stay
The song will play on
Long after you're gone
Long after you're gone
Long after you're gone

A bitter wind sighs
Love in small doses
I'm prone to hypnosis
Your eyes
There's another quiet memory
Remember the view
The flames will keep burning
Consumed by the fire
All tried and all true

266. Binary Division

The masterminds were meeting
To make the grand design
I had nothing to contribute
No ideas were on my mind

The course ahead remained
Unresolved by straight cognition
I unpacked my bags of patterns
And moved ahead by intuition

I put the razor to my thinking
Three untidy days of beard
My dark day was a bright day
The day that you appeared

The monuments collapsing
The foundations undermined
One more binary division
As the past was left behind

All my thoughts expanding
Just like fuel after ignition
There was nothing until something
Like a trick by some magician

267. Urban Decay

It's vote me, not him
You sink, I swim
My view, screw you
Wise guys, all lies
And the politics we play

It's low life, high tech
Watch out, no doubt
Cut bleed, big greed
Go slow, full speed
And another bad day
Of urban decay

First born, rip torn
God does Disney porn
Say more, do less
We all go clueless
What does the media say?

All opinion, no fact
You lose, fake news
Less range, more on
Don't think,
You choose
And another bad day
Of urban decay

It's all make love
Fake war, don't shout
Big kid, slick toys
Make gun, big noise
And deadly games we play

It's walk on, dark street
Bad fate, heavy wait
Take drugs, get mugged
No cash, big crash
And another bad day
Of urban decay

It's foreign terror
New slaughter
Instant weather, add water
No doubt, put in, pull out
You better think our way

It's I'm right, your wrong
Two seconds too long
Online, cybercrime
Hurry up, no time
And another bad day
Of urban decay

268. Like This

A whispered wish
In time's abyss
The hit and the miss
Of my reminisce
The thought of you
The stimulus
The broken pieces
Of random motion
As time stood still
And stopped at last
Like a waveless ocean
Or a sea of glass

You said it was love
You saw a star fall
I'd rather blame our innocence
Or maybe, just coincidence
Or the wherewithal
For it all
For it all

Loves bit of bliss
Its stolen kiss
The wheel rolls round
Like this
The world goes round
Like this

A thought to say
The taste as sweet
As candy pieces
My new word
For the day is
Sweet kinesis
The summer burns
Your compass turns
The south and north
The back and forth
The up and down
And the turnaround

You said we got lost
In the timeless sprawl
I'd rather blame the decadence
Or just our lack of confidence
Or the wherewithal
Of it all
Of it all

Love's venom hiss
Its deep abyss
The wheel rolls round
Like this
The world goes round
Like this

269. Totally Linked

Symmetry breaking
 Nothing is average
 Locally patched
 Chaos in motion
 Power law scaling
 Mean field effect
 Theory or fact
 Approximate notion

Superior set
 Totally linked
 Top of the net
 Talking to no one

Linear thinking
 Spatial extension
 Cooperative thinking
 My selfish gene
 Personal fitness
 Natural selection
 Altruist signal
 Competitive team

Superior set
 Totally linked
 Top of the net
 Talking to no one

Randomised lines
 Tipping effect
 Hub to the spoke
 Scaling is free
 Structured relations
 Our small world
 Connected, about
 Six by degree

Superior set
 Totally linked
 Top of the net
 Talking to no one

Mental disorder
 Press the recorder
 Excite, inhibition
 First order
 Second order
 No order
 Phase transition

Assuming too much
 Trigger collapse
 Can't find
 Any causality
 Evolving so slowly
 Temporal effects
 All is
 Universality

270. Signal To Noise

Can't find the sound
Tune up the toys
Calculate quickly
The signal to noise

The order is lost
The chaos destroys
The pattern hides in
The signal to noise

I got very tired of changing my mind
The singer got tired of the same old rhyme
The drummer got tired of toeing the line
So now
Who's going to go and beat time?

The madness is feigned
The laughter decoys
The sanity hides in
The signal to noise

Flick up the amp
Volume destroys
My melody's lost in
The signal to noise

271. Fate Was My River

I was running out of time
Or at best was running late
I was trying to do, all I knew
To redirect my fate
She walked away, I let her go
Fate was my river, I let it flow

I can see
That she
just wants to be
Wild and easy
And set free
I don't know why
She'd want to be
Like me.

Anyway, what was I to say
She said that she was lonely
As if she was the only one
To ever feel that way
She walked away, the past was done
Fate was my river, I let it run

I'm planning for tomorrow
And still living for today
For one day there's no tomorrow
Our time is made that way
She walked away, I lost my soul
Fate was my river, I let it roll

272. Red Sky At Night

The red sky at night
Oh, the red sky at night

On my weary bones I stand
Rest must wait a day
Wait for the sun to settle down
In the breasts of the distant land

I tramp a dusty highway
Awake to the morning light
Walk and wait and watch
For the red sky at night

The red sky at night
Oh, the red sky at night

The sun is a hard task master
It tempers my heart like steel
It drives me a little bit faster
It burns with the fire I feel

It gets up when I get up
I lay down when it goes down
But it ain't like me
It don't get tired of going round

The red sky at night
Oh, the red sky at night

Lay down my weary mind
Close my weary eyes
Fall asleep to the strain
Of a memory lullaby

I tramp a dusty highway
Awake to the morning light
Walk and wait and watch
For the red sky at night

273. Second-hand Story

Felt the fever in the blood
Saw the power and the glory
Heard a second-hand story
Of love
Lies, little lies
Of love

There's a feeling anyhow
Kiss me once
It's more than never
And it will not last forever
And I want to feel it now
Kiss me once
It's more than never
Before it's gone forever

Write scarlet thoughts in blood
The promise your eyes mention
Seduced by all the tension
Of love
Words, little words
Of love

Know the fire of the blood
Taste the anger and the fury
I'm convicted by my jury
Of love
Crimes, little crimes
Of love

274. I'm In Disneyland

My head goes dizzy
I cannot speak
My knees go weak
I cannot stand
One look at you
And I'm in Disneyland

I should not dream
I should be awake
But how can I trust
What my eyes see?
When what is before me
Is what I want it to be
Is it part of a plan?
It's so confusing in a fantasy land

Lost in the wilderness
A jungle of fear
What will I find
When you come near
Remember whatever happens
It's not part of a plan
It's dangerous in a frontier land

On an outer space blast
I hurtle ahead
What would our future bring
If I held you near
And gave you a ring?
Am I getting ahead
Making too many plans
Am I living in tomorrow land?

On the roller coaster ride
Of your smile and desire
I just want go faster
I just want go higher
I get so excited
It isn't part of a plan
I'm playing in adventure land

275. Hunters And Gatherers

We are careless nomads
 Drifting round
 Restless souls on shifting ground
 Hunters and gatherers
 Hunters and gatherers
 Hunting for hearts
 Gathering parts of the people we've found

We are endless warriors
 Breaking law
 Aimless soldiers making war
 Hunters and gatherers
 Hunters and gatherers
 Hunting for fame
 Gathering blame for the things we saw

We are ceaseless teachers
 Speaking alone
 Timeless searchers seeking home
 Hunters and gatherers
 Hunters and gatherers
 Hunting for men
 Gathering ken of the things unknown
 Hunting for clues
 Gathering news of the things unknown
 Hunting like fools
 Gathering rules of the things unknown

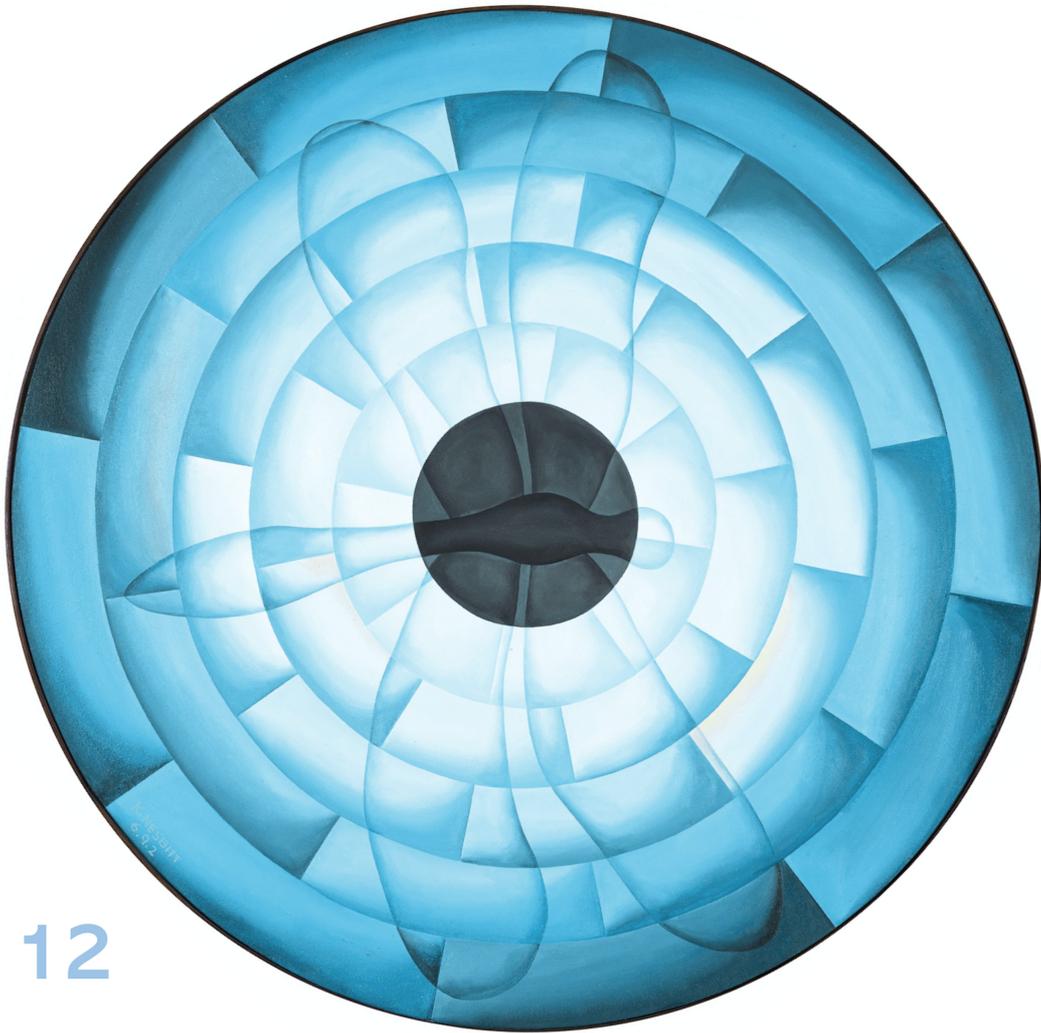

We are crossing bridges
 Breaking ground
 Standing tall
 And falling down
 We are crossing rivers
 Leaving shore
 Wanting peace
 And making war

Like birds on the wing now flown
 We are all travellers born to roam
 Hunters and gatherers
 Hunters and gatherers

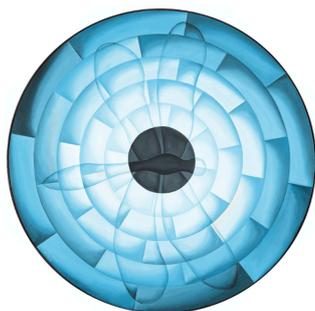

We are building fires
 Making names
 Learning love
 And playing games
 We are building lives
 Acting roles
 Speaking truth
 And saving souls

Like seeds on the wind all blown
 We are all travellers seeking home
 Hunters and gatherers
 Hunters and gatherers

276. Shipwreck

The silent sea
Taps the sand
With such gentle feet today
But I see the power that it holds
By the shipwreck on the bay

I hear the sounds
Upon the winds
Of the sailors
Upon its deck
Their screams get lost
Upon that night
They lost their lives
Upon this wreck

The silent sea
Laps the land
With such gentle tidal sway
But I see the power that it holds
By the shipwreck on the bay

I hear the cries
Upon the waves
Of their lovers
Upon the land
They lost their men
Upon that time
This ship was lost
Upon this sand

The silent sea
Wraps the sand
With such gentle arms today
But I see the power that it holds
By the shipwreck on the bay

277. Time's Demand

I fear I plan
By time's demand
There's not much I can do
I fear I stand
At time's command
One heartbeat from you

I fear the plan I see your quiet eyes
They say to me some time
We fear to plan the rendezvous
That leads us to that crime
I've seen the foolish carried far
When the wings of changes flew
I've felt the pulse of mystery
Flutter something new
I fear, that I will meet with tragedy
One heartbeat from you

I fear I plan
By time's demand
There's not much I can do
I fear I stand
At time's command
One heartbeat from you

I stand so near I see your quiet eyes
Relay to me their storm
We stand so near to danger that
We may not see the dawn
I've seen the ravaged landscape
Where the wind of changes blew
I've felt the pulse of history
Beat the changes through
I stand, and I will meet with destiny
One heartbeat from you

278. Just Wishing

If I think too hard
I'd have to say
There is not too much
I'm missin'
But when you smile
And walk away
You leave me here
Just wishin'

I'm trapped within me
Some dark, strangest mess
I can't explain
Where would you
Like me to begin
Safe and dangerous
Like frozen flame
I'm helpless, hopeless
Lost within

When you smile and flirt
My heart it hurts
I guess I wonder why
You're fishin'
Just bait for fate
You lure me near
You leave me here
Just wishin'

I'm trapped without you
It's good, it's sadness
I can't explain
How such things
Might come about
It's crazy, madness
Like pleasure, pain
I'm hopeless, helpless
Lost without

Your lips they smile
They speak my name
I wonder what they're like
For kissin'
You smiled at me
You spoke my name
You left me here
Just wishin'

279. Sympathomymetic Drug

You're a sympathomyometric drug to me
You got me scared to death
I don't know whether to run or fight
And I want to make love to you

Oh! Darling don't you let me be
Oh! Darling don't you set me free
You're a sympathomyometric drug to me

You've got my adrenalin pumping
My heart starts a thumping
I know it can't be real
But I can't fight the way it feels
I could keep up the fighting
If it didn't feel so right
But I can't fight the feeling
When it feels so nice

You've got my adrenalin a pumping
My nerve ends a jumping
I don't know what to do
And I'm scared to death of you
I can't sleep when you're here
I can't sleep when you're gone
But it's a little bit more than fear
Ooh - I want to make love to you

Oh since we kissed
Last night
I don't know whether to
Run or fight
Don't know what to do
You take my breath
I'm scared to death
And I want to make love to you
Feels like fright
It's either fight
Or it is flight
Or I better make love to you

280. Killing Time

Sitting watching
 Oceans break like heartaches
 On a disenchanting sea
 Not sure
 If I was killing time
 Or time was killing me

You said that I could do
 Anything
 I set my mind to do
 I set my mind on you

Sitting watching
 Oceans break like heartaches
 On a disenchanting sea
 Not sure
 If I was killing time
 Or time was killing me

The wind upon the plains
 Blew across the landscape
 The clouds were made of dust
 Made it hard for me to see
 I went looking for a fortune teller
 One that I could trust
 One to read my future
 How I wanted it to be

 Beset by need for certainty
 I was oddly, strange addicted
 Though I knew the days ahead
 Were not made to be predicted
 Not simply with regards
 For signs of birth
 Or lines of fate
 Or just the fall of cards

 Though for every puzzle
 There's a clue
 And I don't mind delusion
 Or some chaos and confusion
 If it takes my mind off you

Sitting watching
 Strangers fall in love
 Old movies on the TV
 Not sure
 If I was killing time
 Or time was killing me

 You said that I could do
 Anything
 I set my mind to do
 I set my mind on you

 Sitting watching
 Signs that my tomorrow
 Would be what it would be
 Not sure
 If I was killing time
 Or time was killing me

281. In The Beginning

The garden looks nice
 Adam chatting up Eve
 By the evening fire
 I know a cave
 Where we could retire
 I heard the word
 It's part of the plan
 We gotta reach out
 We gotta expand
 From on high
 Came the cry
 We should go forth and multiply

In the beginning
 Whole lot of hadding going on
 Whole lot of taking of
 Thy neighbour's life
 Whole lot of coveting
 Thy neighbour's wife
 Whole lot of bad
 Whole lot of wrong
 In the beginning
 Whole lot of hadding going on

Noah was an engineer
 Building boats and
 Drinking beer
 Watching the animals
 Two by two
 Raising up his pets
 Drinking home brew
 Saving up a little
 For a rainy day
 Up on high
 There's a cloudy sky
 We better go forth and multiply

You and me
 In modern times
 You can buy anything
 If you read the signs
 It don't make sense
 I can't understand
 Boys and girls
 Still holding hands
 Wandering round
 On a high
 I'm wondering why
 We must go forth and multiply

282. Fates Haven't Got Me Yet

My number never shows
When I play roulette
I've used up my luck
So I better not bet
And I might get tired
When the sun gets set
But the fates
Haven't got me yet

No the fates haven't got me yet
No the fates haven't got me yet

I loved every lover
And there's no regret
I cried for that lover
That I once upset
I lost me a lover
That I cannot forget
But the fates
Haven't got me yet

No the fates haven't got me yet
No the fates haven't got me yet

Bought a little house
And got a big debt
Got caught in the rain
I got soaked wet
I worked for a living
Made of tears and sweat
But the fates
Haven't got me yet

No the fates haven't got me yet
No the fates haven't got me yet

283. Mad In The Morning

I'm digging the world
Kind of liking the menu
Just a little depressed
At the state of the venue

When over the mountain
Big yellow thing comes
One big ball of flame
Best known as the sun

Everyday's a new war
Like a war without warning
Mummy, Daddy gets strange
Kind of mad in the morning

I'm spinning so dizzy
The world keeps revolving
I read in the papers
We're a species evolving

Race down a mountain
The radio's driving
Hey monkey man
I guess I'm surviving

Ice on the mountain
Makes a sliding reaction
I'm making a prayer
For a little more traction

The weather is crazy
It's hardly surprising
Tornado, tornado
The water is rising

The moon will rise again
Satellite of new rebirth
Riding a well of gravity
In the sky across the earth

Backwards and forwards
Those old planets go
Bound to crawling up high
And sinking down low

284. Altar of Sacrifice

Until every battle's won
I will never cease
Not 'til my will with you is done
Not 'til I claim my sweet release
Will this man lay at peace

To the victor the spoils
I will not rest
Until the tears of my toil
Lay across your breast
From the fever of my caress

I'd turn my eyes to heaven's skies
To pray, oh how I'd plead
But there are no words to any prayer
To pray for what I need
In pagan temples far from home
I'd seek for gods' advice
I'd take my heart and let it bleed
On the altar of sacrifice

I'd find my way to the dens of greed
I'd sell my soul
With all good speed
I'd buy these unnamed things I need
I'd sell my soul
I'd pay this price
I'd take my heart and let it bleed
On the altar of sacrifice

While ever there's a new day breaks
I will not be weak
Not 'til my every breath escapes
Not 'til I claim your heart to keep
Will this man lay in sleep

There's some mark made in time
I'll find the place
Where your eyes hold to mine
And our two hearts race
From the danger of my embrace

285. Turn For The Worse

You've changed your hair
Was it the colour this time?
Are you changing your man
Or was it just your mind?

With each tick and each tock
Each beat of the clock
The second hand moves
In a moment's flat
But you're changing your mind
Even faster than that

You nod and say no
Shake your head
And say yes
What you really mean
Is anyone's guess
You turn away baby
You cuss and you curse
You turn away baby
It's a turn for the worse

I see the wheels turn
I hear the clockwork clinking
I see into your eyes
And I hear your mind thinking

But it's clockwork
Once in every seven days
Suddenly I'm all the craze
You hug me and you kiss me
And you move me
In mysterious ways

You want to be an actress
You're so quick to confess
But you couldn't act injured
If you cut your finger
Couldn't act silent
Couldn't act wise
Couldn't act blind
If you covered your eyes
But you want be lit up
Get up on the stage
But it's been your third birthday
Since you acted your age

286. Late For You

Will love last the turns of history?
The pains, the strains, the miseries
Something's not the same to me
I was late, you did not wait
What was I to do?
Was I late for destiny?
Was I just late for you?

I see within your eyes a light
That I have seen before
Do you believe in other lives
Where we have been before?
Did we meet within these pasts
Upon some distant slice of time?
Were we lovers made to ghosts?
These thoughts are ice upon my mind

Our minds are mainly conjurers
they're made to sure deceive
And quick to alter all we see
to make what we believe
Within my thoughts upon a dream
is that the place we lay?
And never did our hearts caress
upon some other day?

The centuries fall and close
They slowly crumble like the land
The links, the chains they still remain
From the date you held my hand
A single touch that weds our thoughts
And joins us evermore
I see within your eyes a light
That I have seen before

287. Goodbye Avenue

Some days crawl by and you ache for change
You ache for change and there's nothing new
So I think one more time about having you
While the sun sets down on Goodbye Avenue

I think about the trouble in the world we know
The way the time speeds by or moves too slow
We went running into danger and we did not fear
Someone cried a warning but we did not hear

It's just water in my eyes from the dust in the skies
I got confused I thought maybe you were changing too
And I thought somehow that I was saving you
When we said goodbye on Goodbye Avenue

Sometimes you don't see the stars for the dark of these nights
But I remember how we first met counting those lights
Till something made me empty like I was losing touch
And the same things somehow didn't mean so much

Some days crawl away while I ache for sleep
I'd sleep but the sky is still drawn day blue
I think one more time about having you
While the sun sets down on Goodbye Avenue

288. My Faint Heart

Us two we're company
Three's a crowd
Must they sing so loud?
Unrestrained cries
Of lovebirds
Under painted skies
Untainted by a cloud
Are you acquainted with
Love's dark art?
Look away
Look away
Don't make me start
Your shinin' eyes
your shinin' eyes
And my faint heart

Be gentle with your let me downs
If you won't walk my way
Or my trembling voice
And my faint heart will betray
I'd ask you for your hand
To lay you down with me this day
I want to make a stand
but these are words I'd never say
Be gentle with your let me downs
If you have no wish to stay

I'm starring in this movie
But I think I've been miscast
I'm the guy that's holding hope
And I'm still holding fast
There's a lot of bad weather in the future
Apocalyptic storms forecast
Time to show your soul to me
Don't hide behind that mask
There are many things I need
But there is nothing I will ask

289. Days Roll Away

These seasonal changes
The light disappears
And the days roll away from the years
And for too long to
You were not here
I was looking for something
That I could hold onto
But I'm not strong
So you'll have to stay near

The wind talks and murmurs
The trees bend much closer
Like they mean to whisper
Into each others ears
They're laying their leaves
Like some secrets they cast
Down to their feet
Like haunted men
Shedding their past
Soon the days roll away from the years

The grey clouds are meeting
As they grumble away
Telling sad stories, and the storm
Is a falling of tears
They're washing the waves
Like a journey returning at last
Back to their home
Like hounded men
Catching their past
Soon the days roll away from the years

290. Lie To Me

Tell me you still love me
You're still mine
Come on baby
Lie to me
One more time
Tell me you still want me
Everything is fine
Come on baby
Lie with me
One more time

We made the marks
We draw the line
We ran our love
On overtime

We felt the hunger
Ate the feast
Teased the creature
Killed the beast

We fed the heat
We let it rise
We saw the danger
Closed our eyes

We took the risk
We rode it fast
We held on tight
Until the last

291. Flickering Flames

Do you remember the day
You walked right into my world
I remember the hour
The moment, the power
You left me there thinking
About you my girl

So you go away
I know love does not part
But nothing explains
Why it still remains
In the flickering flames of my heart

I hate the way
Memories creep
Right into your sleep
The oceans of memory
Are wide and too deep
I think I am sinking right into them all
On the shallow shores of my mind
They start collapsing and fall
Until waves of your memory
Is all I recall

But I better stop
Or I'm going to start
To rekindle the pains
Or whatever remains
Of the flickering flames of my heart

Do you remember the time
You held right onto my hand?
I remember the hour
The moment, the power
I'm left here and thinking
And lost in dreamland

Memories gain value
Like rare antiques, like art
But your memory stains
Are all that remains
And the flickering flames of my heart

I hate the way
Time sneaks away
Night into each day
These moments of mine
Are running astray
I think I go racing right after them all
On the changing shores of kept time
My feet impression each fall
Tidal waves sweep away and
Prevent their recall

But I better stop
Or I'm going to start
To rekindle the pains
Or whatever remains
Of the flickering flames of my heart

292. Roundabout Song

One day here
And next day gone
One day cry
And next day song
One day quiet
And next day shout

Time turns in a cycle
And we're all getting cast about

One day still
And next day storm
One day end
And next day born
One day in
And next day out

Time turns in a cycle
And we're all getting cast about
No matter how I turn it about
I can't figure it out
Time turns on a cycle
And we're all on it's roundabout

The blur is dizzy
So it's pretty hard to factor out
To hold on while you're spinning out
Time turns on a cycle
And we're all on it's roundabout

One day mean
And next day kind
One day lose
And next day find
One day certain
And next day doubt

Time turns in a cycle
And we're all getting cast about

One day cold
And next day flame
One day work
And next day game
One day in
And next day out

One day rain
And next day sun
One day pain
And next day fun
One day flood
And next day drought

Time turns in a cycle
And we're all getting cast about

One day truth
And next day lie
One day live
And next day die
One day in
And next day out

293. Little White Lies

You say you love me
When I look in your eyes
I see the big black holes
In your little white lies
The little white lies
In your big brown eyes!

You're running round
You're out on the game
People are talking
They're saying your name
You never think
Going around town
Oh about my shame
You're putting me down
You're bringing me pain
You're bringing us down
And you do it again

Everybody's found
What I recognise
You're sinking too low
And cutting our ties
You never think
Your running around
Will bring our demise
I'm hearing the sound
When a good love dies
I'm fearing the sound
Of your sad goodbyes

294. Whole Of My Heart

I show you the planets
As they shine in the sky
You show me your laughter
And a look of surprise
As though such wonders were
Not meant for your eyes

I tell you great stories
Of how the moon disappears
The smile and amazement
On your face reappears
As though such wonders were
Not meant for your ears

I touch you gentle and near
Talk of dreams and great plans
You smile as we're feeling
And the fire just fans
As though such wonders were
Not meant for your hands

You could have left me
Stranded here and standing apart
Demanding I hand over
The whole of my heart

But you just come and you smile
A crazy flower in a garden so wild
Your innocent lately
With the hope of a child

The sum is much greater
I sense kind of wonder
A beginning, a start
I'm handing over
The whole of my heart

The sum is much greater
Than our two little parts
Amazing who would believe
I'd be handing over
The whole of my heart

295. Sweetest Sin

Skipping away
Passing through
Your memory's late
Waits overdue
From any angle of review
The sweetest sin
Was you

The day is here but
Tomorrow is another night
The picture of the past and future
Is diminishing with light

Today and yesterday
Are perfect strangers
Every day that brings a new sun
Brings more changes

Skipping away
Passing through
Your memory's late
Waits overdue
From any angle of review
The sweetest sin
Was you

Today is here but
Tomorrow draws another line
The average of the past and future
Is diminishing with time

And every idea that brings wonder
Seems frightening
Every storm that brings thunder
Brings lightening

296. Time Thief

And I don't know what it is that you seek
 And your lips don't move
 But your eyes sure speak

And I started strong but I ended weak
 Adrift alone in the waves of sleep
 But what you take well you can keep

For I know that you're the time thief
 But what you take well you can keep
 For I'm paid in kind by the sweet relief

Well I started strong but I ended so weak
 And dead men yes may rest in some peace
 But for me this journey is to cease

And all I see in the pages deep crease
 Is the message you left but made too brief
 Echoing loud my unchanging belief

And I know that you're the time thief
 But what you take well you can keep
 For I'm paid in kind by the sweet relief

Crushed by the gravity
 Your radio memoir
 The gold on your finger
 From the death of
 A distant lonely star
 Leaving a trace,
 A mark on the radar
 Striking a string
 On the cosmic guitar
 Waves from the surging
 Tide of our cycles
 Have travelled so far

Await for detection
 Stealing the moon
 Down deep under the sea
 A pool of reflection
 A mirror of meaning
 Caught in a war
 Senseless and screaming
 A river of riddles
 Searching and turning
 The maze of you mind
 I took a string but
 Got lost in your dreaming

The riddles of something
 Not even your own
 A montage of memory
 No hopes I can trust
 A lost river I ride
 Like the old wanderlust
 The iron of my will
 Gets eaten by rust
 The star from the start
 Got turned into dust
 Crushed by the gravity
 Your radio memoir

 Au revoir
 Au revoir
 Crushed by the gravity
 Your radio memoir

297. Perfect Timing

The world is just illusion
With some very nice effects
I'm looking for the moment
When everything connects

There's an undertone of movement
That stands alone and still
When I sense the deepest truth
And feel the strangest thrill

Atoning and roaming
Seeking out perfection
Equilibrium
Me and god and lithium
Seeking out perfection
Photographing perfect moments
The meaning
And looking for the best connection

Learn some
Reasoning and rhyming
And the gift of perfect timing
Feeling
Peace and torment
Learning
Falling is half of the climbing
When finding perfect moments
And the gift of perfect timing

In the maze of crazy chaos
How the bits of world arrange
A kaleidoscopic picture
All disordered turning strange

There's a still frame in the movie
And the rest is just a blur
When the key to every picture
Will just suddenly occur

298. Don't Rock The Boat

We ride on the seas of change
Emotions make for alchemy
Chart your stars and we will sail
Along with the winds of destiny

Don't swim my devil's daughter
For witches will not float
There's waves out in the water
So I would not rock the boat

So let us ride
Stay by my side
Don't rock the boat
Don't rock the boat
Don't sail against the tide

They fondly say the ocean
Like the world is very wide
But the times I've run from danger
I have found no place to hide

And the snake of love is poison
And I've found no antidote
And the lake of love is very deep
So I would not rock the boat

No spell can calm the water
Or the storms that lash the soul
No witches spell or cursed wish
Can tempt back our control

The waves they jump the bow
Destiny it blows a final note
The sea is breaking wildly now
So I would not rock the boat

299. Into The Country

Some people think I'm crazy
Stayed a little stoned all day long
Let me tell you I ain't crazy
Let me tell you they are wrong
Hey everybody thinks I'm lazy
I don't want to work away my life
I don't know if it is right
Anyway that's just me
And I ain't changing overnight

Getting out of the city
Into the country
Down to the sand
And out on the sea
Spending all my time
In the hot, hot sun
Go and see my baby
When the day is done

I was down in the city
Just the other day
When I saw an old friend
Coming my way
Well we did a little walking
Did a little talking
I said, how was the wife
And how was the kid
He said, lately he's working 24 hrs
And he said I was crazy
To live the way that I did

You can live off the land
You can live off the sea
But if you live off one another
You will never be free
We're killing the world
Until nothing remains
It maybe time for a change
A time to rearrange
No I ain't too crazy
Just a little strange

300. Tumbling Flyers

Caught a cold
 Made a sneeze
 My feelings flutter like the flags
 In a high, chill breeze
 It's no day for flying higher
 Up on life's trapeze
 The monkey dances for the organ grinder
 I can hear his song

I'm the last of the tumbling flyers
 And the show goes on
 Oh Gravity my enemy
 Can a man grow wings?
 No, the show's never over
 Till the fat lady sings

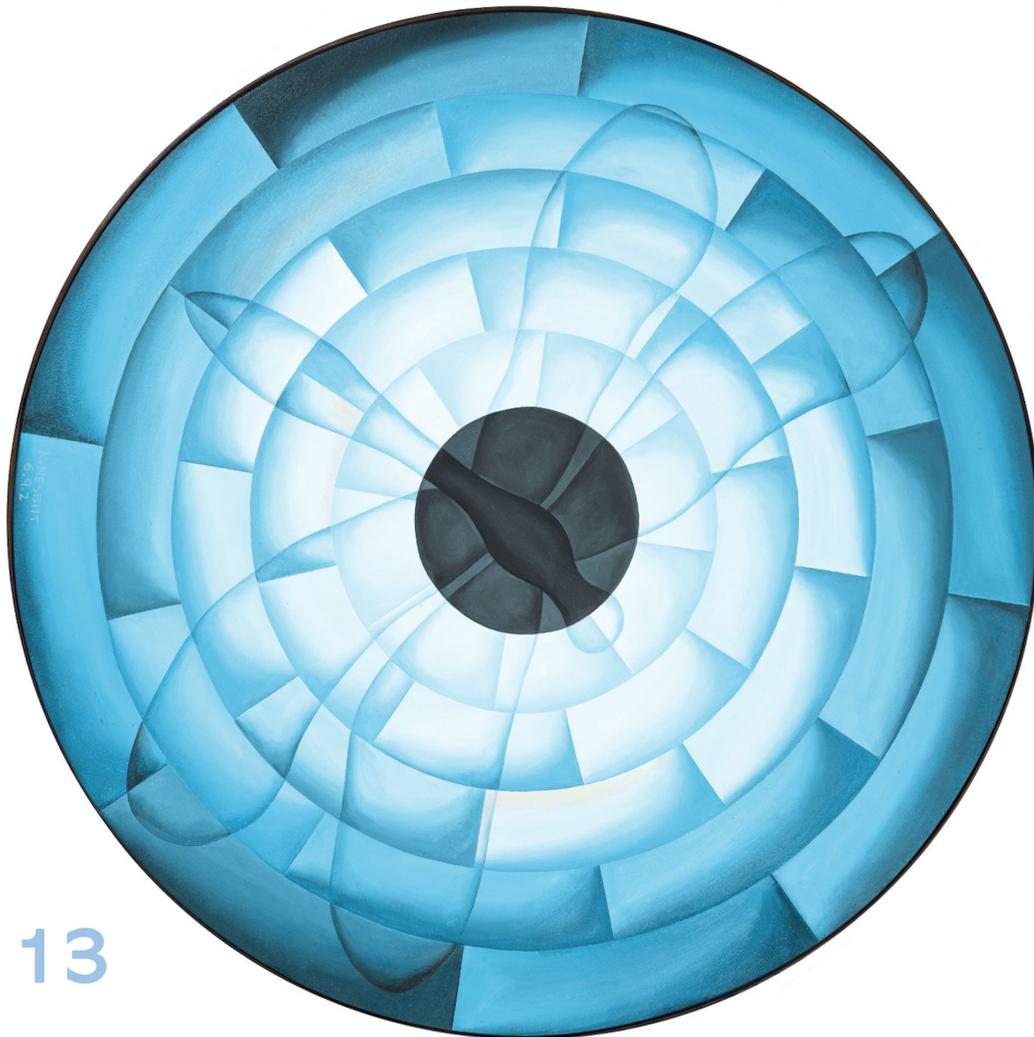

Sticky fingers
 Taffy sweet
 Pass my something good to eat
 I saw a frown
 On the painted face
 Of the side show clown
 Something sad or some regret?
 Lay out the happiness net

I'm the last of tumbling flyers
 But I can't fly any higher
 I'm anchored by strange
 Emotional springs
 Weighed down by the infinite
 Sadness of things

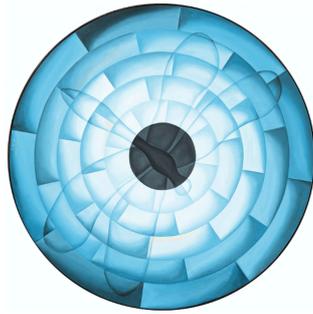

Roll up
 Bearded lady
 Rubber man
 Eat toffee apple full
 Of rosy red decay
 Hear the orchestra play
 Looking down
 Applause so loud
 High above the crowd
 Feel the vertigo
 My world spins
 Blind fold the pretty lady
 The knife thrower grins

The world spins faster
 Up steps the ring master
 Words I don't understand
 Into the microphone he mumbles
 Restless crowd begins to rumble
 Fire the human cannon man
 The sad clown drops his baggy pants
 Parade the elephants
 The acrobat does tumbles
 The crowd gasps as he stumbles
 The clown is juggling
 The third baton he catches
 It's the fourth one that he fumbles
 There's a drum roll for the flyer
 Seeking ever higher
 High above the faces
 And those three rings

325	Signs	2	13	137

301. Blood Red Rose

Last night, you wished me dreams of sweetness
Those soft pillows were so kind
Your words were like the river
How they drifted down my mind
Perhaps I drank too much
Of the blood red wine

How my heart moved like your words, the river
The way it runs and slows
And yes, time is like the river
I wonder where it flows
And my dreams were not of sweetness
But of the blood red rose

302. Nothing Gained

A minute after midnight
And nothing left of yesterday
To keep me entertained
You smile with hope and will
It's such a simple skill
I only wish I had been trained
To sail my wind of bitterness
That cannot be constrained

Well done
You cured a lot of things
But my madness just remained
So I had my brains examined
You said
Nothing ventured
Nothing gained
So I had my brains examined
And the results were soon obtained
They said my thoughts were crazy
But at least were self-contained

Well that explains the pain
But we knew my thoughts were crazy
So I guess there was nothing gained

Wrote a song or so for summer
To shed the winter chills
Of which I had complained
Still the gold of fortune weighs
On the back of pleasant days
And my smile is not sustained
I have a hint of desperation
That cannot be explained

You're a moonlight vampire
And you will seek my blood
Until every drop is drained
My mirror for protection
Repeats a poor reflection
And my weakness is ingrained
I have an eagerness of longing
That cannot be restrained

303. Coke And Ice

I got on my shirt
And faded Levi blues
I got on my walking shoes
I got some bills in my pocket
I got a head of strange views
I got Coke and ice
And bourbon blues

There's a dance on the floor
And the band plays rock
It's my second packet of cigarettes
And I'm shaking from the shock
It's our third bottle of Jimmy Beam
And it's only nine o'clock

I heard her
She said love is murder
Well I've been looking for the clues
And I'm ready to pay my dues
I got on my shirt
And faded Levi blues
I got on my walking shoes
I got some bills in my pocket
I got a head of good news
I got Coke and ice
And bourbon blues

At twelve we head like lambs
Down to a late night slaughter
Looking for a devil princess
Aome poor mother's daughter
But my eyes are all blurry
Maybe I should have drank water

And it's a ten dollar bill
For one half a shot
Until the bourbon in my hand
Is all I got
On yeah I got a itch I need to lose
I already paid my dues
And I don't care if I get used
Here comes a girl I can't refuse
She better take off my shirt
And faded Levis blues
Take off my walking shoes

I got a head of good news
I got Coke and ice
And bourbon blues

304. Take A Chance

Take a chance
Take a chance
Baby dance
Baby dance with me

Close your eyes
Realise
This is meant to be

Take a chance
Take a chance
Baby dance
Baby dance with me

The birds of night are singing
Like the song your smile is bringing
And I feel you're happy too
No one makes me feel this good
The way that you can do
Oh the way that you can do

All the stars are going nova
Like my world is nearly over
And I feel like exploding too?
No one makes me detonate
The way that you can do
Oh the way that you can do

The moon is setting lazy
And my head is going crazy
Do you feel the madness too?
No one makes me so insane
The way that you can do
Oh the way that you can do

305. Fortune's Loveless Heart

I don't understand the world we walk
When you've suffered enough
You've suffered enough
A touch too much of his loveless heart
I speak of Fortune's loveless heart

There's a time to be sad
A time to dance
A moment to risk it
Take the chance
The world's a wheel
We watch it spin
Hope our numbers
Might come in

Luck's my lover
Be my bride
You make me lucky
Stay by my side
I want to win once
Climb fortune's slide
Pick one number
Let it ride

Take one number
Let it stand
Cross your fingers
Hold my hand
You look crazy
Let's go dance
Crossing my heart
Cheating chance

306. Matter Of Time

Time, time
It's just a matter of time
Time
It's just a question of time

Lanterns in the night sky
On an alternating circuit
Flashing off and on
Like the echo of a cry
Across a wind torn canyon
I'm here and then I'm gone

Swallows in the day sky
In a never ending cycle
Migrating to and through
Like a cyclones eye
Across a wind torn coast
I'm with you, then I go

Waves across the day sea
Feel a pulse in motion
Rising on the dawn
Like another wannabee
Phantom on a blue tide
I'm here and then I'm gone

Moon across the night sea
In a never ending cycle
Rising now you glow
Eagle on a offshore breeze
Across a white sand coast
I'm with you, then I go

307. She Don't Like The Wind

She likes to be good
She loves to sin
She loves the thunder
She don't like the wind

She likes to laugh
She loves to grin
She loves the lightening
She don't like the wind

She likes to dance
She loves to sing
She loves the raining
She don't like the wind

She likes it new
She loves to try
She loves to say hi
She don't like goodbye

She likes the sea
She loves the sky
She loves to stay here
She don't like goodbye

She likes to smile
She loves to sigh
She loves to be home
She don't like goodbye

She likes it quick
She loves to spin
She loves the thunder
She don't like the wind

She likes it warm
She loves the spring
She loves the lightening
She don't like the wind

She likes to dance
She loves to sing
She loves the raining
She don't like the wind

308. Science Fiction Books

I seen a friend
 He said, "How you be ?"
 I said, I'm alright
 I got me a job
 Working at the B-H-P
 But I just had a day off today
 To fix my car
 I had an accident
 On those strips of tar

Oh, he says, Well now
 I've just been up the coast
 There was a cyclone raging
 And Angourie was the most
 I'm keeping out of sight
 I've been doing good deeds
 I've been smoking good weeds
 Yes, I've been doing just alright

Kind of made me think my friends
 Think there's got to be
 A better way to live
 I keep walking straight along
 And my life keeps taking bends
 I keep wondering
 What it holds for me
 And where it's going to end

I met another friend
 He said, His head was dizzy
 He said, He couldn't talk long
 Because he was busy
 Met a man from the army
 He said, It's hard to be a soldier
 I said, Why didn't you ask me?
 Even I could have told you
 We don't want to have to fight
 Just to have to live
 We don't want to have to die
 Just to have to live

That's the way it goes my friends
 I can't understand what I'm doing
 Let me tell you again
 I keep walking straight along
 And my life keeps taking bends
 I keep wondering
 what it holds for me
 and where it's going to end

I said, I've been
 Smoking too many cigarettes
 And with that I gave a cough
 I said, I've been reading
 Science fiction books
 By a man called Asimov
 And it's got me really wondering
 If there is some world beyond

Oh, take me to another galaxy
 Where there are no bends
 So, take me to another galaxy
 Where my trouble ends

Because there's got to be
 A better way to live
 Than this my friends
 I keep walking straight along
 And my life keeps taking bends
 I keep wondering
 What it holds for me
 and where it's going to end

309. Song In My Head

You rolled into my world
In a dress made of red
Love wrote a tune called
That song in my head

I rolled over each night
All alone in my bed
Love faintly made it
That song in my head

In a dress made of red
All alone in my bed
Love made - that song in my head

I rolled up every day
With a dream we would wed
Honeymoon dance to
That song in my head

How you roll in my mind
Every step that I tread
Making up words for
That song in my head

With a dream we would wed
Every step that I tread
You make - that song in my head

I rolled round to see you
But you thought me misled
Love's not the tune of
That song in my head

You rolled out of my life
With the words that you said
Love's not the tune of
That song in my head

But you thought me misled
With the words that you said
Love's not - that song in my head

Still I roll with the theme
Oh the dream I foresaid
Accompanied by
That song in my head\

Till they roll me away
In that hole when I'm dead
I'm gonna be here with
That song in my head

Of the dream I foresaid
In that hole when I'm dead
Love's got - that song in my head

310. Man Of Mercy

The dog
 Just spent six days in gaol
 At the R.S.P.C.A.
 And he was on death row
 When we picked him up
 Yesterday
 My missus says
 He's as bad as me
 We're nothing but
 A couple of strays
 My missus says
 If we don't start staying at home
 Quit our urge to roam
 Why, she's gonna take away
 Our bone

 Well, all I know
 Is a dog's supposed to be
 A man's best friend
 But he's got me in trouble again
 Everything he does
 Brings trouble down on my head
 He's inside
 Sleeping in a nice warm bed
 When I'm in the dog house again

 Well, I walked into my bedroom
 And found the dog
 Making a bed
 Out of what I bought
 As a hundred dollar coat
 If I wasn't a man of mercy
 I would've hit it with the broom
 Kicked it in the head
 Or collared it by the throat

But I was a man of mercy
 And that would be my doom
 Ah, alas instead
 I picked up my fancy threads
 And I was starting to
 Brush off the dog's long golden fur
 When I looked over my shoulder
 It was her
 Her eyes were taut and strange, and
 I was searching for a way to explain
 When my missus said
 That blonde that you've been dating
 Must have had the mange!

 Well, we've got a next door neighbour
 She's a pretty single lady
 And I sometimes fantasise
 That she might be my baby
 She washes her dirty lingerie
 Leaves it hanging on the line for hours
 Leaves the curtains open
 When she's taking showers

 Well, my dog's a man
 After my own heart
 And when it comes to lady dogs
 Why, he likes to chase the tarts
 Well, one day he took a fancy
 To something on the neighbour's line

Well, he's a dog of action
 Decisive in the mind
 So, he took his fancy
 Something pretty
 Off the neighbours line
 He started burying it in the yard
 If I wasn't a man of mercy
 I would have been stern and hard

 But I am a man of mercy
 So I seized the illicit underwear
 Was taking it back myself
 To the next door lady
 With the raven hair
 When I looked over my shoulder
 I felt a presence there
 It was her
 Her pupils were wide and bare
 I would've spoke, but I didn't dare
 My missus said
 You and that next door neighbour
 must make a pretty pair!

 That's when I reached despair
 That's when I lost my temper
 But maybe I should've swore
 But I am a man of mercy
 And that's were I paid the cost
 When she called my temper
 Raised it two tempers more
 I knew my battle was lost

311. Lot Of Ways To Go

I don't want preach
Or dive into deep
We all carry heavy loads
We wait or we watch
Or try to get lost
There's a lot of ways to go
At the crossroads

I don't want teach
Or put you to sleep
We all carry heavy loads
Go highway or track
Go forward or back
There's a lot of ways to go
At the crossroads

The sheets on your bed are so neat
Why would I mess up your mind, when
The sheets on your bed are so neat

The winter has taken the heat
Why would I run from your fire, when
The winter has taken the heat

Every pattern just tends to repeat
Why would I search any further, when
Every pattern just tends to repeat

The blisters still ache on my feet
Why would I want to keep walking when
The blisters still ache on my feet

The future's just a one-way street
Why would I want to turn back, when
The future's just a one-way street

Our song is already complete
Why would I write any lines, when
Our song is already complete

312. Opps A Daisy

Sometimes its fun
Sometimes its work
The good dreams come
Or the nightmares lurk
It's three late nights
They're all in a row
Passing my time
With this rock 'n roll show

Opps a daisy
I'm so crazy
My eyes are turning red
Opps a daisy
I'm so lazy
I can't get out of bed

Opps a daisy
My head is hazy
Your from heaven up above
Opps a daisy
You amaze me
I think that I'm in love

You scared me with
Your smiling angel face
A light among the shadows
In this dreary place
Must be love
Written in black and white
It must be, can only be
Love at first sight

It's like riding a boat
On a stormy ocean
While I stay standing still
And fight against the motion
Everything is changing
The horizon moves so quick
Like a rocky rollercoaster
I think I'm feeling sick

313. Viking Land

Thanks, you kept me warm, but I don't feel the cold
Even when it's raining in the storms down in my soul
It rained on the train into Heidelberg
It rained on the plane out of Amsterdam
It rained on the ships leaving old Denmark
Even rained on radios in Buddy Holly's heart
Must be raining all round this world
Though I'd have to say
The sun started shining there in old Norway

Sometimes you let a woman go and take your soul
Though I'm pretty crazy, that's what I've been told
And a long time ago thought I'd lost my soul
So you think I'm going crazy or just growing old?
The sun was coming up, it was a quarter past four
I woke, I looked to see if you were there, I wasn't sure
All I found was one white flower, left upon my floor
Anyway why you lose your soul I can't understand
And I sure feel I'm going crazy here in Viking Land

In the Hotel Continental by the North Sea
Did you get the message that was sent by me
Well I was kind of hoping we could misbehave
I could only lose my heart, which I've no wish to save
Not sure what it is leads a man to wish
But I was kind of thinking maybe we should kiss
Though it's not the time or place for me to talk like this
Don't understand the feelings of a woman for man
But don't you feel like going crazy here in Viking Land?

I guess it's no major wonder why my mind feels wrong
I think the night's too short and the day's too long
When you smiled I felt a chill like you crossed my grave
Excuse me I'm not sure how I should behave
And though I'm feeling crazy, I'm not feeling brave
Soul one, where we lovers from some time before
Or was it in the future that my mind's eye saw
Didn't come here thinking that, didn't make no plan
So I sure feel I'm going crazy here in Viking Land.

I'm standing in the rain and the wind by the North Sea
I'm romantic and I'm hopeless and I'll always be
If you don't feel the cold you don't need to be warm
I watch another ship leave another harbour
Look for another port in another storm
I walk alone on this storm on a distant shore
I'm romantic and I'm hopeless and I'll say once more
Maybe I was thinking you could hold my hand
Oh don't you feel like going crazy here in Viking Land?

314. Devil You Know

Welcome strangers
Come right into my song
Please enjoy the journey
Thanks for, coming along

Hey when you coming over
All we seem to say is goodbye
Yet you know how bad I want you
You see the devil in my eye
I know somethings are not forever
That can make some good girls cry
But you'd rather be loving strangers
And it's twice the mystery why

You dance to the beat of the band
You want me with your eyes
You look away - I don't understand
Looking for some loving in
A stranger's hand

Lend me your ear like that van Gough
Why do you kiss me so quick
Yet take me home so slow
Don't you think it's better
With the devil you know?

You're making-up by the mirrors
Improving you charms
Hoping tonight you will be welcome
In some stranger's arms
I know there's demons
Out there waiting for you
I try and warn you but I guess
There's not too much a devil can do

Goodbye strangers
Thanks for, coming along
It's the end of the road now
It's the end of my song

315. Who Are We

There's a trail of moonlight
On the beaches
Where the sands and oceans meet
And the tides creep
Let's hide a while in silence
Let the waves roll up our feet
Enjoy the breathe of motion
I don't want to speak
Words are like sugar
Ok - yes talk is sweet
But talk is cheap

Any night or day
Would you like to run away?
Out of reach
Down to the beach
Would you like to run away with me?
We could run out to the sea
Who are we?
I guess we are
Matter of factly
Exactly
Whoever
We pretend to be

Well in my defence
I don't believe in common sense
And to be fair
I like your smile
And don't tidy up your hair
I like the chaos
Unruly style
The tempting unkempt mess
As a rule
Disorder makes me wild
And where the road turns
I can't guess
And your lips say no
But your eyes say yes

Coerced by the tide sway
There's a cascade of moments
Broken shade
A trail of wilder days
Erstwhile, we've run a mile
Bring a jar to catch the moonlight
We can keep it for a while
Splinter out the colour
From the shadows
Make a hope of rainbows
Oh, Did I say that
Where the road turns
Nobody ever knows

316. Heaven And Hell

Well, well, well
Have you read in the book
How the angels fell?
Well, well, well
I've got nothing but time
And my soul to sell
To think about heaven
In that old hotel

Today I might be bad
Or I might be good
I might do everything
That I know I should
Do you think I see
There's an angel in me
Do you think that too
Hides an angel in you

Tonight I might be bad
Or I might be good
I might do everything
That I wish I could
Do you think maybe
I've got a devil in me
Do you think that too
There's a devil in you

Well, well, well
Is that the very place
Where the angels fell?
Well, well, well
I've been reading about
Devils and angels
And thinking about
Heaven and hell

Today I might get sad
Not be feeling good
Like I'm down in hell
And misunderstood
Do you think I see
Probably hell for me
Do you think that too
It's only hell for you?

Tonight I won't stay sad
I'll be feeling good
It will feel like heaven
Like I hope it should
Do you think maybe
There's heaven for me
Do you think that too
It's a heaven for you

317. Anon

I will travel the world, anon
 Everywhere and beyond
 Would you like to come along?
 Is the world as big
 As everybody says?
 Let's put it to the test
 You go east and I'll go west
 And we will meet anon

A ghost walks out in Denmark
 The prince begins to frown
 Claudius has killed the king
 He took the queen and crown

In Venice there's a merchant
 Six suiters for three chests
 And Shylock is demanding
 One more pound of flesh

Helena in disguise goes to Italy
 Ahe's in love as you can tell
 But she's gains her child and ring
 Well all's well that ends so well

In Scotland, Duncan's plotting
 While the witches brew and howl
 There's bound to be a murder
 And a murder very foul

Erstwhile somewhere in Britain
 King Lear is growing old
 He has left his land to daughters
 And he's going mad I'm told

In Rome upon the Ides of March
 Assassination is the thing
 Brutus plots with Cassius
 To stop Caesar being king

There's a scandal out in Egypt
 Antony thinks suicide is best
 Cleopatra takes a poison asp
 Makes the snake bite on her breast

One night in Athen's forest
 Titania the fairy queen
 Is fighting with King Oberon
 In some midsummer's dream

There's a party at the Capulets
 In Verona, young Juliet she waits
 Romeo spies Juliet
 And a light through window breaks

318. Timebomb

My love is like a timebomb
And the fuse burns quick
My love is like a timebomb
And you're making me tick

Standing next to me
Warning, warning
Standing way too near
Warning, warning
Danger, danger
Don't you shake with fear?

It don't show
But I could blow
You're not safe
So don't you care
If I go
I'll let you know
You haven't got a prayer

I'd be wary
Ain't it scary
You could come to harm
Warning, warning
Danger, danger
Don't you feel alarm?

Standing in my road
Horror, horror
Red in Danger mode
Horror, horror
Terror, terror
I may soon explode

The seconds go
I'm gonna blow
Don't stand there
Look entranced
If I go
I'll let you know
You haven't got a chance

I'd be quick
I'd do the flick
Fly, get clean away
Horror, horror
Terror, terror
You better run away

319. I Got No Wings

The day we first met
I didn't see straight
You me and our fate
Ran through my mind
Old magic I dreamed
Stirred up my mind
So you and me
It just seemed
Like a pretty good idea
At the time

I think
Up in the sky
Where the moonbeam swings
Out in the storm
Where the thunderclap rings
Defying old gravity
And dangerous things
Somewhere higher than clouds
Where the angel sings
I want to go flying
But I got no wings

And when you were mine
Our love was unhurried
I didn't feel worry
A pretty good sign
Like living a dream
Where everything's fine
So you and me
It just seemed
Like a pretty good idea
At the time

When you were gone
The end of our days
On separate ways
You were not mine
The fall of a dream
The end of the line
But you and me
It still seemed
Like a pretty good idea
At the time

320. Last Chance Desperado

Well, you say we met
Well, years ago
Don't think I've seen your face before
But no sounds rather negative
And you're still welcome at my door

Well nothing lasts for very long
I'll give you this fair warning
Summer night is dark and quick
And I leave when the sun
Comes dawning

Life is short
Let's make the most
Have you seen him?
Last chance desperado
Last seen
Headed for the coast

Well, I ride your ocean
And roam your land
Catch the storm sea when I can
And if I leave a little part of me
It's pretty hard to understand

Another early morning and
We know the risk we're taking
I'm more the seeker not the hunter
And the sunrise waves
Are breaking

321. Sweet Youth Of Mine

A strange wind blows
Down the scarlet roads
In my mind
Stirring up the shadows
From the sweet youth of mine
Sweet youth of mine

The wind is weary
Makes an eerie note
The heat and the dust
Are drying my throat
Scratching on my skin
The wind is howling time
Itching on the shadows
From the sweet youth of mine

Memories lure like baits
Hidden in a trap
Tensioned by a spring
And ready to snap
Like an unfamiliar clock
With a quarter-hour chime
Something's waking up the shadows
From the sweet youth of mine

Like mirages for a fool
In a desert of sand
Like some self-made messiah
Or a holy man
Lost to this world
Or mad in the mind
Chanting out vows
To the sweet youth of mine

A strange wind blows
Down the scarlet roads
In my mind
Stirring up the shadows
From the sweet youth of mine
Sweet youth of mine

Sweet youth of mine
Sweet youth of mine
I remember days of never-ending time
Summer berries swelling on the vine
Sweet youth of mine

322. Astrogirl

We were looking at the stars
They're a long, long ways away
It's only space you like to say
It's only time I guess then hey
Astrogirl

You told me round the stars
How there are other worlds
And how across this universe
A trillion stars may swirl
Astrogirl

Come ride down the carnival
Get dizzy at the Tilt 'a Whirl
Leave your ribbons in the wind
Get your hair to wave and curl
Entropy's expanding
And the last star's day is over
And everything's exploding
In one final super nova
Astro Girl

I guess you like to study stars
Those distant points of light
Like me you're fascinated by
Those deeper parts of night?
Astrogirl

Colliding, spinning galaxies
With their spiral arms a twirl
But for all the many stars tonight
We only have this world
Astrogirl

323. Sorry Sister

Ain't it hard
 To get through the week
 See red crawling creatures
 On a sunlit wall
 Sorry sister
 Sorry sister
 I don't how to speak
 A blue-bellied, baby budgie
 With a beak says
 "Hey mister
 Things are looking bleak!"

Back at the beach
 Was a busted, beer bottle
 In a broken bin
 A brown-bikini'd baby
 Says, "How you been?"
 Sorry sister
 Sorry sister
 I want to let you in
 But the waves are out
 Breaking in the water
 And I got a date
 With the ocean's daughte

So you say
 Sorry sister
 The sun sets so sudden
 On these summer seas
 And a surf is going to waste
 Sorry sister
 Sorry sister
 The waves are out
 Breaking in the water
 And I got a date with
 The ocean's daughter
 Sorry sister
 Sorry sister
 The sun sets so swiftly
 On these summer seas
 The surf is up
 And I got to make haste

The wicked water waves
 Are wasting away
 The wind is going weird
 I hope I haven't missed her
 I'll catch you later
 Sorry sister
 Sorry sister
 Sorry sister

324. Paradise

Well things were getting harder
And life was getting worse
Living in some gypsy's curse
On a one way trip to nowhere
Going nowhere, fast, head first

Well it's time to do some thinking
When the tensions coming round
And the days keep falling down
Quit my job and told my baby
Hey we're going to blow this town

And one day we might find it
Our own little paradise
Oh wouldn't that be nice
Live a laid back kind of life
In our own little paradise

Well I knew an old friend
Who was sailing on a yacht
Got find out what is what
Said, "I've got to find myself
I've got to find out what I've got"

We might find it when we're lost
Got a compass but no map
Slight the stars to make our track
Got a wave we're riding on
And the wind rides on our back

First we'll find a breeze
Let it blow us where it pleases
Anywhere, anywhere that may be
Sailing off into a sunrise
Out on a tranquil sea

Sitting round playing music
Knowing we are getting stoned
Oh that's, oh that's how we will roam
Sailing seven seas
Searching sunsets for a home

One day we found a moment
Yes you search and you can find
Just that single piece of time
Where the land and the ocean
Fall into an endless rhyme

Taking in the warmth of the sun
Doing whatever we may please
Resting in the shade of waving trees
While the motion of the ocean
Gets glassed by an offshore breeze

Well we could have kept on searching
Paying time or any price
But somehow it's rather nice
When you're settled down to stay
In your own little paradise

325. Signs

I saw forty-two symbols
And forty-two signs
I confess it's a madness
These patterns of mine

The symbol was circle
The number was one
The night held the stars
But the sign was the sun

The season was winter
The colour was green
The sign was the devil
The devil I'd seen

These sad sombre feelings
These seasons I'm sad
These forty-two symbols
The reasons I'm mad

The sign was the fire
And blue butterflies
A message appeared
In the clouds in the skies

Saw fishes that schooled
In an ever-blue lake
Place was the mountain
The sign was the snake

From beginning to end
I'm chasing the years
Counting up signs
And wiping up tears

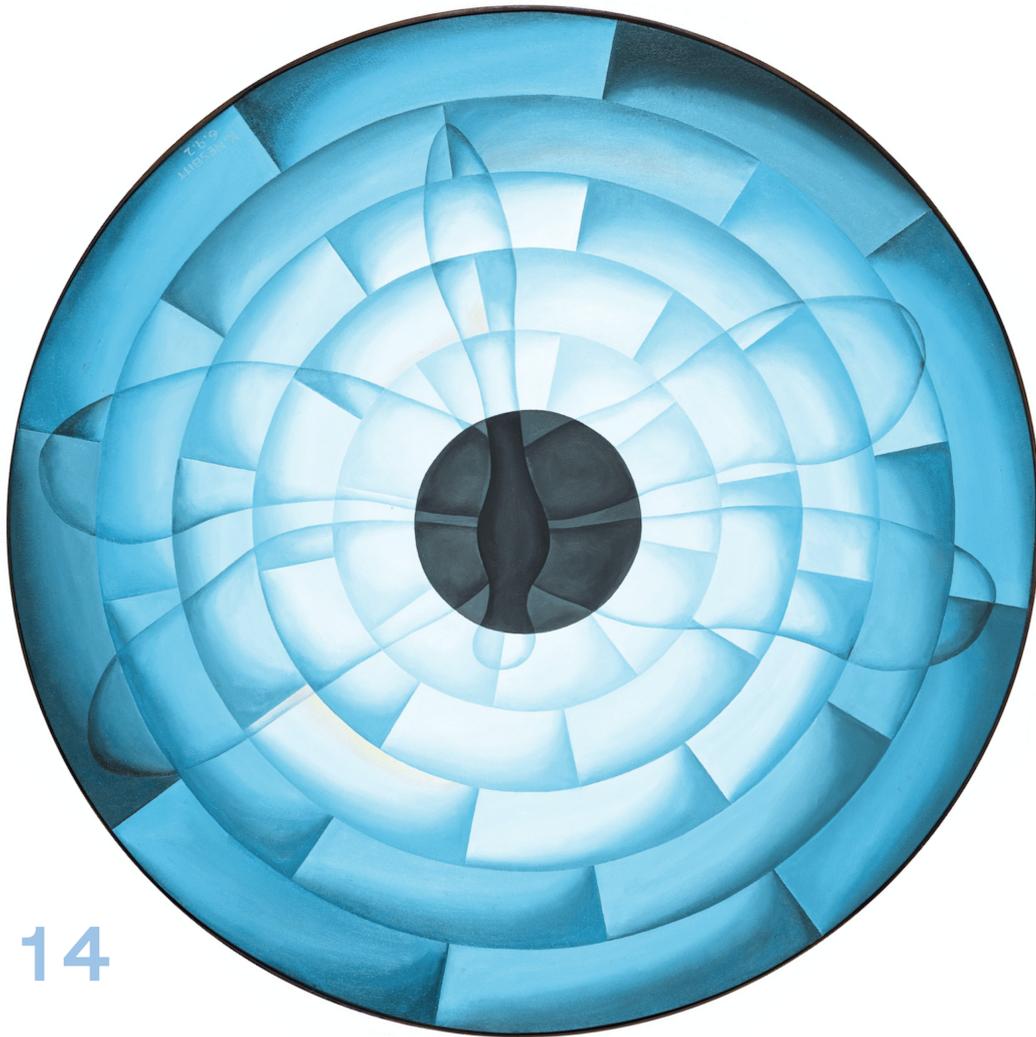

The river was sacred
The stone and the sand
The circle of gold
The lines on your hand

The call was the wolf
And the five ringing bells
The sign was a castle
Three wishes down wells

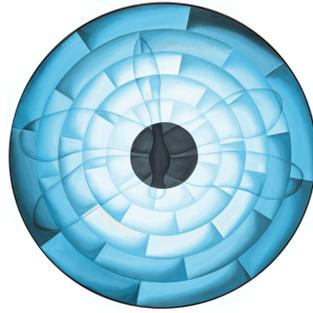

By the faint crescent moon
The goddess will sing
Last symbol I saw was
The dragonfly's wing

I know forty-two symbols
And forty-two signs
Do you think it's a madness
These patterns of mine

350	All The Colours	2	14	164

326. Road Away

Today, I took the road away
Was I taking a hard road?
Was I taking a long road?
Was it a right or wrong road?
Goodness knows
(Whoever that is)
I can't say, for all I know
Today, I took the road away

Seems I'm chasing shadows
I'm still days behind the plan
Racing since I don't know when
As fast as any man

Seems I've had no company
Since the radio last died
And I'm tired of talking to myself
For It's a lonely way to ride

Seems I'm always leaving home
Unguided on an aimless run
I'd like to stay, but there's
A lot of work that must get done

Seems like everybody's going
Just the other way to me
They're headed for the high ground
And I'm headed for the sea

327. Daybreak

Dinosaurs and cupid dolls
Old altitude and alcohol
Put me in your little book
I can't feel with my condition
Write my name so I can look
I don't think It's repetition

All the time
That I forsake
Watching skies
By salty lake
Forged my name
To make it fake
Stretched my heart
To stop the ache
Rode the red line
Down to daybreak

Monday smiles at Tuesday's eyes
Friday she can wait a while
Thursday steps on Wednesday's toe
Seems too lazy for old Saturdays
Sunday how she comes so slow
Like my saint of latter days

Crossing as the signals sing
There's a song in everything
Marching men in city street
Spin of every tired-wheel
Lucky I don't think, I think
And it's lucky I don't feel

Oh It's lucky I don't feel
Very lucky I don't feel

328. Love's Strange Gravity

Something holds you bound to me
The force of loves strange gravity
Or just another guy in need
With an urge to sow my sacred seed
Escape my own genetic tidal ocean
The holding powers of angular motion

I orbit and revolve with you
Our next eclipse is overdue
Like you're my sun
Or I'm your moon
If you're my star
Go make the noon
I don't care who starts the light
When the sun turns black
And the day fades night
I orbit and revolve with you
A strange ellipse my cosmic view

The cycles spin in retrograde
Against the endless black night shade
Something starts to slow my speed
You hold me so I can't be freed
Another captured asteroid
Doomed to spin this squid ink void

329. That Thing That Lovers Do

We meet and always smile
And we like to talk a while
There's no big surprise
That's a thing that lovers do
Promise I'll carry you a mile
And there's no telling lies
Gazing long and loving
Looking into each others eyes
That's a thing that lovers do

Oh me and you
We got that thing
That lovers do

You say, that you love me
And I say, I love you too
It's one more thing that lovers do
The way, you say, you love me
The way, I say, that I love you
It's just another thing
That us lovers always do

Oh me and you
We got that thing
That thing that lovers do

We joke and we will sing
And just laugh at anything
There's no way to hide
Those things that lovers do
Whisper some sweet thing
Like stay here by my side
And I'll tell you once again
That I want you for my bride
That's a thing that lovers do

And we can make some plan
As we hold each others hand
There's a sky that's ever fine
For the things that lovers do
Every wish I understand
We share each others mind
We share each others thoughts
We share them all the time
That's a thing that lovers do

330. Goodbye Woman

You made me feel real fine
I don't know when I got here
But I got to leave on time

All the best
See you later
So long
Goodbye woman
I'm gone

Well we drank the moonshine
Wou gave me all your time
Most of all
You gave me that peace of mind
But now I'm leaving
I'm leaving us behind

I saw a new sun rise today
its was calling, it was calling me away
We live on hope
And sometimes yes we pray
Goodbye, I'm leaving
So what more can I say

Yes I'd like to stay with you
But I'm busy, got many things to do
And Baby, I'm the sky
I will either rain or I'll stay blue
I think tomorrow
Our future's overdue

331. Bad Boys

Tell me before I go
Is there anything you might miss?
Don't you like some bad boys?
Don't you think that we should kiss?

Tell me what does your mother say
About bad boys?
Tell me what does your mother say
About bad boys?

Bad boys are dangerous
Bad boys run and kiss
They won't treat you well
Those bad boys kiss and tell
Bad boys just like fun
Bad boys kiss and tell and run

Don't let bad boys get you alone
Don't let bad boys take you home
Bad boys cheat and bad boys lie
Bad boys make good girls cry

Tell me what does your mother say
About bad boys?
Tell me what does your mother say
About bad boys?

Tell me before you go
Is there anything you might wish?
Don't act all like those good girls
Don't you think that we should kiss?

Tell me what does your mother say
About good girls?
Tell me what does your mother say
About good girls?

Good girls they don't flirt with dangers
Good girls they don't talk to strangers
Bad girls dress with looks to kill
Good girls won't and bad girls will
Good girls don't drink and smoke
And dance around with bands
Good girls wait for marriage
Good girls just hold hands

All good girls go to heaven
And all bad girls go to hell
I don't think I'll go to heaven
And I think it's just as well

Tell me what does your mother say
About good girls?
Tell me what does your mother say
About love?
Tell me what does your mother say
About me?

332. Kiss To Seal It

You've got to take what you want
But you just can't steal it
If you want to make love
Then you've got to
Take the time to feel it

And If you break a heart
Then you've got to
Take the time to heal it
If you offer me your love
I'll want a kiss to seal it

There's Money, love and trust
And they all can be a bust
No time to contemplate
My need, my greed my lust

There's Life, there's death and time
And they all can be a crime
Time to free your love
Your body, soul, and mind

There's anger, hate and fear
And they all might disappear
If we took more, time to
Just look, and feel and hear

There's Fate, there's hope and light
They all bring second sight
No time to waste your day
Your morning noon or night

333. House Of Cards

I stood at your threshold
I was leaning on your front door
There was an ice winter rain outside
You opened your door for me
You said, come in from the cold

But I was looking in your eyes
They were that deeper shade of blue
I caught my foot up on the first step
And I fell in love with you

No sun, no sun
The night was dark and starred
And you were coming round
One by one
It wasn't very hard
We built a house of cards
Now it's falling down
Now it's falling down

There were coffe stains on your mat
And a window facing west
A fireplace and mantelpiece
A print by some modern master
And a shiny red china cat

But I was looking in your eyes
They were that deeper shade of blue
When I tripped up on my very words
And I fell in love with you

Sad The flowers all looked dead
Wilted in your tall yellow vase
Like the pot plant in the window
Three books on your corner table
Two that I had read

But I was looking in your eyes
They were that deeper shade of blue
Tangled in the long strands of our meaning
And I fell in love with you

334. Mad Sailors

Bedevilled by the windless days
In their dreams and wanderings
More mad sailors lost at sea
Strange portents in their ponderings
Of the way the world may be

With the last set of their suns fire
Drunk on that sweet memory wine
Stars make lofty homes for their desires
And for finding fate's design

Untie these ropes that hold us
More mad sailors set to sea
Go riding waves and wishes
Guided by the stars they seek
The way some world may be
Drunk on hope's release
Till all alone
Till far from land
with thoughts of home
The winds becalm
And cease

Dark shapes in the unseen
From the restless spirit plane
Ghosts appear in darkness sway
Rattle on a memory chain
They murmur taunts and fade away

They may dance about and swirl
With all their noise and rattling
Those faded hauntings in my aging world
Beasts of my own imagining

I listen to some babbled words
Wonder why the maddest fools
Have the wisest things to say
Listen to their wisdom jewels
And let their voices drift away

To somewhere I can never find
Between the real and make-believe
They somehow linger on my troubled mind
Strange thoughts that I conceive

335. Sacred Places

Spinning into overdrive
Up there with the angels
Where our spirits can survive

Convening on the higher planes
Falling back to earth
Or whatever of it remains

I cannot hide my soul from you
You always find my secret places
What is true
The smallest traces
Hidden by my shadow masks
And different faces
You find your way into
My very sacred places

Journey to a distant time
Calculate the shape of fate
The black and white dividing line

You know my faintest dreaming
Where my inner eye has seen
So touch and read my meaning

A secret in my thinking
It knows the shape of time
All its rising and its sinking

And you know what I feel
Time has more than one dimension
But I don't think that it's real

336. Heart Of Gold

There's a jingle on your mind
There's a jangle on your wrist
Your bangles swing and dangle
And your fate it tends to twist
There's a fire in your eyes
There's a razor in your smile
Your muse is your obsession
So you change it once a while

Digging up the sweetest things
Down in the candy mines
You say there's ghosts of lovers
Buried deep in dandelions
Rolling in the flower fields
I smell the musky earth
You say you have a heart of gold
I wonder what it's worth

You like to act so unexpected
Causing everyone surprise
You plan to be spontaneous
I guess you're very wise
There's money in your purse
A thousand other things
Credit cards and lipstick and
A pocket of golden rings

A killer took a picnic knife
And cut into your breast
He left your heartless body there
Another ghost at rest
He took your heart of gold, I guess
To show it all around
Or make it into jewellery
Or he simply melted it down

337. Laying Low

I want to feel you with my mind
Touch you with my hands
Run my fingers through
Your deepest shadow lands

I see the tunnel to the dark
And the window to your night
I travel every maze to seek
The place that keeps your light

It's a mystery and all
What love can be about
Anywhere I go
I'm afraid to fall
Reaching out
Moving slow
Not standing tall
But laying low
Oh I'm laying low

Somewhere in your feelings
I know you keep the sign
In the landscape of your thinking
You still hold the key to mine?

I want to know the answers
That are locked inside your mind
The patterns of your feelings
Or whatever secret I can find

But now fall a little deeper
To the valley of the fire
While my fingers think of something
That will raise the flames up higher

I want your mind to burn
To consume your every wish
Sigh with every hope and danger
With every touch and every twist

338. Santa's Coming Soon

Santa Claus is coming soon
He comes but once a year
And I can hear those jingle bells
Those merry tunes that I know well
Tells me, Santa's coming near

Tinsel, bells and lights aglow
They dress the Christmas tree
Recalls a guiding star one night
How Christmas came to be

I hear carols sung and wishes made
This all makes our Christmas time
Listen for falling snow upon the roof
For that will be the sign

Santa Claus is coming soon
He comes but once a year
And I imagine reindeer feet
Walking lightly on the tiles they sneak
Tells me, Santa's coming near

Brightly bowed your presents lay
Beneath the Christmas tree
Reminds me of the sweetest gift
You ever gave to me

Of all the Christmas presents past
The one I still recall
Your smile wrapped up in laughter was
The rarest gift of all

Santa Claus is coming soon
He comes but once a year
And I can hear the children sing
Light laughter as the sleigh bells ring
Tells me, Santa's coming near

339. Tale From A Storybook

I'm gonna make a moonlight serenade
I think it's love
So I won't apologise
Don't pinch me
I'm scared the dream might fade
I don't want to open my eyes
But I'm scared if I don't look
It all might disappear
Like a tale from a story book

Hey, I want to shout
This is what it's all about
I think it's love
It must be love
Day in day out
Hey, I want to shout
This is what it's all about

It's gonna to be a winding journey
I think it's love
A long uncharted road
Never leave me
And there's nothing will concern me
No hill, no heavy load
Though I'm scared if I don't look
It all might disappear
Like a tale from a story book

I've mislaid a lot of empty hearts
I think it's love
Come around this time
If there's a little doubt
About how we should start
That's a hill that we can climb
And I'm scared if we don't look
It all might disappear
Like a tale from a story book

340. Narcotic Baby

You've got me acting strangely
So I'm not performing sanely
I'm depending on you crazy
Are you some narcotic baby?

My heartfelt wretched longing
Is an everlasting pain
If it's some disease then please
Do not name the strain

I feel the need
I feel the need again
Are you some narcotic baby?

You've got me acting strangely
So I'm not performing sanely
I'm depending on you crazy
Are you some narcotic baby?

My head was dreaming wildly
I'm afraid to show the shame
There's no restraint that I can use
Unless you name the game

I feel the need
I feel the need again
Are you some narcotic baby?

341. Wanderlust Blues

You were walking along
 I smiled and you looked
 My heart sang a song
 Argh the day I met you
 You had shiny new red shoes
 And those wanderlust blues

Well, well I can tell
 Everything grows old
 I know how it swings
 You're looking for something
 You're a tail with a sting
 It's only trouble you bring

Oh, Oh I sure know
 I know how it feels
 I'm a little lost too
 Argh the day I met you
 You had shiny new red shoes
 And those wanderlust blues

Time, Time, time
 I can borrow a bit
 But it just ain't mine
 Time, time, time
 Ticks like a bomb
 Till it blows your mind

Woe, Woe, don't go slow
 I'm along for the ride
 Hey my heart wont bleed
 It hungers like greed
 And it aches like need
 When you go full speed

Yeah, yeah I don't care
 I know how it feels
 To call for a rescue
 Argh the day I met you
 You had shiny new red shoes
 And those wanderlust blues

Time, time, time
 Slips through my fingers
 And it slips my mind
 Time, time, time
 Either I can't see it
 Or I've gone time blind

You were walking away
 I smiled and you waved
 But you did not stay
 Argh the day I lost you
 You had shiny new red shoes
 And those wanderlust blues

No, No you should go
 I know how it feels
 I can get crazy too
 Argh the day I lost you
 You had shiny new red shoes
 And those wanderlust blues

342. Early Warning Radar

We Rendezvous at six
Your attack plan two
You do your party tricks
I'm coming all unstuck
Like some cheap faulty glue

You undermine my defences
Countermove my offensives
Shoot down my pretences
And hit me where it hurts
When you hit me in my senses

I don't know what or who
Could have made her
But they must have built in
Early warning radar
Because you saw me coming
A long, long, long time before today
I swear you saw me coming
While I was
A long, long, ways away

Agent O, O, 3
Secret weapon triple one
You torpedo in the sea
Your missiles flying fast
Your rocket and your gun

My deadly agent daughter
You unleash a lethal mortar
Drown me in your holy water
I'm your helpless lamb and
I've come down to your slaughter

I know you seek my heat
Attack me day or nights
There's no time for my retreat
And camouflage is useless
When you line me in your sights

You waylaid me in my bed
Filled my heart with dread
Made my eyes see red
My heavy wounded heart
It sank down filled with lead

343. Nobody's Listening

Music on the hifi wif
And the party's all twisting
Everyone's talking
Nobody's listening

I want to yell - quiet!
But there's no point resisting
Everyone's talking
Nobody's listening

Might as well be
At the beginning of time
Down in the lie low
In a far-away land
Where we can stand
So Joe Blow don't know
Warming our hands
On the edge of the lava's flow

Smoke in the mirrors
And the windows are misting
Everyone's talking
Nobody's listening

You can't hear what I say
But I keep on persisting
Everyone's talking
Nobody's listening

I left my halo
By the side of your bed
Hope you don't mind
It never really fit me
I'm lost on the wild sea
Find my kind eyes salt blind
Since I sailed westly
losing track of all time

My head's sprung a leak
The party's gone listing
Everyone's talking
Nobody's listening

And I want to sail home
Instead, I'm just drifting
And everyone is talking
But nobody is listening

344. Fallen

I was stumbling blind
On the last road to tomorrow
A heart half full of joy
And half filled up with sorrow

You fell down to me
Like satellite debris
Flung from your heaven
Or flung from infinity

You spin and you spin
Falling around
It's a long way to earth
It's a long way to earth
All the way down

I asked where have you been?
Have you been calling
You said like the night
You had always been falling

Reappeared in my world
Like meteor memoirs
Flung from a bright moon
Or flung from the deep stars

The galaxies turn in a spiral
All the moments unfurl
Time is a strange well
And very deep my girl

Drifting down, broken wings
As the morning is born
Flung from the night sky
Flung from a windstorm

345. Out Of Control

The way she said I was the first
I don't think she meant I'd be the last
Somethings go so slow
But then again
Somethings go too fast

I went and
Told her that
I didn't want to
Hold her back
But who is gonna
Steer my soul
When I'm
Out of control

The way she said we were forever
It made me think she meant together
Somethings come so true
But then again
Somethings they will never

I went and
Told her that
I didn't want to
Hold her back
But who is gonna
Steer my soul
When I'm
Out of control?

The way she said to take it slow
I don't think she meant to go so fast
Somethings stay forever
But then again
Somethings they don't last

346. Memory

Memory you're history
Fly away, don't bother me

Memory my misery
Fly away, don't bother me

They hide behind the doors
Gates inside my mind
Rusty locks entomb the ghosts
Made from passing time
Years span the gaps between
Those weathered signposts
Of last days that we met

Do you forget
My love?
I can't forget
My love

Memory you're history
Fly away, don't bother me
I tire of your trickery
Chronic strange simplicity
Subtle slow delivery
Repetitive monotony
Memory my misery
Fly away, don't bother me

Your words, your touch
Faint recollections of
The smile upon your face
Mark my mind
Reminders of the soullessness
Of these new days that I embrace
Another red sunset

Did you forget
My love?
I can't forget
My love

347. Left The Light On

Hi, I love you
Left the light on
I have gone to rest my eyes
They are weary from the working day
And cloudy blue like skies

Someone's told me lies
How can I explain
My eyes are cloudy blue like skies
And I thought that they might rain

Anyone could lose their way
In this storming summer squall
In case it would get dark
I left the light on
So you would not trip and fall

I left the light on
And hoped your eyes could see
I left the light on
Just to show your way to me

Oh I heard your running round
Sometimes the truth's a lie
For there are many shadows
I left the light on
So you would not pass me by

I left the light on
Just to see reality
I left the light on
Just to show your way to me

And yes I did not know the time
When you where coming home
And if you needed company
I left the light on
So you would not feel alone

I left the light on
And hoped your eyes could see
I left the light on
Just to show your way to me

348. Time And Place

The dark clouds gather on the wind
Stand still as if they're not for real
Like the sky's some painted metaphor
For some storm my heart can feel

In some other time or place
Some other time and place
If you close your eyes
Then it may seem
You hear lullabies
See distant scenes
Walk somewhere else
In distant dreams
In some other time or place
Some other time and place

The angry oceans storming on the sand
Break hard exhausted on the shore
Like the sea's some painted metaphor
For my soul which fights no more

349. Love's Invention

You go walking by
You sure like
Attracting my attention
Like I'm crazy for you baby
Did I forget to mention
That your smile
Holds some surprise
Can I hope
Believe my eyes

You're not sure of my intention
Like it's only love's invention
So you go walking by
You keep like
Distracting my attention

I had a dream we had the time
The world was spinning slow
I dreamed I told you everything
I think and feel and know

I dreamed I had the strangest thought
We stopped racing 'round that yellow light
The world was not some speeding juggernaut
This ceaseless, tireless, pacing
Turning, running, rock n' rolling satellite

I dreamed the night was coming 'round
We glittered shone like stars beyond
Too clearly scared to make an urgent sound
All hushed and trapped within a spell
Some magic waved from a wizard's wand

I dreamed you breathed a whispered vow
The look within your eyes is still a look I can retrieve
Though the dream is growing fainter now
I'm clinging fast to what you told me
What I barely dared to hear and hope, believe

350. All The Colours

Day one was all love
That lightning went flash
I guess very large fires
Leave a big pile of ash

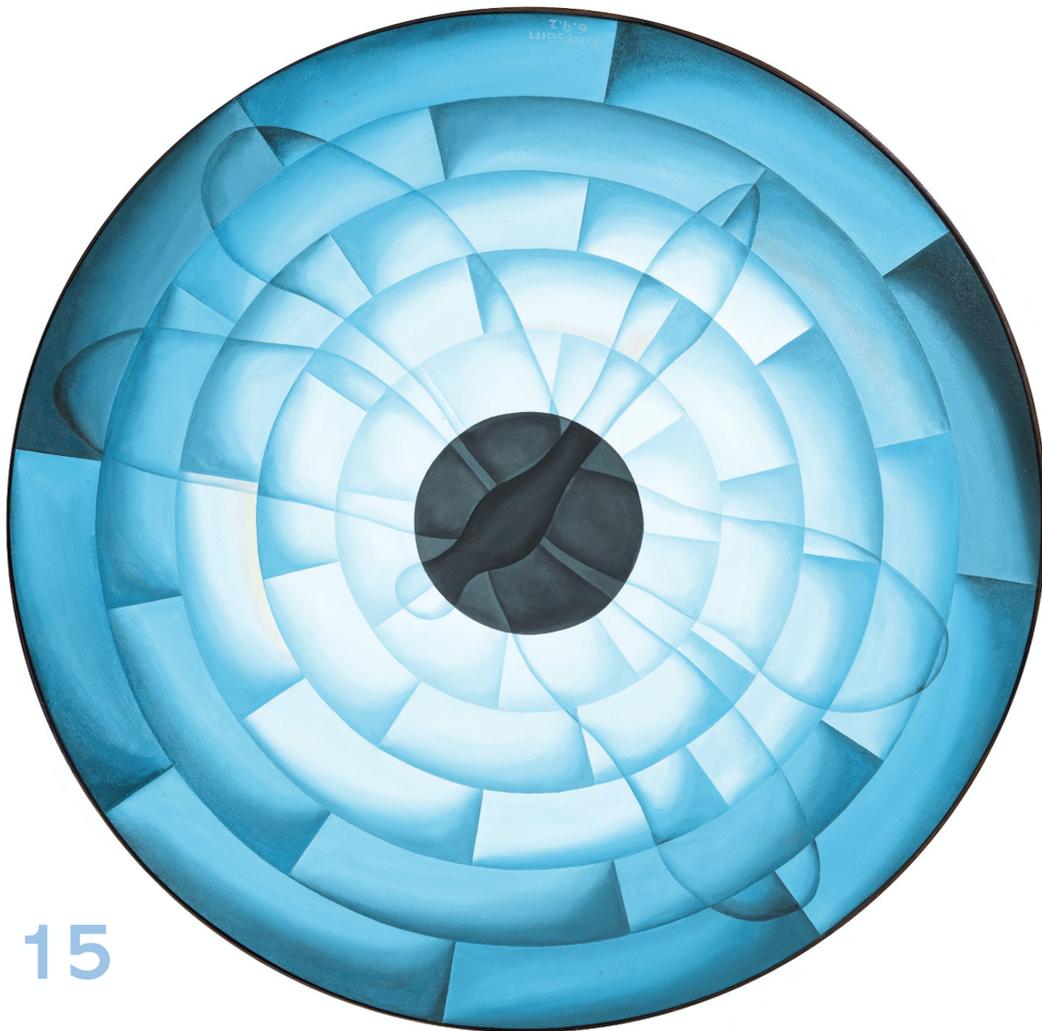

You've got all the colours
There only shining for show
I guess I was just black clouds
A backdrop for your rainbow

Day last came so fast
I got the whip lash
You stopped scratching my itch
But I've still got the rash

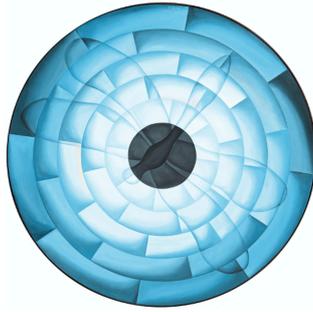

You stole all my love
And my last petty cash
Now you're throwing me out
Like a big pile of trash

Your turn all the heads
And the cameras go flash
As sure as all markets rise
Well, all markets crash

374	Russian Roulette	2	15	190
375	Money Ain't Time	2	15	191

351. Distant Star

I hear the deafening sound
 Of my watch tick
 It counts away seconds of time
 And I'm seeing a picture
 In the shadows
 Of that storyboard in my mind

Then I fumble the lock
 To the door of my car
 Fingers so numb from the cold
 Twisting the hard steel password
 Of the old worn keys
 That I hold

Look over my shoulder
 Turn to the sceptical light
 Seek out a sliver of moon
 It's covered by sinister clouds
 Barely lights up
 Any shadows in my picture of gloom

When a sudden break tears
 In the cloak of my world
 Lets a distant star shine through
 It brightens my mind
 With a memory we made
 Completely changing my angle of view

There we are
 Wishing on a distant star

Two lovers we hunt
 For stars that are crossed
 Look in each others eyes
 For the fate we have lost
 Find the light from the moon
 In each others eyes
 As it shines in the dark
 Of our deeper black skies

Here we are
 Making a wish
 Making a wish on a distant star

I wonder aloud
 Could it be even now
 As I drive through the night in my car
 That two far away lovers
 Make a last wish on the light
 Of our own very distant star

Our sun is a star in their world
 Projecting a symbol of light
 Worn faint like an ancient rune
 Leaving a clue that their world
 Shares its night with
 Some kind of similar moon

Could it be that a part
 Of that very same light
 Now reaches my own distant eyes?
 While the passage of time
 Turns those far away lovers
 Somehow both old and so wise

Am I sharing right now
 Some forgotten light
 When distant young lovers embraced
 A tenuous link with their fate
 Across the depths of my time
 And my space

There they are
 Wishing on a distant star

Two lovers they hunt
 For stars that are crossed
 Look in each others eyes
 For the fate they have lost
 Find the light from that moon
 In each others eyes
 As it shines in the dark
 Of their deeper black skies

There they are
 Making a wish
 Making a wish on a distant star

352. Shadow

Well you were just a shadow
A darkness in the night
You were just a shadow
A form devoid of light

Well you were just a shadow
What was I hoping to find?
Well all I've found is a shadow
A shadow on my mind

Even when you're gone
You're there
You're everywhere
You're following me
Even when you're gone
You're there
You're where you shouldn't be
You're shadowing me

The sun is a red orb in the sky
Watching me
Like a face from heaven
You spy
Your silence calls
Then when
I think I see you in my mind
A darkness falls
And all I seem to find
Is just a shadow
A shadow on my mind

I searched for a day or two
To find what I did not know
How could I find a shadow?
Where does a shadow go?

Well you were just a shadow
What was I hoping to find?
Well all I've found is a shadow
A shadow on my mind

353. Tattooed To My Heart

It sure is a changing world
Like watching life with a moving view
We're only catching glimpses
With all the edges blurred
Things thought to last forever
Seem half forgotten now
Not lapsed within some memory
But disappeared as if somehow
They never have occurred

Some people wear their lover's name
In lettered ink upon their skin
Like children holding hands it seems
That they will never part
Love's weakness is my only shame
Your secret love that stays within
Where safely I will wear your name
Tattooed to my heart
Where I can still recall the pain
From every letter in your name
Tattooed to my heart

Like we cannot remember
Shapes of clouds
Like the times we spent together
Were fragments of some make-believe
That we were not allowed
Like they were only games of children
Played within some tireless land
Or colours wished upon a canvas
By some artist's dreaming hand

354. Valentine's Day

Here's another paper heart for you
On Valentine's Day
Another paper heart for you
On Valentine's Day
But you don't even need another
You have my heart true forever
And you'll never ever need another
My heart's here with you to stay
For now and every other day
So you'll never need another heart
No heart, no heart, no other heart
On Valentine's Day

Here's a bunch of flowers too
For Valentine's Day
Another dozen roses red and
One more lover's poesy sent
Sweet words which say
I love you well
Such words I sometimes
Find so hard to tell
Let these flowers ever bloom
Fill up your world with rare perfume
So these thoughts will always stay
For now and every other day
So you'll never need another heart
No heart, no heart, no other heart
On Valentine's Day

I smile my best smile for you
Do everything I can for you
I'll walk a million miles for you
I'll slay a thousand dragons too
Cross desert sands and oceans blue
Just so I can be with you
I'll stop the march of time for you
Hold back the tides if you want me too
I'll do so many things for you
Things that no one else could make me do

I'll send a million roses too
A thousand paper hearts to you
A hundred poesies I will write for you
And all you need to do for me
Is smile and say you love me too
Tell me that you'll always stay
For now and every other day
Come on let me hear you say
You'll never need another heart
No heart but mine, no other heart
No heart, no heart, no other heart
On Valentine's Day

355. Cuisenaire

Add it up
 With counting sticks
 Build a tower
 Made of bricks

Black was seven
 Blue was nine
 School days flash
 Upon my mind

White made one
 Was orange ten?
 Do you remember
 Back to then?

Find your friends and whisper there
 Thinking fast for truth or dare
 Marble eyes, you rolled a pair
 Chalk and blackboard in your stare
 Two Fish tails tied into your hair
 I remember I was there
 Building towers with Cuisenaire

Monkey bars
 And abc
 Half of six
 Made only three

Run the letters
 Into rhymes
 Cursive hand
 In slanted lines

Spill some ink into
 Your pen
 Do you remember
 Back to then?

Skipping rope
 And throwing ball
 Mark the door
 For growing tall

Catching creatures
 by the creek
 Staying quiet for
 Hide and seek

Make believing
 Once again
 Do you remember
 Back to then?

Staying up
 And playing games
 Running fast
 And calling names

Singing songs
 And `walking miles
 Days of sunshine
 Friendly smiles

I'd do it all
 Over again
 Do you remember
 Back to then?

356. Josie

Josie paints a picture
Yellow sun and sky of blue
Over house and garden
Where the roses grew

But not too long
Does time allow
Oh where is Josie now?

Josie plays with children
She smiles to hide away
Makes a world of wishing
Paints one more sunny day

But not too long
Does time allow
Oh where is Josie now?

Josie picks some colour
Green and red and gold
Seeks inside the garden well
Deep the water's cold

But not too long
Does time allow
Oh where is Josie now?

Where is Josie?
Where is Josie?
Oh where is Josie now?

357. Changing Me

Everybody's happy
There's a party going down
Put me on the Lazy Susan
Let me share myself around

I wonder who I am
It's not the person that you see
Well I changed a little while ago
But not sure yet it's me

Can't you see
I think it would be better
I think you would agree
If everybody changed
Just to get along with me

Can't you see
Can't you see
I'd rather change the world
Because it's so hard
Changing me

Yeah, nature's very happy
Makes a symphony, a song
If only I could find the key
And then I could sing along

But feeling very grey today
Got a busy city sad
Thinking I'd be better with
The things I wish I had

It's quite a moving target
Happiness tends to change
And even with my best shot
It stays out of firing range

And you know how it is
Had a good plan for the day
But no matter what I do
Everyone else is in the way

358. Soul Map

The night's so crisp
I can hear it strain
It's gonna snap
I'm lost in the streets
The streets of despair and of pain

I almost hear the screams
From a murder book
It could be the dying man
But I'm too scared to look

The hackles rise
And the fear stirs quick
There's a silent pause
And my watch goes... tick

Suddenly a shade
Jumps from a gap
Red eyes, dressed in black
Saying
Do you want to buy a soul map?

The moon disappears
In a thunder clap
And his fingers go snap
He says
Hey you want to buy a soul map?

A thunder crack
In the creeping mist
In a shadows gap
Demon with an offer
An offer that's not be missed

The paper in his hands
It starts to unfold
When I look and see it's the
Very picture of my soul

His lazer eyes
Have a cold like heat
There's a silent pause
And my heart goes... beat

But I shake my head
I know it's a trap
Scared, I turn my back
Saying
I don't want to buy a soul map!

Then I change my mind
He's jumpin' in a crack
And I yell, come back!
I say
Hey I want to buy a soul map!

359. Chromosome

My headlights hit the road sign
Reflected back the light
Caught me in the spotlight
On the western side of night

I was blinded for the moment
I was blinded for the way
I was holding onto to hope
That I could make the day

Motions of the molecules
Are surging on my mind
A thousand waves
Of spinning space
Colliding over time

There's rhythm
In the craziness
there's nothing I can do
They say that it's
A chromosome
It's numbered 22

I heard the ocean whisper
From the mystery of my mind
Yet another memory
Or somewhere near in time

I put some miles between us
And I turned towards the sea
But no matter all the miles I go
I'm trapped with destiny

Over every new horizon
Who knows what it brings
But I know the past is lost
With all those distant things

The sunlight hit the night
And it hit the night at speed
And where it hit the night
The sky began to bleed

360. Senorita

I hunger with the power
My blood is full of flame
The Corrida is like love
How well you play the game

Senorita, Matador
Toro, Toro, see the cape
I am dangerous and clever
I am strong, I will not break

I hunger, roar and rage
The arena loud and full
I drive my horns toward you
The bullfighter and the bull

Oh Senorita dance!
Oh Senorita sing!
Senorita you are the bullfighter
I am the bull within your ring

In your suit of light
Silk and satin style
Enchant me near with eyes
Vain laughter in your smile

Tempt me near and tease me
Place your daggers made of art
Insert your tiny barbs
You will not harm my heart

Pass close and feel you breathe
Your breast moves as you sway
Come play me for the crowd
Ole, Ole, Ole!

I'm not weak, I'm just confused
Don't misjudge your skill
There's power in my charges
As you draw me for the kill

The moment of last truth
Your sword, my heart, a thrust
The bullfighter and the bull
And my blood upon the dust

Flowers to the matador
Someone must lose and win
Today becomes tomorrow
And a new fight will begin

361. With Blood

Well one day on a dark night
Conversation turned strange
The weather turned awkward
And the wind made a change

I sent you a letter
Confessing my love
Words from the heart
I signed them in blood

You weren't too ecstatic
You said
Symptomatic of me
Being a little pathetic
Acting dramatically

Well life is a long road
We've been walking along
Yeah the view is quite nice
But the direction is wrong

Well the world is a globe
Pretty sure they have found
So our road's gonna circle
And just come back around

362. I Ain't Got A Lot Of Time

There's a whole lot of answers
I was hoping to find
I got a lot of questions
But I ain't got a lot of time

We went down to the park
You were holding my hand
Riding the swing
In a roundabout land
The flowers had colours
The birds had to sing
And I wrote you this song
And I gave you a ring

There's a whole lot of answers
I was hoping to find
I got a lot of questions
But I ain't got a lot of time

The sun wanted to set
But I told it to stay
Riding its swing
It was gone for the day
The moon making beams
Came up in the sky
And I held to your hand
For the old by and by

There's a whole lot of answers
I was hoping to find
I got a lot of questions
But I ain't got a lot of time

The gods gave me a lot of questions
But they didn't give me a lot of time

363. Filling It Up

Leaving home
Wiping down the vacuum-shield
Polishing the nose cone
Gonna shine plenty
Just an ordinary day
In twenty-one, twenty
Filling it up
Fuelling it up
My rocket ship
Had my boosters tuned
For a distant moon
For a quick time skip
Mind set on a trip
Wherever you are
Seeing you soon
Flinging you round in
A satellite room
Wherever you are
Circling the light from
A distant star
You got away
I don't know how far
Wherever you are
I'm coming
In my rocket ship
I painted it red
With flames on the side

You're gonna be impressed
It's a pretty fly for a ride
Maxing it out
My credit chip
Spending a penny
It's only money
Doesn't matter how many
Just an ordinary day
In twenty-one, twenty
Filling it up
Fuelling it up
My rocket ship
Maybe you're lonely
Wherever you are
Circling the light from
A distant star
Check out the views
I packed my dance shoes
Filling it up
Fuelling it up
My rocket ship
One last check all around it
You gonna be impressed
Amazed, astounded
You'll love every bit
Doesn't matter how far
Wherever you are
Filling it up
Fuelling it up

364. Any Particular Day

Well Monday is great
 Let's make a date
 Meet on tree avenue
 We could go for a walk
 Get a new point of view
 Say what's on your mind
 Or silence is fine
 I don't feel the need to just talk

And Tuesday I would
 Be in your neighbourhood
 Say why don't we drive
 If there's rain in the sky
 By the honeybee hive
 To somewhere discreet
 Eat something sweet
 If the weatherman says it is fine

Wednesday I like
 We could climb on a bike
 Peddle madly somewhere
 Or some place between
 To the cafe "No Care"
 Just you and me
 Doing two's company
 Cookies, milk, a shot of caffeine

Thursday's so soon
 Let's catch a balloon
 Fly away from the world
 The heat makes everything rise
 Or lick a lollipop swirl
 See a carnival show
 Hit three ducks in a row
 Every child winning a prize

But Friday is near
 We could go for a beer
 Maybe dance to the band
 Drinking bourbon whiskey or wine
 Holding onto your hand
 I got a feeling that fate
 Is about to create
 A sky where our stars will align

This Saturday's free
 Let's go to the sea
 Build a castle for two
 Let the waves on the beach
 Rush on up over you
 They will lick on our toes
 But everyone knows
 It's really just a figure of speech

So Sunday is fine
 It's a favourite of mine
 We could stroll to the church
 Whoa I know it sounds odd
 Let's call it a search
 Find some wedding to see
 Cause you kind of make me
 Want to water my thirst for a god

I'd like to see you
 What do you say
 It doesn't need to be
 On any particular day

Curiously
 Casually
 I'd like to see you
 What do you say

Seriously
 Obviously
 It doesn't need to be
 On any particular day

365. My Office Has No Windows

My office has no windows
So I rarely see the sun
I keep a black jar full of photons
And electrons by the tonne
My office has no windows
So I rarely see the sun
And my friends are all creative
When it's all been said and done

My home was near the black sea
But it was torn by war it seems
So I travelled to this distant land
To ride a wave of dreams

All the people that I meet each day
I wonder why they tick
I wonder why they came here
And what has made them sick

So there's not a lot of data
Behind every truth I tell
It's either art or science
That's gonna make them well

Mr Planc
There's one constant
I'm affected
You know what I'm feeling
It's night in here
It's not right
My rhythms are disconnected
Couldn't I get a sky light
A hole in the ceiling
Something
Anything

366. Tombstone Cowboy

Tumbleweeds ride the wind
 Just like any running man
 Cacti ain't no company
 And the desert is a dead land

So I came to find a wild girl
 And break her in alright
 Lay down with me to sleep
 Gentle on this starry night

Maybe there are bandits
 But I'm ready for the test
 With the colt I ride and the colt I wear
 The gun that won the West

I ride alone
 Nothing goes to plan
 So far to Tombstone
 For me it
 Ain't no boomtown
 Just more poor whiskey
 And one more losing hand
 Love it feels so risky
 And gambling's no joy
 Be trouble
 Just like Nevada, Reno
 Undertaker
 All I hear is
 A wind that sings unrest
 Reminding me
 I'm another doomed
 Tombstone cowboy
 Riding a young palomino
 Packing my
 Peacemaker of the West

Sheriff's daughter holds a tune
 To the bar room pianola
 She's pretty and she knows it
 Because I already told her

Sheriff shines a silver badge
 And a Winchester 44
 But you only got to ride a mile
 Until there is no more law

No creed no code, or justice
 No law, except the colt I ride
 And yes, the colt I wear
 Hanging heavy by my side

I ride alone
 Nothing goes to plan
 So far to Tombstone
 For me it
 Ain't no boomtown
 Just more poor whiskey
 And one more losing hand
 Love it feels so risky
 And gambling's no joy
 Be trouble
 Just like Nevada, Reno
 Undertaker
 All I hear is
 A wind that sings unrest
 Reminding me
 I'm another doomed
 Tombstone cowboy
 Riding a young palomino
 Packing my
 Peacemaker of the West

Now it's Arizona winter, girl
 The weather looks like snow
 Maybe we'd be warmer
 Riding down to Mexico

367. Steal my Soul

The night will be long
The day is not done
The sky sends a storm
The sea takes the sun
Hope hangs on a wish
Take my heart with a look
Steal my soul with a kiss

Time winds a tight chain
A bond that keeps holding
My soul in a boat
Upon a dark sea
A castaway rolling
A castaway rolling

Fate is a god's wind
A higher hope blowing
My mood in a boat
Upon a dark sea
Rushing and slowing
Rushing and slowing

Chance is a mistress
A dice that is falling
Luck guiding my soul
Upon a dark sea
Tempting and calling
Tempting and calling

Hope lights a new day
The future is stalling
My mood is in a boat
Upon a dark sea
Rising and falling
Rising and falling

368. Guilty Dreams

I stand accused of being a dreamer
The judges heavy heart won't weep
"I find you guilty of this misdemeanour
So I sentence you to sleep"

Another day
Rushes up and slows
Awaits another throw away cameo
Another performance
In this big travelling show

Already I'm oversleeping
I'm late for another day
What if I forget my lines?
Who cares what the critics say

My restless heart's untroubled
For it shares my guilty dreams
I'm composing plots and characters
Acting out my crazy schemes

Another day
Rushes up and slows
Awaits another throw away cameo
Another performance
In this big travelling show

I stand accused of being a dreamer
The judges heavy heart won't weep
"I find you guilty of this misdemeanour
So I sentence you to sleep"

I hear the silence of applause
I watch the curtain fall
Goodbye another day
Rushes up and goes
Farewell another throw away cameo
The final performance
In this big travelling show

369. Good Old Memory Lane

I'm putting lots of space
Between your heart and mine
They say that hearts will heal
But it can take a lot of time

Waiting on the station and
The ticket master smiles
He knows that I could journey
For another thousand miles

Travelling light with just my ticket
Just my ticket and your name
Maybe they should call this track
Good old memory lane

Oh there's many silver linings
Behind every clouded dream
For now I ride this silver line
Upon a cloud of steam

My ticket it says somewhere
It might say, Timbuktu
In truth it might be anywhere
That's far away from you

There's a lot of view for thinking
And movement keeps me still
Someone else is driving
There's a lot of time to kill

Maybe the sun will shine today
The cloudy weather clears
Or maybe I could runaway
For another thousand years.

370. Glideway

There's a gloom of violence
Looming in the final echoes
Of the decaying din of silence
It's a light but it won't
Penetrate the shade
It's just another
Prisoner of noise
In the stereo stockade

Yesterday's reversing on
The gravel of the driveway
The slippery slope of time
Takes another endless slide
Only shadows have the speed
To run on memory highway
Hands hold to the wheel
There's no friction on the glideway
No friction on the glideway

A nightmare sleeps in Dreamville
Turning in a slumber
Of a thought that won't be still
It's a fire, but it will not
Warm the embers
It's just another
Hapless victim of
The heart that still remembers

371. Fully Loaded Automatics

There's nothing more frightening
Than
Piranhas in the lap pool
With hungry white smiles
Hang-gliding crocodiles
Doberman preachers
Religious fanatics
Magpies in the high trees
With fully loaded
Automatics

Your eyes are like
Alien ray guns
Melting down steel
It's part fascinating
Part agitating
Explaining to you
The irrational concepts
You make me feel

You smile is so startling
How can I explain
The unusual heartbeats
On my cardiac test

Exploding emotions
This Avian terror
Some Cuckoos have put
Grenades in my nest

There's nothing more frightening
Than
Hippopotami parties
In leopard-skin briefs
Drinking aperitifs
Limbo giraffes
Weird beastly bogans
On a PR campaign
Animal hate as
Political slogans

Your eyes are like
Thieves on a raid
Soundless they steal
It's part fascinating
Part agitating
Explaining to you
The irrational concepts
You make me feel

372. Flowing Down

I'm as simple as a weathervane
Prone to swinging west
From the normal to the strange
I feel the moment not the future
And I can quickly turn
If the winds make change

Silence is an empty well
That captures every sound
Like a river to the valley
Everything is flowing down

I'm tumbling like a falling stone
Get a different view of gravity
Then one you might suppose
It's such a simple truth
The picture's very relative
As everybody knows

I'm a ripple in the turbulence
Vague perturbations in the
Second moments of the motions
Riding aimless on
The restless waves of
Some deep chaotic oceans

373. You Know What I Need

Oh, Baby, Baby, Baby
How I got the urge for speed!
Oh, Baby, Baby, Baby
You know what I need

You can hold my hand
Don't tie my heart
The need is strong
When we're apart

You can tie my hands
Don't hold my heart
Danger's swift
Like a poison dart

Oh, Baby, Baby, Baby
How I got the urge for speed
Oh, Baby, Baby, Baby
You know what I need

You can keep my words
Don't trap my heart
Oh the trouble
We could start

You can trap my words
Don't keep my heart
Danger's sweet
Like a sugar tart

Oh, Baby, Baby, Baby
How I got the urge for speed
Oh, Baby, Baby, Baby
You know what I need

374. Russian Roulette

Bourbon swilling on my ice
So everything is cool
Let's go shooting dice
If you're a gambler, I'm a fool
And it's dark in the casino
Where luck and shadows pool

Everybody's punting on their number
Always coming up
What's the chances baby of a
World so full of luck

But I would dice a roll with you
Chance any win I get
Our luck's about to change
Do you want to make a bet?
Love's a risk we take
Win or lose, Russian Roulette.

Are you game? You want to play?
You want to stay or depart?
Love's gun is loaded
There's no logic, luck's an art
Go on spin the chamber
Take a shot at my heart

375. Money Ain't Time

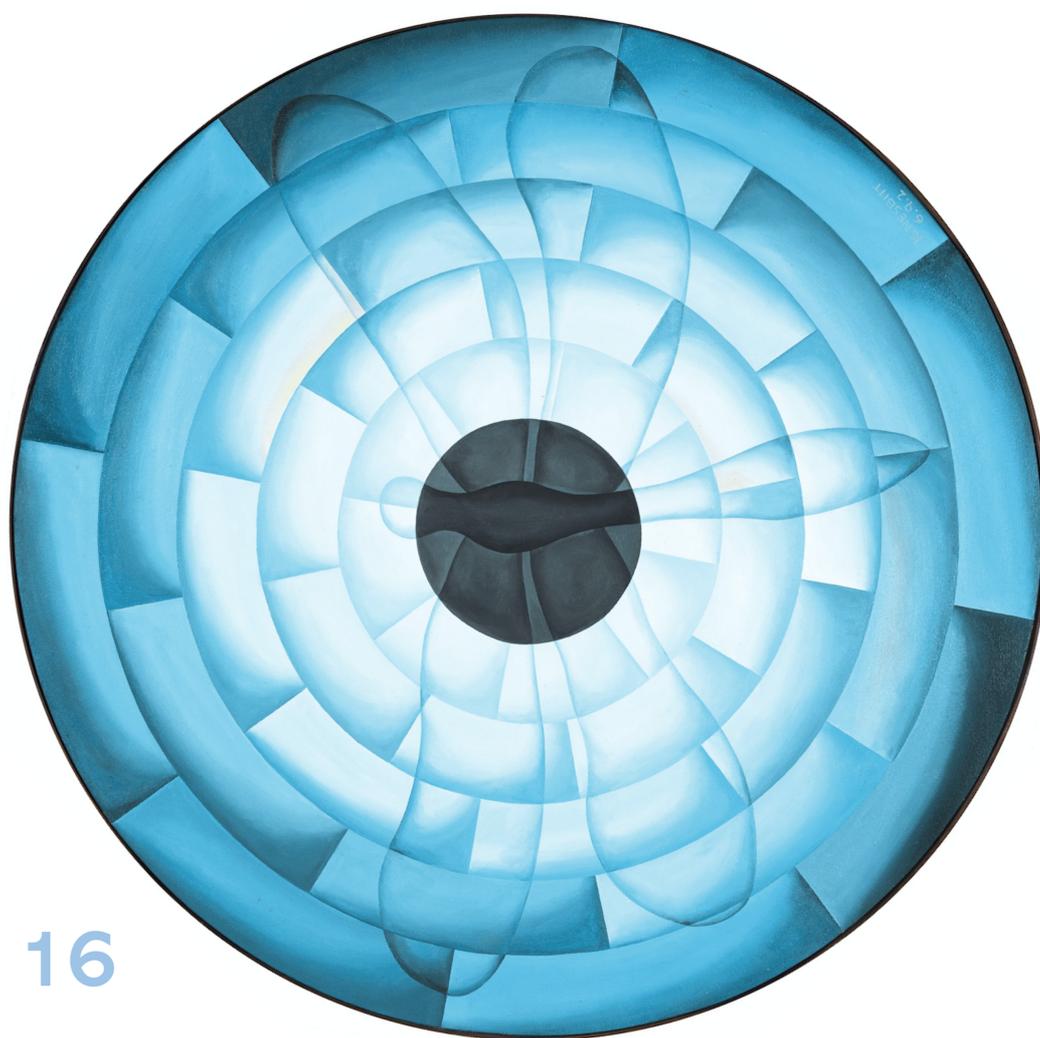

They tell me to worry
They want me to hurry
But I pay it no mind
Isn't it funny
They say time is money
But money ain't time

Out on the road
I was going no place
Everyone rushing
Like they're running a race
And I want to slow down
I just feel the need
Everything seems to
Be just going at speed

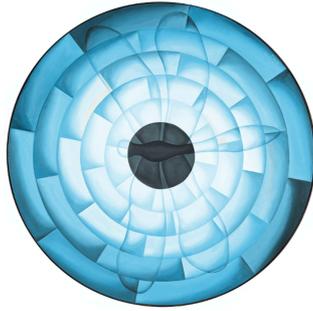

The traffic is noisy
The buildings are high
The wind can't escape
And I can't see the sky
I want to stop turning
Like the old spinning top
Run out of motion
And just ready to drop

Out of the city
And down by the sea
Everything slows
And I get to be me
I may fail to reach high
And never succeed
And nothing gets done
But I don't feel the need

376. Magic In Your Powers

I've been watching the birds fly
To learn the principles of flight
I've been thinking about the day
You took my photograph
You took my photograph
Wrote my picture with the light

I've been trying hard not to believe
We are meant to be
I laughed at fate, but as
You told me about yourself, I thought
You were talking about me

Sneaking up on me
Like a butterfly to the flowers
Sneaking up on me
Like the sunshine after showers
Sneaking up on me
Like there's magic in your powers

I don't want to say the word
It makes this thing take flight
So I never speak of it
Just let my eyes look over you
Write your picture with the light

Anyway I know about the falling
And the sadness of wishing too
And you are all the world away
Still you sneak up on my feelings
Until I think I'm missing you

377. City Of Pity

I was patiently waiting
 As time ever raced
 I was fishing for fortune
 In the Pools of Fool's Waste
 Looking over the rails
 On the Bridge to Tomorrow
 But I saw it was built on
 Foundations of sorrow
 Atop human piers
 Sunk up to their necks
 In the Quicksand of Fears

In the last Flood of Feelings
 The water's are swellin'
 And Time is so stealthy
 And soft in its feet
 It steals like a thief
 While you're simply dwellin'
 On the Mountain of Regret
 In the Valley of Grief

Seeking shelter from
 The Rains of Pain
 The Clouds of Thought
 The Storms of Love
 All alone in the dark
 Of the Caves of Madness
 Fine trickles of hopes
 Become Streams of Dreams
 Flow into a River of Wishes
 Down to the Sea of Sadness

By the sea the city sat
 Concrete, iron, grey and gritty
 Where the lost souls lived
 Down in the City of Pity

I followed the Streets of Chaos
 The Road of Fears
 Through the Alley of Tears
 Down, to the City of Pity
 Went looking for distraction
 In the city so fair
 The major attraction
 That was waiting there
 Was the Fountain of Forgetting
 In the Square of Despair

Lost souls floated quiet
 On the Oceans of Blame
 Aimless and lost
 In the great Swamps of Shame
 Lost souls going cold
 In the dank acid rains
 Getting washed to the gutters
 And the sewers and sinks
 Of the bleak human drains
 Down in the City of Pity

I met a Lady of Fire
 On the Tracks of Desire.
 Daughter of Darkness
 In the City of Pity
 By the Lane of Lost Flames
 Where she gathered love's pain
 To spread out the sands
 In the Deserts of Blame
 I went sifting for mine
 Through the millions of grains.

In the Houses of Leisure
 I tasted the fruits from
 The Banquet of Greed
 In the Apartments of Pleasure
 By the Arcade of Speed
 I ate from the menu
 In the Cafe of Need

But I slept not a wink
 In the Passage of Sleep
 When day dawned so dark
 Where the sunlight don't seep
 Through the Curtains of Loss
 To my Bed of Sad Thought
 Where the day dawned so dark
 As I skipped on the rocks
 Of Yesterday's Park

Though I wrapped them about me
 Bunched up and quilted
 The Flowers of Memory
 Were dying and wilted
 They were plucked out and pruned
 Discarded and jilted
 Tied in a bouquet of wire and rope
 Brown ugly weeds
 In the Garden of Hope

Finding my feet
 My mind left behind
 I ran lightly over
 The Cobbles of Care
 By the Stalls of the Blind
 Near the Tombs of Gloom
 Past the Hope Hookers baiting
 Through the Gates of Last Waiting
 down to the Square of Despair

Down in the Square of Despair
 In the City of Pity.
 Passed the Queue of Pretenders
 By the Booth of Regretting
 Where you use all your gold
 To pay to surrender
 And I drank from the water
 The Fountain of Forgetting
 But that's all I remember
 Down in the City of Pity

Light dawned some how
 I found myself there
 All alone in the Square of Despair
 Hungry in the City of Pity
 But I'm leaving now
 Let the lost children play
 Let the lost lose their way
 Forgot the reasons I need to stay
 Down in the City of Pity

378. Dark Night Of A New Moon

One way
On a fast ride
It's so fast
And too soon
Animated
Like a cartoon
Our hearts collide
Dark night of a new moon

Speed machines
On a freeway
Your body's scent
Like a perfume
My heart soars
The cars zoom
Our worlds collide
Dark night of a new moon

Undressed for
Spring rights
You're pretty like
A flower's bloom
A slow dance
With a fast tune
Our bodies collide
Dark night of a new moon

Danger comes
And time stills
Pulse beats
Like a drum's boom
We're sailboats
In a monsoon
Our ways collide
Dark night of a new moon

379. Busker

God fell on hard times
Or demonic crimes
Collecting stray money
Tossed to their feet
God busked down on the street

Sang a biblical quote
But missed the next note
Then gave me a smile
Looked stoned or just bored
Playing an angelic chord

And the song that is sung
(I don't remember the verses)
Just the reprise
Everything lives
And everything dies
And actions
Speak louder than lies

So I threw down a dime
To insure against time
Then I went back and
I threw back a buck
Thinking I'd buy a little more luck

Don't get me wrong
My faith isn't strong
But for quite an old god
They sang a good song
And really it didn't take long

Though it's not understood
My karma's turned good
The heavens smile down
While the world runs amuck
And I just run with my luck

Luck can change over time
So that thought that's entwined
Maybe I should have given it all
Just emptied my pocket
for a ticket on a heaven-bound rocket

380. Gliding Into Blue

I know the way you feel
The world is all too real
Depress the need for your aggression
Invest the need for your expression
Find a cove of ocean pleasure
Taste the peace of ocean leisure

This advice
All for you
Gliding into blue
Following trails
Buried rails
And the surge of
Water wonder
Folds around

There's a light ahead
That tells of day
I've got to go through
Though I'd like to stay
I'm sure in your arms
Sure of charms
Flying out of blue
There's got to be a better way

I'd like to spell the feeling
All in a simple rhyme
I'd like to tell the feeling
If I had the time

But
This advice
All for you
Sliding into blue
A crystal kind of
Paradise
Sharing warmth of
Summer sunshine
Ease of winter lines
Gliding into blue
Following trails
Buried rails
And the surge of
Water wonder
Folds around

381. Once Upon A Time Hearts

We meet in a fairy tale
Don't you remember?
Everybody knows
That's how the old, old story goes

Our eyes entwine
That's how the story starts
There's two true lovers and they're
Sharing once-upon-a-time hearts

I am your sky-eyed prince - I will slay
A thousand dragons if nothing
Else convinces you to be my
Dark-haired, night-eyed princess

The story seems so sad
One true lover always parts
Why can't we be together
Sharing once-upon-a-time hearts

If we should part just fall asleep
Do not waste your tears
For I shall wake you with my lips
If it takes a hundred years

No journey, no danger
And no evil twisted arts
Nothing here can stop us
Sharing once-upon-a-time hearts

I will come and claim you
And you will be my bride
No spell could so enchant me
To keep me from your side

Our eyes entwine
And now the reader now departs
Leaving two true lovers and they're
Sharing once-upon-a-time hearts

Sharing once-upon-a-time hearts
Sharing once-upon-a-time hearts

Happy ever after
Don't you remember?
Everybody knows
That's how the old, old story goes

382. Southern Waters

The tide plays tug-of-war
With that sweet pacific shore
Have you ever been down?
Have you ever been down?
To those blue, blue, Southern Waters?

I was tied down with the people
It was be bringing me down?
All the dirty nitty gritty
It felt so nice to sail away
Leave the petty circle of the city

Going ever round in sorrow
Working for the money
To buy the food
To get the strength
So I could work tomorrow

Come down here and join us
The bad beasts of the city
We ran before it they caught us
And made our peaceful home
Down in Southern Waters

Well I was in confusion
And losing hope in faith
So feeling life's illusion
Seeking out a sanctuary
A place of safe seclusion

Where time slows to a crawl
Waves collide and fall
Long calling water walls
Will leave those open doors
Falling glass on sandy floors

It's so easy to relax
Forget the foolish facts
Our famous fathers taught us
Find some relaxation
Down in Southern Waters

383. Crazy Girl

Well I had some friends
 Quite a while ago
 I thought I knew them well
 But you can never know for sure
 And how are you to tell

Well some were kind and good
 And some were kind of bad
 But most were like the rest of them
 All I ever knew for sure
 That spark-eyed crazy girl
 Was always the best of them

She loved
 Dinosaurs
 And Uncle Sid
 Teddy Bears
 And Wedding Bells
 Battery Acid eyes

Window Glass
 And Valley Dolls
 White Dust
 And the Pearly Gates
 Angels in the Sky

Crazy Girl
 L-S-D - Long Slow Decline
 O-F-O-M - old friend of mine

Old times moved on
 They made you change
 I couldn't work out why
 Blue Sky stayed a friend of yours
 Our days were passing by

Alice and Chinese Dragons
 Seeing, hearing, feeling things
 Unreal enough to please her
 Seeking something high
 The thing that sparked her eyes
 Was the Purple Haze that frees her

She loved
 Looney Toons
 And Mighty Quinn
 Cherry Dome
 And Crystal Tea
 Kaleidoscope again

Pink Panthers
 Mellow Yellow
 Cupcakes
 And sweet Sugar Cubes
 Superman and Zen

Crazy Girl
 L-S-D - Long Slow Decline
 O-F-O-M - old friend of mine

Crazy Girl well now you're gone
 You're dead and you may rest
 It was crazy for a little while
 But ended sad I guess
 No more moving pictures
 In your crazy head?
 I don't know why they laughed
 I don't know why they smiled
 When the coroner, she said
 That it was quick
 That you had slipped
 On a psychedelic coloured trip
 And your blue blood lips
 And your red shot eyes
 Signified the way you died
 Well perhaps it's best
 For all right now
 That we just let you lie
 Crazy Girl

384. Gunslinger in Black

In the barrooms they drink
And tell you these tales
How they rode the wild trails
And the off beaten track
Oh the red-headed
Irish folk singer
And the gunslinger in black

She moved through the West
With nowhere to belong
A once catholic girl
Travelling the west world
Short skirt, prayer and a song

Your mother told you
Your voice buys you a meal
In your fortune she feels
That every hurt heals
But as your paint peels
And the colour fades faint
You're gonna meet mean men
More likely than saints

She took a job singing
At Saint Elmo saloon
Drunks touched her like a curse
But the owner was worse
A dirty small-minded sleazy tycoon

Well he cheated at cards
Kept his gold in a trunk
And he beat her a bit
Every day he was drunk
Well he said he got rich
From mining the gold
But most tell you his money
Was just money he stole

A rider came wearing darkness
Killed bad men by the score
Eyes that burned slow
Dressed up in midnight, so light
Couldn't catch the speed of his draw

Bound for Colorado county
With a bounty riding out
Of nowhere, into nowhere
Musty saddle for his seat
Lost in his daydream
Riding dusty trailways
In the wind and the rain
The pain of the summer's heat

Maybe he was just tied
Or had ridden too far
He fell for the red haired girl
With a song, sinking whiskey
Getting pretty drunk at the bar

She stared at the stranger
She might have looked too long
The tycoon was drunk when he hit her
For the tone in her love song
Bullet hit him quicker - left that tycoon cold
The gunman and singer left, I am told
With light hearts and heavy saddlebags
Filled up with gold

385. Temperamental Heart

You say again you love me
I feel the truth in the way you smile
It's dark and it's safe to hide
So I will stay a while

You say again that you're sad
I see the truth in the tears in your eyes
It's dark, but my lies you feel
The moments I come to steal
You see a light and a look in my eyes
That is making this love unreal
A light and a look my eyes
No shadows can ever conceal

Now you're thinking
I never loved you
Right from the very start
I would have been yours forever
But for my
Temperamental heart
Now you're thinking of what we lose
As you and me fall apart
We could have stayed together
But for my
Temperamental heart

You say that I'm drifting away
I feel the winds have caught in my wings
There's shelter in your arms again
Wait and see what it brings

Piece all the puzzle together again
Disregard all of the feelings
And disregard all of the cost
You see the question and answer
Still linger a while in my eyes
What of the pieces we've lost?
The question and answer still in my eyes
I hope now that chance is not lost

Now you're thinking
Who do we blame
Did you play your best part
But everything points again
Back to my
Temperamental heart
Now you're thinking if we start again
Would I play a better part
Or I am ruled completely
Oh by my
Temperamental heart

386. Sadder Light

I thought you were a guiding star
But you were like a satellite
Nearing me, closer
Then racing to afar

I thought you'd be a clear sky
Generating blue
But you were a darker night
Than I ever knew

On a road for all my days
The track rewinds and plays
Not sure where it turns
Getting lost inside your maze
I'm confused by all your ways
On a road with no returns
I'll be the last who learns
Lost days at the crossways
On fire with a
Heart that burns

I thought you were a sun to rise
But you were like the end of days
Falling fast, darker
Shadows on my eyes

I thought you'd be a warm breeze
Under my wing
But you were a storm cloud
It's only rain you bring

I thought you'd be like moonlight
A paler white I saw
To lighten every dark night and
The path down to your door

I thought you'd be a rainbow
Colours I could explore
But you were a sadder light
Than I ever saw before

387. Maryjane

Maryjane, help me again
To pass the long, long night
Take away, the troubled day
Make me feel all right
Maryjane, you ease the pain
And take away the fright
I'm OK, when I feel this way
With problems out of sight

Well I saw a lot of people today
Really going nowhere
Well I told a lot of people today
But they didn't seem to care
Got pushed around from place to place
Didn't see a single, smiling, friendly face

Well I laughed a little while today
But my heart was in despair
Well I couldn't take the people today
Their eyes just seem to stare
I would've walked one hundred miles
To see a friendly face in smiles

388. Eye Of A Cyclone

Well I made my home
In the eye of a cyclone
Out in the South Pacific
That's where you were born
A revolving tropical storm

Cyclone warning
On the Queensland coast
Wind howling out
Like an angry ghost
Ocean rising
On the Queensland coast
Better seek shelter
Secure your fishing boats
Cyclone warning
On the Queensland coast

Well, the torrential rains fell down
The rivers got flooded
And some people drowned
Some people drowned in the rivers
Some people drowned in the sea
The ocean
Was the eye of a cyclone
Not the place to be

But I made my home
In the eye of a cyclone
Out in the South Pacific
That's where you were born
A revolving tropical storm

Cyclone warning
On the Queensland coast
Wind howling out
Like an angry ghost
Ocean rising
On the Queensland coast
Better seek shelter
Secure your fishing boats
Cyclone warning
on the Queensland coast

Well, the mighty blue waves rolled in
The beaches got flooded
And some people drowned
Some people drowned in the rivers
Some people drowned in the sea
The ocean
Was the eye of a cyclone
And the place for me

389. On That Magic Stone

Looking through a faded copy
Of a surfing magazine
Look at all the places
Where I have never been

How god I feel so all alone
Got to be on that magic stone
I know, I've found a way to roam
On that magic stone

Higher spaces
Board the spiritual machine
My minds awake, again
I'm travelling
All these places
I have never seen

Soon the sun is coming up
And there's a golden beam
Looking like a page
From a faded surfing magazine

Now I got to travel on back home
Got to stay on that magic stone
All day, and what a way to roam
On that magic stone

Spirit spaces
Into the familiar quiet zone
I found a world unknown
I'm travelling
All these places
On that magic stone

390. Whiskey Jack

Lose a limited war
Everything sees and it saws
Better lock up your doors
Crossing to the other side
I'm coming ashore
I'm coming ashore

Tide ebbing away
Get the here and not now
Light shifts in some way
Darkening my tired eyes
I'm fading away
I'm fading away

Moon tracks
Fate hunts and it jumps
Hits like an ice axe
Just lay back and relax

Kick back
Night is a shade of black
A shadow attack
Stealing like a Whiskey Jack

Wake under spirit skies
The little ghost bird cries
The naked branch sways
Flutters to rapid flight
It's flying away
It's flying away

Hunting the prey
Prowl the alley of night
Land of the never day
You better run, better pray
I'm coming your way
I'm coming your way

391. Long Distance Friend

Feeding twenty word
Pieces of my missing love
To the hungry computing machine
Long distance friend
I've lost my thought
Tell me where you've been

Well, Hi, hello
I know, I know
I've been away too long
Well, goodbye, I go
You know, you know
The feeling's still
Staying so strong

Feeding silly thoughts
Into a satellite line
Staring at the numbers on the screen
Long distance friend
I've lost your voice
Tell me how you've been

Feeding my lost soul
On words from receiver
I might as well be up on the moon
Long distance friend
I've lost my mind
Will I be seeing you soon?

392. Search

Well here is a story
That you all will know well
Do too much wrong
You're gonna wind up in hell

You better get a wife
You better get a life
Better get a car
If you want to go far
Better get a job
You better find a bed
You better get a roof
Over your head

But here's a story
About some people
Who left all that behind
Went on searching
To see what they could find

Set out on a sunny day
Shook of their worries
Took off their shirts
They were on their way
On the search

No one knew
What the search would bring
Looking for a place
Heaven on earth

Well what a way to sail
With the wind and a friend
Find a beginning
Or maybe you'll find the end

You better trim your sail
When you're riding a gale
Better follow a star
If you want to go far
Want to get an island
Want to find a beach
You got to feel the sand
Under your feet

Went all through the day
Looking for peace
That they hoped to find
Yes all through the night
They travelled star blind

All adventure bound
Looking for something
They had a thirst
For a place to be found
On the search

No one knew
What the search would bring
Looking for a place
Heaven on earth

393. Crazy Mad Desire

I can't forget your name
 I'm gonna lose my grip
 I bite my tongue afraid
 I will let your secret slip
 I'm sure they read about you
 Like it's written on my lips

I got something in my blood
 I got a crazy mad desire for your love

I'm singing it to the moon
 Howling like a hound
 Occasionally of course
 When no-one is around
 I whisper out your name
 Just to hear the sound

I got something in my blood
 I got a crazy mad desire for your love
 When my heart beats
 Through the stillness
 I know I've got that illness
 I got something in my blood
 I got a crazy mad desire for your love

I imagine we're alone
 Force me gently to the bed
 Tie my arms down there
 I know you really want me
 I pretend I feel your fingers
 Running through my hair

I got something in my blood
 I got a crazy mad desire for your love

I want to send you roses
 And take you out to dine
 I want to buy you presents
 Hear you say you're mine
 I fantasise that we make love
 Just about all the time

I got something in my blood
 I got a crazy mad desire for your love

When I cannot see you
 It turns my world all sad
 I could shoot a songbird
 It just makes me feel so mad
 I know it's only love
 But girl I got it bad

I got something in my blood
 I got a crazy mad desire for your love
 When my heart beats
 Through the stillness
 I know I've got that illness
 I got something in my blood
 I got a crazy mad desire for your love

Can't that silly bird
 See it's nearly winter
 It's clearly way past spring
 Can't it see that I am sad
 What kind of mean old songbird
 Has got the nerve to sing

I got something in my blood
 I got a crazy mad desire for your love

394. Far Away Look

I was watching the clouds
Sneak up on the land
I was watching the sea
Sneak up on the sand
There was a far away look
In my lover's eyes
Like she was looking beyond
The sea and the sky
I was wondering
What she could see
When I felt an old sadness
Sneak up on me

There's a far away look
In my lover's eye
Like she's thinking of maybe
Saying goodbye
I can't pretend
I get the feeling it ends
Just like a sad story
In a cheap, romantic book
I see a sad ending
In that far away look

I can look on the seas
I can look on the skies
But I can't lose the look
Of those far away eyes

I was watching the clouds
Break over the land
I was watching the sea
Break over the sand
There was a far away look
In my very own eyes
Like I was looking beyond
The sea and the sky
I was wondering
What I could see
When I felt an old sadness
Break over me

395. Surf On The TV Station

Saw the surf
On the TV station
The wind is onshore
It's driving me to frustration

It doesn't really matter
The swell is flat
I've been working all week
Got a pain in my back

So what am I
Supposed to do?
The sun's all shining
But the day's all blue

That's just one more
Worry for the week
Think I'll draw my blinds
Just fall back into sleep
Just fall back into sleep

Sick of watching
The surf on the TV station
No swell coming in again
The weatherman says
Farmers up in the valley
Crying for the need of rain

Saw no rain
On the weather station
No storm is forecast
Darkening the situation

It doesn't really matter
I can rest instead
I've been thinking all week
Got an ache in my head

So what am I
Supposed to do?
The sky grows brighter
And the day stays blue

That's just one more
Worry for this week
Think I'll draw my blinds
Just fall back into sleep
Just fall back into sleep

Just fall back into sleep
Just fall back into sleep
Just fall back into sleep
Just fall back into sleep

396. Country Singer

I know something's wrong
She has found another
She don't want this blue-eyed lover
She is gone

Goodbye my one and only
She has gone and made me lonely
Goodbye my one and only
Goodbye

How can it be?
She's married a country singer
Ain't she sad enough with me?

I know something's wrong
She has found another
She don't want this blue-eyed lover
She is gone

Who would be a country singer's wife?
Nothing could be sadder than
A country singer's life

Their woman takes their love to town
Their dog dies or gets run down
They sing up to the moon
About fate and death and doom
They are chased or hounded
To their very tomb
By the lawman or the land
The only thing that's worse
Are the cards they hold in their hand

I know something's wrong
She has found another
She don't want this blue-eyed lover
She is gone

Goodbye my one and only
She has gone and made me lonely
Goodbye my one and only
Goodbye

How can it be?
She's married a country singer
Ain't she sad enough with me?

I know something's wrong
She has found another
She don't want this blue-eyed lover
She is gone

Who would be a country singer's wife?
Nothing could be sadder than
A country singer's life

Their pub dries up, runs out of beer
They lose the one they most hold dear
They sing, grow old and grey
And so quickly pass away
They are chased or hounded
Until their dying day
By the lawman or the land
The only thing that's worse
Are the cards they hold in their hand

397. Fill My Bowl

I say, "Give me all your love
 Give me everything you've got"
 You say, "That I can't take it
 All your love's a lot"
 I say, "Give me all your love
 Give me everything you've got"
 You say, "That's way too much"
 I tell you, "That it's not"

Come play pussy cat
 We can look
 And we can touch
 Ain't love funny like that
 Sometimes all of it
 Will not be too much

Fill my bowl with love
 Fill it right to the top
 Come fill my bowl with love
 Fill it up till I say, "Stop"

Come play pussy cat
 Scratch me here
 And make it rough
 Ain't love funny like that
 Sometimes all of it
 Is just not enough

I say, "Give me all your love
 Give me everything you've got"
 You say, "That I can't take it
 All your love's a lot"
 I say, "Give me all your love
 Give me everything you've got"
 You say, "That's way too much"
 I tell you, "That it's not"

Oh my pussy cat
 Love got spilt
 All down your dress
 Some tell-tale stains and
 Those bitter remains
 Love sure made a mess

Fill my bowl with love
 Fill it right to the top
 Come fill my bowl with love
 Fill it up till I say, "Stop"

Oh my pussy cat
 Love got spilt
 It made a mess
 Gonna take a bigger man
 Than me to say
 "I was wrong", I guess

398. Ride On Wave Of Magic

What lies in that tunnel?
Hidden forever in a shadow
Moving with the motion
Of water through a funnel

How grows that strange new flower?
Lying aimless in a red sun
Still within the gale
Planted in the tower

Ride on wave of magic
Ride on wave of time
To close your eyes is tragic
To close your eyes is blind
You ride on wave of magic
You ride on wave of time
You ride on a wave of magic
You ride on a wave of time

What lies in each direction?
Arrows which lead away or in
Some that point to danger
Some leading to protection

What lies in each new plane?
Your eye must take her course
Following the visions
To meet like corners on a frame

399. Don't Say No

Your eyes are green
Serene and peaceful
Your hair is long, light
Falling golden strands
Your touch is so gentle
From your hands

Blinds black out
The street, light glare
I swear I read
Your relaxed mind
Inside your
Dream-eyed stare

The sheets are so soft
Down where you lay
The night is here
The night is here
Tell me
Can I stay?

Baby don't say no
I don't want to go
Let me know
Can I stay?
The sheets are soft
Down where you lay

My head will dream
Serene and peaceful
Safer in the shadows
Falling in your room
Shelter from the cold
Wet winds of June

Ease my mind
With just a smile
I will only
Speak in truth
Judge me now
My heart's on trial

400. Teenage Misadventure

With your come-and-get-me smile
And your seen-it-all eyes
With your long, lovely legs
And your brown-skin thighs

I understood what you meant
When you said
You travelled the world
You're a beautiful girl
On a teenage misadventure

And I knew what you meant
When you said
Some words you may deliver
Some are better wrapped and sent
Yesterdays are OK to keep
If you know where they went

With your come-and-get-me smile
And your seen-it-all eyes
With your long, lovely legs
And your brown-skin thighs

I understood what you meant
When you said
You travelled the world
You're a beautiful girl
On a teenage misadventure

Those coloured pills will enhance
your still and distant trance
Your wise and wide-eyed glance
and your wild hypnotic dance

I understood what you meant
When you said
You travelled the world
You're a beautiful girl
On a teenage misadventure

And I knew what you meant
When you said
Some things are better to give
Some things are made to be lent
Somethings you want to keep saving
But money's made to be spent

Those coloured pills will enhance
Your dark and distant trance
Your wise and wide-eyed glance
And your wild hypnotic dance

I understood what you meant
When you said
You travelled the world
You're a beautiful girl
On a teenage misadventure

INDEX - BOOKS 1-40**Volume 1 - Books 1-4 - Songs 1-100**
